BUREAU OF NAVIGATION

LAWS OF THE UNITED STATES RELATING TO NAVIGATION AND THE MERCHANT MARINE.

DEPARTMENT OF COMMERCE AND LABOR,
BUREAU OF NAVIGATION,
Washington, D. C., August 16, 1907.

SIR. The edition of the Navigation Laws for 1907 has been prepared in substantially the same form as the editions of 1895, 1899, and 1903, which proved to be convenient for the use of collectors of customs, shipping commissioners, the masters, owners, and agents of vessels, seamen and others directly interested in vessels, their officers, crews, passengers, and cargo.

As in the three former editions, the effort has been made to include in this volume only laws actually in force. Where sections of the Revised Statutes or other laws have been specifically repealed or amended by subsequent legislation the repealed portions of the law are omitted, and the present, not the original, reading of amended sections is adopted.

The effort has been made to confine the law included in this volume to the navigation law, meaning by that term the law relating to vessels, with which owners, masters, and agents should be acquainted. The line between this law and the customs law is not always clearly defined. The laws directly relating to duties on imports and to invoices are not included in this volume, while those relating to entry, clearance, manifests, and transportation by water have been comprised within its limits. The respective jurisdictions of the Secretary of the Treasury and the Secretary of Commerce and Labor are more clearly defined than when the edition of 1903 was issued.

To reduce the size of the book, some parts and paragraphs formerly published have been omitted. Thus, the part entitled "Slave Trade" is not included, as the evil against which the laws were directed has ceased. The part entitled "Chinese Immigration" is also omitted, as very few vessels carry Chinese immigrants, and for the use of such a special pamphlet is available.

The scheme of arrangement will appear from the table of contents. The law has been divided into large divisions by subjects, called parts, while these parts have been subdivided into headed paragraphs.

For further convenience of reference is published a table of laws, giving the sections of the Revised Statutes and subsequent laws which have been included in this compilation, the date of enactment and amendment, together with the page of this compilation on which they may be found. The table of laws may be found at the end of the volume, together with the usual alphabetical index. A marginal reference gives the number of the section of the Revised Statutes included in each paragraph, or the date and section of the act, if enacted subsequent to the Revised Statutes, with the date of amendatory acts which have been incorporated, if practicable, in the paragraph. Where reference is made in a paragraph to a title or chapter of the Revised Statutes the numbers of the sections comprised in such title or chapter have been printed in brackets. Reference to the table of laws, at the end of the volume, will show which of those sections have been included in this volume as pertinent or in force, and will also show the page where they may be found. Fees, payable by the masters and owners of vessels of the United States, were in most instances abolished in 1886 and 1890, and accordingly the statutes imposing such fees are not retained in this compilation, though they furnish a basis on which officers are compensated from the Treasury for services.

Respectfully,

EUGENE TYLER CHAMBERLAIN,
Commissioner.

TO HON. OSCAR S. STRAUS,
Secretary of Commerce and Labor.

1. Definition of vessel

The word "vessel" includes every description of water-craft or other artificial contrivance used or capable of being used as a means of transportation on water. R S, 3.

2 Vessels of the United States.

Vessels registered pursuant to law and no others, except such as shall be duly qualified according to law for carrying on the coasting or fishing trade, shall be deemed vessels of the United States, and entitled to the benefits and privileges appertaining to such vessels; but no such vessel shall enjoy such benefits and privileges longer than it shall continue to be wholly owned by a citizen or citizens of the United States or a corporation created under the laws of any of the States thereof, and be commanded by a citizen of the United States. And all the officers of vessels of the United States who shall have charge of a watch, including pilots, shall in all cases be citizens of the United States. [See also qualifications of officers, page 53] R S, 4131
May 23, 1896

No vessel which has been recorded or registered as an American vessel of the United States, pursuant to law, and which was licensed or otherwise authorized to sail under a foreign flag, and to have the protection of any foreign government during the existence of the rebellion, shall be deemed or registered as a vessel of the United States, or shall have the rights and privileges of vessels of the United States, except under provisions of law especially authorizing such registry. R S., 4135

3 Registered vessels.

Vessels built within the United States, and belonging wholly to citizens thereof, and vessels which may be captured in war by citizens of the United States, and lawfully condemned as prize, or which may be adjudged to be forfeited for a breach of the laws of the United States, being wholly owned by citizens, and no others, may be registered as directed in this title [R. S., 4131-4305]. R S, 4132

R S, 4105
 Mar 3, 1897
 Sec. 10

A vessel registered pursuant to law, which by sale has become the property of a foreigner, shall be entitled to a new register upon afterwards becoming American property, unless it has been enlarged or undergone change in build outside of the United States.

4 Whaling vessels.

R S, 4339

All vessels which may clear with registers for the purpose of engaging in the whale fishery shall be deemed to have lawful and sufficient papers for such voyages, securing the privileges and rights of registered vessels, and the privileges and exemptions of vessels enrolled and licensed for the fisheries.

5 Enrolled and licensed vessels

R S, 4311

Vessels of twenty tons and upward, enrolled in pursuance of this Title [R S, 4311—4390], and having a license in force, or vessels of less than twenty tons, which, although not enrolled, have a license in force, as required by this Title, and no others, shall be deemed vessels of the United States entitled to the privileges of vessels employed in the coasting-trade or fisheries

R S, 4316

Any steamboat employed or intended to be employed only in a river or bay of the United States, owned wholly or in part by an alien resident within the United States, may be enrolled and licensed, as if the same belonged to a citizen of the United States, subject to all the provisions of this Title [R. S., 4311—4390], except that, in such case, no oath shall be required that the boat belongs to a citizen of the United States

R. S., 4317

Such resident alien, owner of any steamboat, upon application for enrollment or license, shall give bond to the collector of the district, for the use of the United States, in the penalty of one thousand dollars, with sufficient surety, conditioned that the boat shall not be employed in other waters than the rivers and bays of the United States.

R S, 4313.

Any vessel of the United States, navigating the waters on the northern, northeastern, and northwestern frontiers, otherwise than by sea, shall be enrolled and licensed in such form as other vessels; such enrollment and license shall authorize any such vessel to be employed either in the coasting or foreign trade on such frontiers, and no certificate of registry shall be required for vessels so employed. Such vessel shall be, in every other respect, liable to the regulations and penalties relating to registered and licensed vessels.

6 Licensed vessels under twenty tons.

R. S., 4331.

Before any vessel, of the burden of five tons, and less than twenty tons, shall be licensed, the same measurement shall be made of such vessel, and the same provisions observed relative thereto, as are to be observed in case of

measuring vessels to be registered or enrolled; but in all cases, where such vessel or any other licensed vessel shall have been once measured, it shall not be necessary to measure such vessel anew, for the purpose of obtaining another enrollment or license, unless such vessel shall have undergone some alteration as to her burden, subsequent to the time of her former license.

7 Undocumented vessels

The act [R. S., 4311-4385] to which this is a supplement shall not be so construed as to extend the provisions of the said act to canal boats or boats employed on the internal waters or canals of any State; and all such boats, excepting only such as are provided with sails or propelling machinery of their own adapted to lake or coastwise navigation, and excepting such as are employed in trade with the Canadas, shall be exempt from the provisions of the said act, and from the payment of all customs and other fees under any act of Congress

Apr 18, 1874

The provisions of title fifty [R. S., 4311-4390] of the Revised Statutes of the United States shall not be so construed as to require the payment of any fee or charge for the enrolling or licensing of vessels, built in the United States and owned by citizens thereof, not propelled by sail or by internal motive power of their own, and not in any case carrying passengers, whether navigating the internal waters of a State or the navigable waters of the United States, and not engaged in trade with contiguous foreign territory, nor shall this or any existing law be construed to require the enrolling, registering or licensing of any flat boat, barge or like craft for the carriage of freight, not propelled by sail or by internal motive power of its own, on the rivers or lakes of the United States

June 30, 1879

June 19, 1886

Nothing in this Title [R. S., 4311-4390] shall be construed to extend to any boat or lighter not being masted, or if masted and not decked, employed in the harbor of any town or city.

R. S., 4385.

8. Yachts.

The Secretary of Commerce and Labor may cause yachts used and employed exclusively as pleasure vessels or designed as models of naval architecture, if built and owned in compliance with the provisions of sections forty-one hundred and thirty-three to forty-one hundred and thirty-five, to be licensed on terms which will authorize them to proceed from port to port of the United States, and by sea to foreign ports, without entering or clearing at the custom-house, such license shall be in such form as the Secretary of Commerce and Labor may prescribe. Such vessels, so enrolled and licensed, shall not be allowed to transport merchandise or carry passengers for pay. Such vessels shall have their name and port placed on some conspicuous portion of their hulls. Such vessels shall, in

States if she have not her proper official number legally carved or permanently marked

10. Name of vessel

The name of every documented vessel of the United States shall be marked upon each bow and upon the stern, and the home port shall also be marked upon the stern. These names shall be painted or gilded, or consist of cut or carved or cast roman letters in light color, on a dark ground, or in a dark color on a light ground, secured in place, and to be distinctly visible. The smallest letters used shall not be less in size than four inches. If any such vessel shall be found without these names being so marked the owner or owners shall be liable to a penalty of ten dollars for each name omitted. The word "port," as used, in section forty-one hundred and seventy-eight shall be construed to mean either the port where the vessel is registered or enrolled, or the place in the same district where the vessel was built or where one or more of the owners reside.

| 18. Water ballast | 25. Vessels exempt from measurement. |
| 19. Net tonnage | 26. Measurement of foreign vessels |

13. Measurement.

Before any vessel shall be registered, she shall be measured by a surveyor, if there be one, or by the person he shall appoint, at the port or place where the vessel may be, and if there be none, by such person as the collector of the district within which she may be shall appoint. But in all cases where a vessel has before been registered as a vessel of the United States, it shall not be necessary to measure her anew, for the purpose of obtaining another register; unless such vessel has undergone some alteration as to her burden, subsequent to the time of her former registry. R S., 4148.

The officer or person by whom such measurement is made shall, for the information of and as a voucher to the officer by whom the registry is to be made, grant a certificate, specifying the build of the vessel, her number of decks and masts, her length, breadth, depth, the number of tons she measures, and such other particulars as are usually descriptive of the identity of a vessel, and that her name, and the place to which she belongs, are painted on her stern in manner required by this Title [R. S., 4131-4305]; which certificate shall be countersigned by an owner, or by the master of such vessel, or by some other person who shall attend her admeasurement, on behalf of her owner or owners, in testimony of the truth of the particulars therein contained; without which the certificate shall not be valid. R S., 4149.

The registry of every vessel shall express her length and breadth, together with her depth and the height under the third or spar deck, which shall be ascertained in the following manner. The tonnage deck, in vessels having three or more decks to the hull, shall be the second deck from below; in all other cases the upper deck of the hull is to be the tonnage-deck. The length from the fore part of the outer planking on the side of the stem to the after R S., 4150

part of the main stern-post of screw-steamers, and to the after part of the rudder-post of all other vessels measured on the top of the tonnage-deck, shall be accounted the vessel's length. The breadth of the broadest part on the outside of the vessel shall be accounted the vessel's breadth of beam. A measure from the under side of the tonnage-deck plank, amidships, to the ceiling of the hold, (average thickness,) shall be accounted the depth of hold. If the vessel has a third deck, then the height from the top of the tonnage-deck plank to the under side of the upper-deck plank shall be accounted as the height under the spar-deck. All measurement to be taken in feet and fractions of feet; and all fractions of feet shall be expressed in decimals.

R S, 4151 No part of any vessel shall be required by the preceding section to be measured or registered for tonnage that is used for cabins or state-rooms, and constructed entirely above the first deck, which is not a deck to the hull.

14 Gross tonnage.

R S, 4153 The register tonnage of every vessel built within the United States or owned by a citizen or citizens thereof shall be her entire internal cubical capacity in tons of one hundred cubic feet each, to be ascertained as follows: Measure the length of the vessel in a straight line along the upper side of the tonnage-deck, from the inside of the inner plank, average thickness, at the side of the stem to the inside of the plank on the stern-timbers, average thickness, deducting from this length what is due to the rake of the bow in the thickness of the deck, and what is due to the rake of the stern-timber in the thickness of the deck, and also what is due to the rake of the stern-timber in one-third of the round of the beam; divide the length so taken into the number of equal parts required by the following table, according to the class in such table to which the vessel belongs:

Class one Vessels of which the tonnage length according to the above measurement is fifty feet or under, into six equal parts.

Class two. Vessels of which the tonnage length according to the above measurement is above fifty feet and not exceeding one hundred feet: into eight equal parts.

Class three. Vessels of which the tonnage length according to the above measurement is above one hundred feet, and not exceeding one hundred and fifty feet: into ten equal parts.

Class four. Vessels of which the tonnage length according to the above measurement is above one hundred and fifty feet, and not exceeding two hundred feet: into twelve equal parts.

Class five. Vessels of which the tonnage length according to the above measurement is above two hundred feet, and not exceeding two hundred and fifty feet: into fourteen equal parts.

Class six. Vessels of which the tonnage length according to the above measurement is above two hundred and fifty feet: into sixteen equal parts.

Then, the hold being sufficiently cleared to admit of the required depths and breadths being properly taken, find the transverse area of such vessel at each point of division of the length as follows:

Measure the depth at each point of division from a point at a distance of one-third of the round of the beam below such deck; or, in case of a break, below a line stretched in continuation thereof, to the upper side of the floor-timber, at the inside of the lumber-strake, after deducting the average thickness of the ceiling, which is between the bilge-planks and lumber-strake; then, if the depth at the midship division of the length do not exceed sixteen feet, divide each depth into four equal parts; then measure the inside horizontal breadth, at each of the three points of division, and also at the upper and lower points of the depth, extending each measurement to the average thickness of that part of the ceiling which is between the points of measurement; number these breadths from above, numbering the upper breadth one, and so on down to the lowest breadth; multiply the second and fourth by four, and the third by two, add these products together, and to the sum add the first breadth and the last, or fifth; multiply the quantity thus obtained by one-third of the common interval between the breadths, and the product shall be deemed the transverse area; but if the midship depth exceed sixteen feet, divide each depth into six equal parts, instead of four, and measure as before directed, the horizontal breadths at the five points of division, and also at the upper and lower points of the depth; number them from above as before, multiply the second, fourth, and sixth by four, and the third and fifth by two; add these products together, and to the sum add the first breadth and the last, or seventh; multiply the quantities thus obtained by one-third of the common interval between the breadths, and the product shall be deemed the transverse area.

Having thus ascertained the transverse area at each point of division of the length of the vessel, as required above, proceed to ascertain the register tonnage of the vessel in the following manner:

Number the areas successively one, two, three, and so forth, number one being at the extreme limit of the length at the bow, and the last number at the extreme limit of the length at the stern; then, whether the length be divided according to the table into six or sixteen parts, as in classes one and six, or any intermediate number, as in classes two, three, four, and five, multiply the second, and every even-numbered area by four, and the third, and every odd-numbered area, except the first and last, by two; add these products together, and to the sum add the

first and last if they yield anything; multiply the quantities thus obtained by one-third of the common interval between the areas, and the product will be the cubical contents of the space under the tonnage-deck; divide this product by one hundred, and the quotient, being the tonnage under the tonnage-deck, shall be deemed to be the register tonnage of the vessel subject to the additions hereinafter mentioned.

15. Deck-houses, breaks, etc

R S, 4158
Mar 2, 1895
Sec 1 (h)

If there be a break, a poop, or any other permanent closed-in space on the upper deck, available for cargo, or stores, or for the berthing or accommodation of passengers or crew, the tonnage of that space shall be ascertained as follows and added to the gross tonnage:

Measure the internal mean length of such space in feet, and divide it into an even number of equal parts of which the distance asunder shall be most nearly equal to those into which the length of the tonnage-deck has been divided; measure at the middle of its height the inside breadths; namely, one at each end and at each of the points of division, numbering them successively one, two, three, and so forth; then to the sum of the end breadths add four times the sum of the even-numbered breadths and twice the sum of the odd-numbered breadths, except the first and last, and multiply the whole sum by one-third of the common interval between the breadths; the product will give the mean horizontal area of such space; then measure the mean height between the planks of the decks, and multiply by it the mean horizontal area; divide the product by one hundred, and the quotient shall be deemed to be the tonnage of such space, and shall be added to the tonnage under the tonnage-decks, ascertained as aforesaid: *Provided*, That nothing shall be added to the gross tonnage for any sheltered space above the upper deck which is under cover and open to the weather; that is, not inclosed.

16. Between-decks.

R. S., 4158.

If a vessel has a third deck, or spar deck, the tonnage of the space between it and the tonnage-deck shall be ascertained as follows:

Measure in feet the inside length of the space, at the middle of its height, from the plank at the side of the stem to the plank on the timbers at the stern, and divide the length into the same number of equal parts into which the length of the tonnage-deck is divided; measure, also at the middle of its height, the inside breadth of the space at each of the points of division, also the breadth of the stem and the breadth at the stern; number them successively one, two, three, and so forth, commencing at the stem; multiply the second, and all other even-numbered breadths, by four, and the third, and all the other odd-numbered breadths, except the first and last, by two; to

the sum of these products add the first and last breadths, multiply the whole sum by one-third of the common interval between the breadths, and the result will give, in superficial feet, the mean horizontal area of such space; measure the mean height between the plank of the two decks, and multiply by it the mean horizontal area, and the product will be the cubical contents of the space; divide this product by one hundred, and the quotient shall be deemed to be the tonnage of such space, and shall be added to the other tonnage of the vessel ascertained as above directed. And if the vessel has more than three decks, the tonnage of each space between decks, above the tonnage-deck, shall be severally ascertained in the manner above described, and shall be added to the tonnage of the vessel, ascertained as above directed.

17. Open vessels.

In ascertaining the tonnage of open vessels the upper edge of the upper strake is to form the boundary-line of measurement, and the depth shall be taken from an athwartship line, extending from the upper edge of such strake at each division of the length

R S, 4153

18. Water ballast

In the case of a ship constructed with a double bottom for water ballast, if the space between the inner and outer plating thereof is certified by the collector to be not available for the carriage of cargo, stores, or fuel, then the depth of the vessel shall be taken to be the upper side of the inner plating of the double bottom, and that upper side shall for the purposes of measurement be deemed to represent the floor timber.

19. Net tonnage.

From the gross tonnage of every vessel of the United States there shall be deducted—

20. Crew accommodations.

(a) The tonnage of the spaces or compartments occupied by or appropriated to the use of the crew of the vessel. Every place appropriated to the crew of the vessel shall have a space of not less than seventy-two cubic feet and not less than twelve superficial feet, measured on the deck or floor of that place, for each seaman or apprentice lodged therein. The provisions of this Act requiring a crew space of seventy-two cubic feet per man shall apply only to vessels the construction of which shall be begun after June thirtieth, eighteen hundred and ninety-five. Such place shall be securely constructed, properly lighted, drained, and ventilated, properly protected from weather and sea, and as far as practicable properly shut off and protected from the effluvium of cargo or bilge water; and failure to comply with this provision shall subject the owner to a penalty of five hundred dollars. Every place

Mar 2, 1895

so occupied shall be kept free from goods or stores of any kind not being the personal property of the crew in use during the voyage; and if any such place is not so kept free the master shall forfeit and pay to each seaman or apprentice lodged in that place the sum of fifty cents a day for each day during which any goods or stores as aforesaid are kept or stored in the place after complaint has been made to him by any two or more of the seamen so lodged. No deduction from tonnage as aforesaid shall be made unless there is permanently cut in a beam and over the doorway of every such place the number of men it is allowed to accommodate with these words, "Certified to accommodate — seamen."

Mar 3, 1897
Sec 2

Every place appropriated to the crew of a seagoing vessel of the United States, except a fishing vessel, yacht, a pilot boat, and all vessels under two hundred tons register, shall have a space of not less than seventy-two cubic feet and not less than twelve square feet measured on the deck or floor of that place for each seaman or apprentice lodged therein: *Provided*, That any such seagoing sailing vessel, built or rebuilt after June thirtieth, eighteen hundred and ninety-eight, shall have a space of not less than one hundred cubic feet and not less than sixteen square feet measured on the deck or floor of that space for each seaman or apprentice lodged therein. Such place shall be securely constructed, properly lighted, drained, heated and ventilated, properly protected from weather and sea, and, as far as practicable, properly shut off and protected from the effluvium of cargo or bilge water.

Fishing vessels, yachts, and pilot boats are hereby exempted from the provisions of section one of chapter one hundred and seventy-three of the laws of eighteen hundred and ninety-five, entitled "An Act to amend section one of chapter three hundred and ninety-eight of the laws of eighteen hundred and eighty-two, entitled 'An Act to provide for deductions from the gross tonnage of vessels of the United States,'" so far as said section prescribes the amount of space which shall be appropriated to the crew and provides that said space shall be kept free from goods or stores not being the personal property of the crew in use during the voyage.

Every steamboat of the United States plying upon the Mississippi River or its tributaries shall furnish an appropriate place for the crew, which shall conform to the requirements of this section so far as they shall be applicable thereto by providing sleeping room in the engine room of the steamboats properly protected from the cold, winds, and rain by means of suitable awnings or screens on either side of the guards or sides and forward, reaching from the boiler deck to the lower or main deck, under the direction and approval of the Supervising Inspector-General of Steam Vessels, and shall be properly heated.

Any failure to comply with this section shall subject the owner or owners to a penalty of five hundred dollars.

21. Deductions for other purposes.

(b) Any space exclusively for the use of the master certified by the collector to be reasonable in extent and properly constructed, and the words "Certified for the accommodation of master" to be permanently cut in a beam and over the door of such space. Mar 2, 1895

(c) Any space used exclusively for the working of the helm, the capstan, and the anchor gear, or for keeping the charts, signals, and other instruments of navigation and boatswain's stores, and the words "Certified for steering gear," or "Certified for boatswain's stores," or "Certified chart house," as the case may be, to be permanently cut in the beam and over the doorway of each of such spaces.

(d) The space occupied by the donkey engine and boiler, if connected with the main pumps of the ship.

(e) In the case of a ship propelled wholly by sails any space, not exceeding two and one-half per centum of the gross tonnage, used exclusively for storage of sails. *Provided*, That spaces deducted shall be certified by the collector to be reasonable in extent and properly and efficiently constructed for the purposes for which they are intended, and the words "Certified for storage of sails" to be cut on the beam and over the doorway of such space.

22 Deductions for propelling power.

(f) In the case of a ship propelled by steam or other power requiring engine room, a deduction for the space occupied by the propelling power shall be made, as follows. Mar 2, 1895

In ships propelled by paddle wheels in which the tonnage of the space occupied by and necessary for the proper working of the boilers and machinery is above twenty per centum and under thirty per centum of the gross tonnage, the deduction shall be thirty-seven per centum of the gross tonnage; and in ships propelled by screws in which the tonnage of the space is above thirteen per centum and under twenty per centum of the gross tonnage, the deduction shall be thirty-two per centum of the gross tonnage. In the case of screw steamers the contents of the trunk shaft shall be deemed spaces necessary for the proper working of the machinery.

(g) In the case of other vessels in which the actual space occupied by the propelling machinery amounts in the case of paddle vessels to twenty per centum or under and in the case of screw vessels to thirteen per centum or under of the gross tonnage of the ship, the deduction shall consist in the case of paddle vessels of once and a half the tonnage of the actual machinery space and in the case of screw vessels of once and three-fourths the tonnage of the

actual machinery space But if the actual machinery space is so large as to amount in the case of paddle vessels to thirty per centum or above, and in the case of screw vessels to twenty per centum or above of the gross tonnage of the ship, the deduction shall consist of thirty-seven per centum of the gross tonnage of the ship in the case of a paddle vessel and thirty-two per centum of the gross tonnage in the case of a screw vessel; or if the owner prefers there shall be deducted from the gross tonnage of the vessel the tonnage of the space or spaces actually occupied by or required to be inclosed for the proper working of the boilers and machinery, including the trunk shaft or alley in screw steamers, with the addition in the case of vessels propelled with paddle wheels of fifty per centum, and in the case of vessels propelled by screws of seventy-five per centum of the tonnage of such space

(1) On a request in writing to the Commissioner of Navigation by the owners of a ship the tonnage of such portion of the space or spaces above the crown of the engine room and above the upper deck as is framed in for the machinery or for the admission of light and air and not required to be added to gross tonnage shall, for the purpose of ascertaining the tonnage of the space occupied by the propelling power, be added to the tonnage of the engine space; but it shall then be included in the gross tonnage; such space or spaces must be reasonable in extent, safe, and seaworthy, and can not be used for any purpose other than the machinery or for the admission of light and air to the machinery or boilers of the ship.

Aug 5, 1882 The register or other official certificate of the tonnage or nationality of a vessel of the United States, in addition to what is now required by law to be expressed therein, shall state separately the deductions made from the gross tonnage, and shall also state the net or register tonnage of the vessel.

But the outstanding registers or enrollments of vessels of the United States shall not be rendered void by the addition of such new statement of her tonnage, unless voluntarily surrendered; but the same may be added to the outstanding document or by an appendix thereto, with a certificate of a collector of customs that the original estimate of tonnage is amended.

In every vessel documented as a vessel of the United States the number denoting her net tonnage shall be deeply carved or otherwise permanently marked on her main beam, and shall be so continued; and if the number at any time cease to be continued such vessel shall be subject to a fine of thirty dollars on every arrival in a port of the United States if she have not her tonnage number legally carved or permanently marked.

27. Carpenter's certificate

In order to the registry of any vessel built within the United States, it shall be necessary to produce a certificate, under the hand of the principal or master carpenter, by whom or under whose direction the vessel has been built, testifying that she was built by him or under his direction, and specifying the place where, the time when, and the person for whom, and describing her build, number of decks and masts, length, breadth, depth, tonnage, and such other circumstances as are usually descriptive of the identity of a vessel, which certificate shall be sufficient to authorize the removal of a new vessel from the district where she may be built to another district in the same or an adjoining State, where the owner actually resides, provided it be with ballast only. R S, 4147

28. Oath of owner.

In order to the registry of any vessel, an oath shall be taken and subscribed by the owner, or by one of the owners thereof, before the officer authorized to make such registry, declaring, according to the best of the knowledge and belief of the person so swearing, the name of such vessel, her burden, the place where she was built, if built within the United States, and the year in which she was R S, 4142.

built; or that she has been captured in war, specifying the time, by a citizen of the United States, and lawfully condemned as prize, producing a copy of the sentence of condemnation, authenticated in the usual forms; or that she has been adjudged to be forfeited for a breach of the laws of the United States, producing a like copy of the adjudication of forfeiture; and declaring his name and place of abode, and if he be the sole owner of the vessel, that such is the case; or if there be another owner, that there is such other owner, specifying his name and place of abode, and that he is a citizen of the United States, and specifying the proportion belonging to each owner; and where an owner resides in a foreign country, in the capacity of a consul of the United States, or as an agent for and a partner in a house or copartnership consisting of citizens of the United States, actually carrying on trade within the United States, that such is the case, that the person so swearing is a citizen of the United States, and that there is no subject or citizen of any foreign prince or state, directly or indirectly, by way of trust, confidence, or otherwise, interested in such vessel, or in the profits or issues thereof; and that the master thereof is a citizen, naming the master, and stating the means whereby or manner in which he is a citizen.

R. S., 4143

If any of the matters of fact alleged in the oath taken by an owner to obtain the registry of any vessel, which within the knowledge of the party so swearing are not true, there shall be a forfeiture of the vessel, together with her tackle, apparel, and furniture, in respect to which the oath shall have been made, or of the value thereof, to be recovered, with the costs of suit, of the person by whom the oath was made.

29. Master's oath of citizenship.

R. S., 4144.

If the master of a vessel is within the district where a registry thereof is to be made, when application is made for registering the same, he shall himself, instead of the owner, or of the agent or attorney, as hereinafter mentioned, make oath touching his being a citizen, and the means whereby or manner in which he is a citizen; in which case, if the master shall knowingly swear to anything untrue, no forfeiture of the vessel, on account of such false oath, shall be incurred, but the master shall be liable to a penalty of one thousand dollars.

30. Place of registry.

R. S., 4141.

Every vessel, except as is hereinafter provided, shall be registered by the collector of that collection district which includes the port to which such vessel shall belong at the time of her registry; which port shall be deemed to be that at or nearest to which the owner, if there be but one, or, if more than one, the husband or acting and managing owner of such vessel, usually resides,

Whenever any citizen of the United States purchases or becomes owner of any vessel entitled to be registered, such vessel being within any district other than the one in which he usually resides, such vessel shall be entitled to be registered by the collector of the district where she may be, at the time of his becoming owner thereof, upon his complying with the provisions hereinbefore prescribed, in order to the registry of vessels. And the oath which is required to be taken may, at the option of such owner, be taken either before the collector of the district comprehending the port to which such vessel may belong, or before the collector of the district within which such vessel may be, either of whom is hereby empowered to administer such oath. R S, 4159

Whenever any vessel, registered in pursuance of the provisions of the preceding section, shall arrive within the district comprehending the port to which she belongs, the certificate of registry, so obtained, shall be delivered up to the collector of such district, who upon the requisites of this Title [R. S., 4131-4305] in order to the registry of vessels, being complied with, shall grant a new one in lieu of the first. The certificate so delivered up shall forthwith be returned by the collector who receives the same, to the collector who granted it. If the first-mentioned certificate of registry is not delivered up, as above directed, the owner and the master of such vessel, at the time of her arrival within the district comprehending the port to which she may belong, shall severally be liable to a penalty of one hundred dollars, and the certificate of registry shall be thenceforth void. R S, 4160.

Whenever any vessel entitled to be registered is purchased by an agent or attorney for or on account of a citizen of the United States, such vessel being in a district of the United States more than fifty miles distant, taking the nearest usual route by land, from the one comprehending the port to which, by virtue of such purchase, and by force of this Title [R. S., 4131-4305], such vessel ought to be deemed to belong, it shall be lawful for the collector of the district where such vessel may be, and he is hereby required upon the application of such agent or attorney, to proceed to the registering of the vessel, the agent or attorney first complying, on behalf and in the stead of the owner thereof, with the requisites prescribed by this Title in order to the registry of vessels, except that, in the oath taken by the agent or attorney, instead of swearing that he is owner or an owner of such vessel, he shall swear that he is agent or attorney for the owner thereof, and that he has, in good faith, purchased the vessel for the person whom he names and describes as the owner thereof. R S, 4161.

Whenever any vessel registered in pursuance of the provisions of the preceding section, shall arrive within the district comprehending the port to which she belongs, the R. S., 4162

certificate of registry so obtained shall be delivered up to the collector of such district, who, upon the requirements of this Title [R. S., 4131-4305] in order to the registry of vessels being complied with, shall grant a new one in lieu of the first. The certificate, so delivered up, shall forthwith be returned to the collector, who shall transmit the same to the collector who granted it. If the first-mentioned certificate of registry is not delivered up, as above directed, the owner and the master of such vessel, at the time of her arrival within the district comprehending the port to which she may belong, shall severally be liable to a penalty of one hundred dollars, and the certificate of registry shall be thenceforth void.

R. S., 4163

If any of the matters of fact alleged in the oath taken by an agent or attorney to obtain the registry of a vessel which are within the knowledge of the party so swearing, are not true, there shall be a forfeiture of vessel, together with her tackle, apparel, and furniture, in respect to which the same was made, or of the value thereof, to be recovered, with costs of suit, of the person by whom such oath was made.

31. Form of register.

R. S., 4165

When the several matters hereinbefore required, in order to the registering of any vessel, have been complied with, the collector of the district comprehending the port to which she belongs shall make and keep in some proper book a registry thereof, and shall grant a certificate of such registry, as nearly as may be, in the form following:

In pursuance of chapter one, Title XLVIII, "REGULATION OF COMMERCE AND NAVIGATION," of the Revised Statutes of the United States, (inserting here the name, occupation, and place of abode of the person by whom the oath was made), having taken and subscribed the oath required by law, and having sworn that he (or she, and if more than one owner, adding the words, "together with," and the name or names, occupation or occupations, place or places of abode, of the owner or owners, and the part or proportion of such vessel belonging to each owner) is (or are) the only owner (or owners) of the vessel called the (inserting here her name), of (inserting here the port to which she may belong), whereof (inserting here the name of the master) is at present master, and is a citizen of the United States, and that the said vessel was (inserting here when and where built), and (inserting here the name and office, if any, of the person by whom she shall have been surveyed or measured) having certified that the said vessel has (inserting here the number of decks) and (inserting here the number of masts), and that her length is (inserting here the number of feet), her breadth (inserting here the number of feet), her depth (inserting here the number of feet), and that she measures (inserting here her number of tons); that she is (describing here the particular kind of vessel, whether

When the master of such vessel himself makes oath touching his being a citizen, the wording of the certificate shall be varied so as to be conformable to the truth of the case. Where a new certificate of registry is granted in consequence of any transfer of a vessel, the words shall be so varied as to refer to the former certificate of registry for her measurement

R S, 4156

The collector of each district shall progressively number the certificates of the registry by him granted, beginning anew at the commencement of each year, and shall enter an exact copy of each certificate in a book to be kept for that purpose; and shall, once in three months, transmit to the Commissioner of Navigation copies of all the certificates which shall have been granted by him, including the number of each.

34 Change of owner

Whenever it appears, by satisfactory proof, to the Commissioner of Navigation that any vessel has been sold and transferred by process of law, and that the register of such vessel is retained by the former owner, the Commissioner may direct the collector of the district to which such vessel may belong to grant a new register, under such sale, on the owners complying with such terms and conditions as are by law required for granting such papers; excepting only the delivering up of the former certificate of registry. 35. Change of build.

Whenever any vessel, which has been registered, is, in whole or in part, sold or transferred to a citizen of the United States, or is altered in form or burden, by being lengthened or built upon, or from one denomination to another, by the mode or method of rigging or fitting, the vessel shall be registered anew, by her former name, according to the directions hereinbefore contained, otherwise she shall cease to be deemed a vessel of the United States. The former certificate of registry of such vessel shall be delivered up to the collector to whom application for such new registry is made, at the time that the same is made, to be by him transmitted to the Commissioner of Navigation, who shall cause the same to be canceled. Thereupon the collector shall indorse upon the certificate of registry a memorandum of such change, specifying the name of such new master, and shall subscribe the memorandum with his name; and if other than the collector of the district by whom the certificate of registry was granted, shall transmit a copy of the memorandum to him, with notice of the particular vessel to which it relates; and the collector of the district, by whom the certificate shall have been granted, shall make a like memorandum of such change in his book of registers, and shall transmit a copy thereof to the Commissioner of Navigation. Sec. 2

37. Mortgage and bill of sale.

R. S., 4102. No bill of sale, mortgage, hypothecation, or conveyance of any vessel, or part of any vessel, of the United States, shall be valid against any person other than the grantor or mortgagor, his heirs and devisees, and persons having actual notice thereof, unless such bill of sale, mortgage, hypothecation, or conveyance is recorded in the office of the collector of the customs where such vessel is registered or enrolled. The lien by bottomry on any vessel, created during her voyage, by a loan of money or materials necessary to repair or enable her to prosecute a voyage, shall not, however, lose its priority, or be in any way affected by the provisions of this section.

R. S., 4103. The collectors of the customs shall record all such bills of sale, mortgages, hypothecations, or conveyances, and, also, all certificates for discharging and canceling any such conveyances, in books to be kept for that purpose, in the order of their reception; noting in such books, and also on the bill of sale, mortgage, hypothecation, or conveyance, the time when the same was received; and shall certify on the bill of sale, mortgage, hypothecation, or conveyance, or certificate of discharge or cancellation, the number of the book and page where recorded; but no bill of sale, mortgage, hypothecation, conveyance, or discharge of mortgage or other incumbrance of any vessel, shall be recorded, unless the same is duly acknowledged before a notary public or other officer authorized to take acknowledgment of deeds.

June 10, 1886.

R. S., 4104.

The collectors of the customs shall keep an index of such records, inserting alphabetically the names of the vendor or mortgagor, and of the purchaser or mortgagee,

and shall permit such index and books of records to be inspected during office hours, under such reasonable regulations as they may establish, and shall, when required, furnish to any person a certificate, setting forth the names of the owners of any vessel registered or enrolled, the parts or proportions owned by each, if inserted in the register or enrollment, and also the material facts of any existing bill of sale, mortgage, hypothecation, or other incumbrance upon such vessel, recorded since the issuing of the last register or enrollment, viz, the date, amount of such incumbrance, and from and to whom or in whose favor made. June 19, 1886

The collectors of the customs shall furnish certified copies of such records, on the receipt of fifty cents for each bill of sale, mortgage, or other conveyance. R. S., 4195.

All bills of sale of vessels registered or enrolled, shall set forth the part of the vessel owned by each person selling, and the part conveyed to each person purchasing. R. S., 4196

If any vessel registered as a vessel of the United States shall be sold or transferred, in whole or in part, by way of trust, confidence, or otherwise, to a subject or citizen of any foreign prince or state, and such sale or transfer shall not be made known, as hereinbefore directed, such vessel, together with her tackle, apparel, and furniture, shall be forfeited. If such vessel, however, be so owned in part only, and it is made to appear to the jury before whom the trial for such forfeiture is had, that any other owner of such vessel, being a citizen of the United States, was wholly ignorant of the sale or transfer to or ownership of such foreign subject or citizen, the share or interest of such citizen of the United States shall not be subject to such forfeiture, and the residue only shall be so forfeited. R. S., 4172

39 Loss of register.

Whenever the certificate of the registry of any vessel is lost, destroyed, or mislaid, the master, or other person having the charge or command thereof, may make oath before the collector of the district where such vessel shall first be after such loss, destruction, or mislaying, in the form following: "I, (inserting here the name of the person swearing), being master (or having the charge or command) of the ship or vessel called the (inserting the name of the vessel), do swear (or affirm) that the said vessel hath been, as I verily believe, registered according to law, by the name of (inserting again the name of the vessel), and that a certificate thereof was granted by the collector of the district of (naming the district where registered), which certificate has been lost (or destroyed, or unintentionally and by mere accident mislaid, as the case may be); and (except where the certificate is alleged to have been destroyed) that the same, if found again, and within R. S., 4167

my power, shall be delivered up to the collector of the district in which it was granted." Such oath shall be subscribed by the party making the same; and upon such oath being made, and the other requisites of this Title [R. S., 4131-4305] in order to the registry of vessels being complied with, it shall be lawful for the collector of the district before whom such oath is made, to grant a new register, inserting therein that the same is issued in lieu of the one lost or destroyed.

R. S., 4168

Whenever a register is granted in lieu of one lost or destroyed, by any other than the collector of the district to which the vessel actually belongs, such register shall, within ten days after her first arrival within the district to which she belongs, be delivered up to the collector of such district, who shall, thereupon, grant a new register in lieu thereof. And in case the master or commander shall neglect to deliver up such register within the time above mentioned, he shall be liable to a penalty of one hundred dollars; and the former register shall become null and void.

40 Failure to deliver former register

R. S., 4169.

In every case in which a vessel is required to be registered anew, if she shall not be so registered anew, she shall not be entitled to any of the privileges or benefits of a vessel of the United States. And if her former certificate of registry is not delivered up, except where the same may have been destroyed, lost, or unintentionally mislaid, and an oath thereof shall have been made, as hereinbefore prescribed, the owner of such vessel shall be liable to a penalty of five hundred dollars, to be recovered, with costs of suit.

The master of every vessel bound on a foreign voyage or engaged in the whale fishery shall exhibit the certified copy of the list of the crew to the first boarding officer at the first port in the United States at which he shall arrive on his return, and also produce the persons named therein to the boarding officer, whose duty it shall be to examine the men with such list and to report the same to the col-

lector; and it shall be the duty of the collector at the port of arrival, where the same is different from the port from which the vessel originally sailed, to transmit a copy of the list so reported to him to the collector of the port from which such vessel originally sailed. For each failure to produce any person on the certified copy of the list of the crew the master and owner shall be severally liable to a penalty of four hundred dollars, to be sued for, prosecuted, and disposed of in such manner as penalties and forfeitures which may be incurred for offenses against the laws relating to the collection of duties; but such penalties shall not be incurred on account of the master not producing to the first boarding officer any of the persons contained in the list who may have been discharged in a foreign country with the consent of the consul, vice consul, commercial agent, or vice-commercial agent there residing, certified in writing, under his hand and official seal, to be produced to the collector with the other persons composing the crew, nor on account of any such person dying or absconding or being forcibly impressed into other service of which satisfactory proof shall also be exhibited to the collector.

86. Papers relating to crew.

R S, 4575.

The following rules shall be observed with reference to vessels bound on any foreign voyage:

First. The duplicate list of the ship's company, required to be made out by the master and delivered to the collector of the customs, under section forty-five hundred and seventy-three, shall be a fair copy in one uniform handwriting, without erasure or interlineation.

Second. It shall be the duty of the owners of every such vessel to obtain from the collector of the customs of the district from which the clearance is made, a true and certified copy of the shipping-articles, containing the names of the crew, which shall be written in a uniform hand, without erasures or interlineations.

Third. These documents, which shall be deemed to contain all the conditions of contract with the crew as to their service, pay, voyage, and all other things, shall be produced by the master, and laid before any consul, or other commercial agent of the United States, whenever he may deem their contents necessary to enable him to discharge the duties imposed upon him by law toward any mariner applying to him for his aid or assistance.

Fourth. All interlineations, erasures, or writing in a hand different from that in which such duplicates were originally made, shall be deemed fraudulent alterations, working no change in such papers, unless satisfactorily explained in a manner consistent with innocent purposes and the provisions of law which guard the rights of mariners.

Fifth. If any master of a vessel shall proceed on a foreign voyage without the documents herein required, or refuse to produce them when required, or to perform the duties imposed by this section, or shall violate the provisions thereof, he shall be liable to each and every individual injured thereby in damages, to be recovered in any court of the United States in the district where such delinquent may reside or be found, and in addition thereto be punishable by a fine of one hundred dollars for each offense.

Sixth. It shall be the duty of the boarding-officer to report all violations of this section to the collector of the port where any vessel may arrive, and the collector shall report the same to the Secretary of Commerce and Labor and to the United States attorney in his district.

88. Agreement in coasting trade not before commissioner.

R S, 4520.

Every master of any vessel of the burden of fifty tons or upward, bound from a port in one State to a port in any other than an adjoining State, except vessels of the burden of seventy-five tons or upward, bound from a port on the Atlantic to a port on the Pacific, or vice versa, shall, before he proceeds on such voyage, make an agreement in writing or in print, with every seaman on board such vessel except such as shall be apprentice or servant to himself or owners, declaring the voyage or term of time for which such seaman shall be shipped

R S, 4521

If any master of such vessel of the burden of fifty tons or upward shall carry out any seaman or mariner, except apprentices or servants, without such contract or agreement being first made and signed by the seamen, such master shall pay to every such seaman the highest price or wages which shall have been given at the port or place where such seaman was shipped, for a similar voyage, within three months next before the time of such shipping, if such seaman shall perform such voyage; or if not, then for such time as he shall continue to do duty on board such vessel; and shall moreover be liable to a penalty of twenty dollars for every such seaman, recoverable, one-half to the use of the person prosecuting for the same, and the other half to the use of the United States. Any

seaman who has not signed such a contract shall not be bound by the regulations nor subject to the penalties and forfeitures contained in this Title [R. S., 4501-4613].

At the foot of every such contract to ship upon such a vessel of the burden of fifty tons or upward there shall be a memorandum in writing of the day and the hour when such seaman who shipped and subscribed shall render himself on board to begin the voyage agreed upon. If any seaman shall neglect to render himself on board the vessel for which he has shipped at the time mentioned in such memorandum without giving twenty-four hours' notice of his inability to do so, and if the master of the vessel shall, on the day in which such neglect happened, make an entry in the log book of such vessel of the name of such seaman, and shall in like manner note the time that he so neglected to render himself after the time appointed, then every such seaman shall forfeit for every hour which he shall so neglect to render himself one-half of one day's pay, according to the rate of wages agreed upon, to be deducted out of the wages. If any such seaman shall wholly neglect to render himself on board of such vessel, or having rendered himself on board shall afterwards desert, he shall forfeit all of his wages or emoluments which he has then earned. 89 Agreement with fishermen.

The master of any vessel of the burden of twenty tons or upward, qualified according to law for carrying on the bank and other cod fisheries, or the mackerel-fishery, bound from a port of the United States to be employed in any such fishery, at sea, shall, before proceeding on such fishing-voyage, make an agreement in writing with every fisherman who may be employed therein, except only an apprentice or servant of himself or owner, and, in addition to such terms of shipment as may be agreed on, shall, in such agreement, express whether the same is to continue for one voyage or for the fishing-season, and shall also express that the fish or the proceeds of such fishing-voyage or voyages which may appertain to the fishermen shall be divided among them in proportion to the quantities or number of such fish which they may respectively have caught. Such agreement shall be indorsed or countersigned by the owner of such fishing-vessel or his agent.

R. S., 4391.

If any fisherman, having engaged himself for a voyage or for the fishing season in any fishing-vessel and signed an agreement therefor, thereafter and while such agreement remains in force and to be performed deserts or absents himself from such vessel without leave of the master thereof, or of the owner or his agent, such deserter shall be liable to the same penalties as deserting seamen are subject to in the merchant service, and may in the like

R. S., 4392

manner, and upon the like complaint and proof, be apprehended and detained; and all costs of process and commitment, if paid by the master or owner, shall be deducted out of the share of fish or proceeds of any fishing-voyage to which such deserter had or shall become entitled. Every fisherman, having so engaged himself, who during such fishing-voyage refuses or neglects his proper duty on board the fishing-vessel, being thereto ordered or required by the master thereof, or otherwise resists his just commands to the hindrance or detriment of such voyage, besides being answerable for all damages arising thereby, shall forfeit to the use of the owner of such vessel his share of any public allowance which may be paid upon such voyage

R S, 4393.

Whenever an agreement or contract is so made and signed for a fishing-voyage or for the fishing-season, and any fish caught on board such vessel during the same are delivered to the owner or to his agent, for cure, and sold by such owner or agent, such vessel shall, for the term of six months after such sale, be liable for the master's and every other fisherman's share of such fish, and may be proceeded against in the same form and to the same effect as any other vessel is by law liable, and may be proceeded against for the wages of seamen or mariners in the merchant service. Upon such proceeding for the value of a share or shares of the proceeds of fish so delivered and sold it shall be incumbent on the owner or his agent to produce a just account of the sales and division of such fish according to such agreement or contract; otherwise the vessel shall be answerable upon such proceeding for what may be the highest value of the shares demanded. But in all cases the owner of such vessel or his agent, appearing to answer in such proceeding, may offer thereupon his account of general supplies made for such fishing-voyage and of other supplies therefor made to either of the demandants, and shall be allowed to produce evidence thereof in answer to their demands respectively; and judgment shall be rendered upon such proceeding for the respective balances which upon such an inquiry shall appear.

R S, 4394.

When process shall be issued against any vessel so liable, if the owner thereof or his agent will give bond to each fisherman in whose favor such process shall be instituted, with sufficient security, to the satisfaction of two justices of the peace, of whom one shall be named by such owner or agent, and the other by the fisherman or fishermen pursuing such process, or if either party shall refuse, then the justice first appointed shall name his associate, with condition to answer and pay whatever sum shall be recovered by him or them on such process, there shall be an immediate discharge of such vessel. Nothing in this or the preceding section shall prevent any fisherman from

having his action at common law for his share or shares of fish or the proceeds thereof

90 Discharge in foreign trade.

All seamen discharged in the United States from merchant vessels engaged in voyages from a port in the United States to any foreign port, or, being of the burden of seventy-five tons or upward, from a port on the Atlantic to a port on the Pacific, or vice versa, shall be discharged and receive their wages in the presence of a duly authorized shipping-commissioner under this Title [R. S., 4501-4613], except in cases where some competent court otherwise directs; and any master or owner of any such vessel who discharges any such seaman belonging thereto, or pays his wages within the United States in any other manner, shall be liable to a penalty of not more than fifty dollars. R S, 4549

Every master shall, not less than forty-eight hours before paying off or discharging any seaman, deliver to him, or, if he is to be discharged before a shipping-commissioner, to such shipping-commissioner, a full and true account of his wages, and all deductions to be made therefrom on any account whatsoever; and in default shall, for each offense, be liable to a penalty of not more than fifty dollars. No deduction from the wages of any seaman except in respect of some matter happening after such delivery shall be allowed, unless it is included in the account delivered; and the master shall, during the voyage, enter the various matters in respect to which such deductions are made, with the amounts of the respective deductions as they occur, in the official log-book, and shall, if required, produce such book at the time of the payment of wages, and, also, upon the hearing, before any competent authority, of any complaint or question relating to such payment. R S, 4550.

Upon the discharge of any seaman, or upon payment of his wages, the master shall sign and give him a certificate of discharge, specifying the period of his service and the time and place of his discharge, in the form marked Table B in the schedule annexed to this Title [R. S., 4501-4613]; and every master who fails to sign and give to such seaman such certificate and discharge, shall, for each such offense, incur a penalty not exceeding fifty dollars. But whenever the master shall discharge his crew or any part thereof in any collection district, where no shipping commissioner has been appointed, he may perform for himself the duties of such commissioner. to such officer that said seaman has completed his shipping agreement, or is entitled to his discharge under any act of Congress or according to the general principles or usages of maritime law as recognized in the United States, such officer shall discharge said seaman, and require from the master of said vessel, before such discharge shall be made, payment of the wages which may then be due said seaman, but no payment of extra wages shall be required by any consular officer upon such discharge of any seaman except as provided in this act.

R S., 4581
Dec 21, 1898
Sec 16

If any consular officer, when discharging any seaman, shall neglect to require the payment of and collect the arrears of wages and extra wages required to be paid in the case of the discharge of any seaman, he shall be accountable to the United States for the full amount thereof. The master shall provide any seaman so discharged with employment on a vessel agreed to by the seaman, or shall provide him with one month's extra wages, if it shall be shown to the satisfaction of the consul that such seaman was not discharged for neglect of duty, incompetency, or injury incurred on the vessel. If the seaman is discharged by voluntary consent before the consul, he shall be entitled to his wages up to the time of his discharge, but not for any further period. If the seaman is discharged on account of injury or illness, incapacitating him for service, the expenses of his maintenance and return to the United States shall be paid from the fund for the maintenance and transportation of destitute American seamen.

R S., 4582
Dec 21, 1898.
Sec 17

Whenever a vessel of the United States is sold in a foreign country and her company discharged, it shall be the duty of the master to produce to the consular officer a certified list of the ship's company, and also the shipping articles, and besides paying to each seaman or apprentice the wages due him, he shall either provide him with adequate employment on board some other vessel bound to the port at which he was originally shipped, or to such other port as may be agreed upon by him, or furnish the means of sending him to such port, or provide him with a passage home, or deposit with the consular officer such a sum of money as is by the officer deemed sufficient to defray the expenses of his maintenance and passage home; and the consular officer shall indorse upon the agreement with the crew of the ship which the seaman or apprentice is leaving the particulars of any payment, provision, or deposit made under this section. A failure to comply with the provisions of this section shall render the owner liable to a fine of not exceeding fifty dollars.

R S., 4583.
Dec. 21, 1898.
Sec 18.

Whenever on the discharge of a seaman in a foreign country by a consular officer on his complaint that the voyage is continued contrary to agreement, or that the vessel is badly provisioned or unseaworthy, or against the

officers for cruel treatment, it shall be the duty of the consul or consular agent to institute a proper inquiry into the matter, and, upon his being satisfied of the truth and justice of such complaint, he shall require the master to pay to such seaman one month's wages over and above the wages due at the time of discharge, and to provide him with adequate employment on board some other vessel, or provide him with a passage on board some other vessel bound to the port from which he was originally shipped, or to the most convenient port of entry in the United States, or to a port agreed to by the seaman.

92. Wages.

No seaman shall, by any agreement other than is provided by this Title [R. S., 4501-4613], forfeit his lien upon the ship, or be deprived of any remedy for the recovery of his wages to which he would otherwise have been entitled; and every stipulation in any agreement inconsistent with any provision of this Title, and every stipulation by which any seaman consents to abandon his right to his wages in the case of the loss of the ship, or to abandon any right which he may have or obtain in the nature of salvage, shall be wholly inoperative. R. S., 4535.

The following rules shall be observed with respect to the settlement of wages: R. S., 4552.

First. Upon the completion, before a shipping-commissioner, of any discharge and settlement, the master or owner and each seaman, respectively, in the presence of the shipping-commissioner, shall sign a mutual release of all claims for wages in respect of the past voyage or engagement, and the shipping-commissioner shall also sign and attest it, and shall retain it in a book to be kept for that purpose, provided both the master and seaman assent to such settlement, or the settlement has been adjusted by the shipping-commissioner.

Second. Such release, so signed and attested, shall operate as a mutual discharge and settlement of all demands for wages between the parties thereto, on account of wages, in respect of the past voyage or engagement.

Third. A copy of such release, certified under the hand and seal of such shipping commissioner to be a true copy, shall be given by him to any party thereto requiring the same, and such copy shall be receivable in evidence upon any future question touching such claims, and shall have all the effect of the original of which it purports to be a copy.

Fourth. In cases in which discharge and settlement before a shipping-commissioner are required, no payment, receipt, settlement, or discharge otherwise made shall operate as evidence of the release or satisfaction of any claim.

Fifth. Upon payment being made by a master before a shipping-commissioner, the shipping-commissioner shall,

if required, sign and give to such master a statement of the whole amount so paid; and such statement shall, between the master and his employer, be received as evidence that he has made the payments therein mentioned.

R. S., 4553

Upon every discharge effected before a shipping-commissioner, the master shall make and sign, in the form given in the table marked "B," in the schedule annexed to this Title [R. S., 4501-4613], a report of the conduct, character, and qualifications of the persons discharged; or may state in such form, that he declines to give any opinion upon such particulars, or upon any of them; and the commissioner shall keep a register of the same, and shall, if desired so to do by any seaman, give to him or indorse on his certificate of discharge a copy of so much of such report as concerns him.

R. S., 4524

A seaman's right to wages and provisions shall be taken to commence either at the time at which he commences work, or at the time specified in the agreement for his commencement of work or presence on board, whichever first happens.

R. S., 4525.

No right to wages shall be dependent on the earning of freight by the vessel; but every seaman or apprentice who would be entitled to demand and receive any wages if the vessel on which he has served had earned freight, shall, subject to all other rules of law and conditions applicable to the case, be entitled to claim and recover the same of the master or owner in personam, notwithstanding that freight has not been earned. But in all cases of wreck or loss of vessel, proof that any seaman or apprentice has not exerted himself to the utmost to save the vessel, cargo, and stores, shall bar his claim.

R. S., 4526
Dec. 21, 1898
Sec. 3

In cases where the service of any seaman terminates before the period contemplated in the agreement, by reason of the loss or wreck of the vessel, such seaman shall be entitled to wages for the time of service prior to such termination, but not for any further period. Such seaman shall be considered as a destitute seaman and shall be treated and transported to port of shipment as provided in sections forty-five hundred and seventy-seven, forty-five hundred and seventy-eight, and forty-five hundred and seventy-nine of the Revised Statutes of the United States. [This section shall not apply to fishing or whaling vessels or yachts—Dec. 21, 1898, sec. 26.]

R. S., 4527

Any seaman who has signed an agreement and is afterward discharged before the commencement of the voyage or before one month's wages are earned, without fault on his part justifying such discharge, and without his consent, shall be entitled to receive from the master or owner, in addition to any wages he may have earned, a sum equal in amount to one month's wages as compensation, and may, on adducing evidence satisfactory to the court hear-

ing the case, of having been improperly discharged, recover such compensation as if it were wages duly earned.

No seaman or apprentice shall be entitled to wages for any period during which he unlawfully refuses or neglects to work when required, after the time fixed by the agreement for him to begin work, nor, unless the court hearing the case otherwise directs, for any period during which he is lawfully imprisoned for any offense committed by him.

R S, 4528

The master or owner of any vessel making coasting voyages shall pay to every seaman his wages within two days after the termination of the agreement under which he shipped, or at the time such seaman is discharged, whichever first happens; and in the case of vessels making foreign voyages, or from a port on the Atlantic to a port on the Pacific, or vice versa, within twenty-four hours after the cargo has been discharged, or within four days after the seaman has been discharged, whichever first happens; and in all cases the seaman shall, at the time of his discharge, be entitled to be paid, on account of wages, a sum equal to one-third part of the balance due him. Every master or owner who refuses or neglects to make payment in manner hereinbefore mentioned without sufficient cause shall pay to the seaman a sum equal to one day's pay for each and every day during which payment is delayed beyond the respective periods, which sum shall be recoverable as wages in any claim made before the court; but this section shall not apply to the masters or owners of any vessel the seamen on which are entitled to share in the profits of the cruise or voyage. [This section shall not apply to fishing or whaling vessels or yachts—Dec 21, 1898, sec. 26—but this section shall apply to all vessels engaged in the taking of oysters—June 28, 1906, sec. 4.]

If the master against whom such summons is issued neglects to appear, or, appearing, does not show that the wages are paid or otherwise satisfied or forfeited, and if the matter in dispute is not forthwith settled, the judge or justice or commissioner shall certify to the clerk of the district court that there is sufficient cause of complaint whereon to found admiralty process; and thereupon the clerk of such court shall issue process against the vessel. In all cases where the matter in demand does not exceed one hundred dollars the return day of the monition or citation shall be the first day of a stated or special session of court next succeeding the third day after the service of the monition or citation, and on the return of process in open court, duly served, either party may proceed therein to proofs and hearing without other notice, and final judgment shall be given according to the usual course of admiralty courts in such cases. In such suits all the seamen having cause of complaint of the like kind against the same vessel may be joined as complainers, and it shall be incumbent on the master to produce the contract and log book, if required to ascertain any matter in dispute; otherwise the complainers shall be permitted to state the contents thereof, and the burden of proof of the contrary shall be on the master. But nothing herein contained shall prevent any seaman from maintaining any action at common law for the recovery of his wages, or having immediate process out of any court having admiralty jurisdiction wherever any vessel may be found, in case she shall have left the port of delivery where her voyage ended before payment of the wages, or in case she shall be about to proceed to sea before the end of the ten days next after the day when such wages are due, in accordance with section forty-five hundred and twenty-nine of the Revised Statutes [This section shall not apply to fishing or whaling vessels or yachts—Dec. 21, 1898, sec. 26—but this section shall apply to all vessels engaged in the taking of oysters—June 28, 1906, sec. 4.]

Moneys paid under the laws of the United States, by direction of consular officers or agents, at any foreign port or place, as wages, extra or otherwise, due American seamen, shall be paid in gold or its equivalent, without any deduction whatever any contract to the contrary notwithstanding.

R. S., 4603.

Any question concerning the forfeiture of, or deductions from, the wages of any seaman or apprentice, may be determined in any proceeding lawfully instituted with

respect to such wages, notwithstanding the offense in respect of which such question arises, though hereby made punishable by imprisonment as well as forfeiture, has not been made the subject of any criminal proceeding.

Whenever in any proceeding relating to seamen's wages it is shown that any seaman or apprentice has, in the course of the voyage, been convicted of any offense by any competent tribunal, and rightfully punished therefor, by imprisonment or otherwise, the court hearing the case may direct a part of the wages due to such seaman not exceeding fifteen dollars, to be applied in reimbursing any costs properly incurred by the master in procuring such conviction and punishment

R. S., 4605

93. Vessels exempt from libel for wages.

No canal-boat, without masts or steam power, which is required to be registered, licensed, or enrolled and licensed, shall be subject to be libeled in any of the United States courts for the wages of any person who may be employed on board thereof, or in navigating the same.

R. S., 4251

94. Advances and allotments of wages

(a) It shall be, and is hereby, made unlawful in any case to pay any seaman wages in advance of the time when he has actually earned the same, or to pay such advance wages to any other person. Any person paying such advance wages shall be deemed guilty of a misdemeanor, and upon conviction shall be punished by a fine not less than four times the amount of the wages so advanced, and may also be imprisoned for a period not exceeding six months, at the discretion of the court. The payment of such advance wages shall in no case, excepting as herein provided, absolve the vessel or the master or owner thereof from full payment of wages after the same shall have been actually earned, and shall be no defense to a libel, suit, or action for the recovery of such wages. If any person shall demand or receive, either directly or indirectly, from any seaman or other person seeking employment as seaman, or from any person on his behalf, any remuneration whatever for providing him with employment, he shall for every such offense be deemed guilty of a misdemeanor and shall be imprisoned not more than six months or fined not more than five hundred dollars.

(f) This section shall apply as well to foreign vessels as to vessels of the United States; and any master, owner, consignee, or agent of any foreign vessel who has violated its provisions shall be liable to the same penalty that the master, owner, or agent of a vessel of the United States would be for a similar violation. *Provided*, That treaties in force between the United States and foreign nations do not conflict.

97 Desertion of foreign seamen in the United States.

On application of a consul or vice-consul of any foreign government having a treaty with the United States stipulating for the restoration of seamen deserting, made in writing, stating that the person therein named has deserted from a vessel of any such government, while in any port of the United States, and on proof by the exhibition of the register of the vessel, ship's roll, or other official document, that the person named belonged, at the time of desertion, to the crew of such vessel, it shall be the duty of any court, judge, commissioner of any circuit court, justice, or other magistrate, having competent power, to issue warrants to cause such person to be arrested for examination. No person

so arrested shall be detained more than two months after his arrest; but at the end of that time shall be set at liberty, and shall not be again molested for the same cause. If any such deserter shall be found to have committed any crime or offense, his surrender may be delayed until the tribunal before which the case shall be depending, or may be cognizable, shall have pronounced its sentence, and such sentence shall have been carried into effect.

98 Arbitration before shipping-commissioner

R S, 4554

Every shipping-commissioner shall hear and decide any question whatsoever between a master, consignee, agent, or owner, and any of his crew, which both parties agree in writing to submit to him; and every award so made by him shall be binding on both parties, and shall, in any legal proceedings which may be taken in the matter, before any court of justice, be deemed to be conclusive as to the rights of parties. And any document under the hand and official seal of a commissioner purporting to be such submission or award, shall be prima-facie evidence thereof.

R S, 4555.

In any proceeding relating to the wages, claims, or discharge of a seaman, carried on before any shipping-commissioner, under the provisions of this Title [R. S, 4501-4613], such shipping-commissioner may call upon the owner, or his agent, or upon the master, or any mate, or any other member of the crew, to produce any log-books, papers, or other documents in their possession or power, respectively, relating to any matter in question in such proceedings, and may call before him and examine any of such persons, being then at or near the place, on any such matter; and every owner, agent, master, mate, or other member of the crew who, when called upon by the shipping-commissioner, does not produce any such books, papers, or documents, if in his possession or power, or does not appear and give evidence, shall, unless he shows some reasonable cause for such a default, be liable to a penalty of not more than one hundred dollars for each offense; and, on application made by the shipping-commissioner, shall be further punished, in the discretion of the court, as in other cases of contempt of the process of the court.

99. Soliciting lodgers

R S, 4607.

Apr. 13, 1904

If, within twenty-four hours after the arrival of any vessel at any port in the United States, any person, then being on board such vessel, solicits any seaman to become a lodger at the house of any person letting lodgings for hire, or takes out of such vessel any effects of any seaman, except under his personal direction, and with the permission of the master, he shall, for every such offense, be punishable by a fine of not more than fifty dollars, or by imprisonment for not more than three months. This sec-

tion shall apply to vessels of the United States engaged in the foreign trade and to foreign vessels.

100. Return of seamen from foreign ports, Alaska, and insular ports.

It shall be the duty of the consuls, vice-consuls, commercial agents, and vice-commercial agents, from time to time, to provide for the seamen of the United States, who may be found destitute within their districts, respectively, sufficient subsistence and passages to some port in the United States, in the most reasonable manner, at the expense of the United States, subject to such instructions as the Secretary of State shall give. The seamen shall, if able, be bound to do duty on board the vessels in which they may be transported, according to their several abilities.

All masters of vessels of the United States, and bound to some port of the same, are required to take such destitute seamen on board their vessels, at the request of consular officers, and to transport them to the port in the United States to which such vessel may be bound, on such terms, not exceeding ten dollars for each person for voyages of not more than thirty days, and not exceeding twenty dollars for each person for longer voyages, as may be agreed between the master and the consular officer, when the transportation is by a sailing vessel; and the regular steerage passenger rate not to exceed two cents per mile when the transportation is by steamer; and said consular officer shall issue certificates for such transportation, which certificates shall be assignable for collection. If any such destitute seaman is so disabled or ill as to be unable to perform duty, the consular officer shall so certify in the certificate of transportation, and such additional compensation shall be paid as the Comptroller of the Treasury shall deem proper. Every such master who refuses to receive and transport such seamen on the request or order of such consular officer shall be liable to the United States in a penalty of one hundred dollars for each seaman so refused. The certificate of any such consular officer, given under his hand and official seal, shall be presumptive evidence of such refusal in any court of law having jurisdiction for the recovery of the penalty. 101. Effects of deceased seamen.

R S, 4538. Whenever any seaman or apprentice belonging to or sent home on any merchant vessel, whether a foreign-going or domestic vessel, employed on a voyage which is to terminate in the United States, dies during such voyage, the master shall take charge of all moneys, clothes, and effects which he leaves on board, and shall, if he thinks fit, cause all or any of such clothes and effects to be sold by auction at the mast or other public auction, and shall thereupon sign an entry in the official log-book, and cause it to be attested by the mate and one of the crew, containing the following particulars:

First. A statement of the amount of money so left by the deceased.

Second. In case of a sale, a description of each article sold, and the sum received for each.

Third. A statement of the sum due to deceased as wages, and the total amount of deductions, if any, to be made therefrom.

R S, 4539. In cases embraced by the preceding section, the following rules shall be observed:

First. If the vessel proceeds at once to any port in the United States, the master shall, within forty-eight hours after his arrival, deliver any such effects remaining unsold, and pay any money which he has taken charge of, or received from such sale, and the balance of wages due to the deceased, to the shipping-commissioner at the port of destination in the United States.

Second. If the vessel touches and remains at some foreign port before coming to any port in the United States, the master shall report the case to the United States consular officer there, and shall give to such officer any information he requires as to the destination of the vessel and probable length of the voyage; and such officer may, if he considers it expedient so to do, require the effects, money, and wages to be delivered and paid to him, and shall, upon such delivery and payment, give to the master a receipt; and the master shall within forty-eight hours after his arrival at his port of destination in the United States produce the same to the shipping-commissioner there. Such consular officer shall, in any such case, indorse and certify upon the agreement with the crew the particulars with respect to such delivery and payment.

Third. If the consular officer does not require such payment and delivery to be made to him, the master shall take charge of the effects, money, and wages, and shall, within

forty-eight hours after his arrival at his port of destination in the United States, deliver and pay the same to the shipping-commissioner there

Fourth The master shall, in all cases in which any seaman or apprentice dies during the voyage or engagement, give to such officer or shipping-commissioner an account, in such form as they may respectively require, of the effects, money, and wages so to be delivered and paid; and no deductions claimed in such account shall be allowed unless verified by an entry in the official log-book, if there be any; and by such other vouchers, if any, as may be reasonably required by the officer or shipping-commissioner to whom the account is rendered

Fifth Upon due compliance with such of the provisions of this section as relate to acts to be done at the port of destination in the United States, the shipping-commissioner shall grant to the master a certificate to that effect. No officer of customs shall clear any foreign-going vessel without the production of such certificate.

Whenever any master fails to take such charge of the money or other effects of a seaman or apprentice during a voyage, or to make such entries in respect thereof, or to procure such attestation to such entries, or to make such payment or delivery of any money, wages, or effects of any seaman or apprentice dying during a voyage, or to give such account in respect thereof as is above directed, he shall be accountable for the money, wages, and effects of the seaman or apprentice to the circuit court in whose jurisdiction such port of destination is situate, and shall pay and deliver the same accordingly; and he shall, in addition, for every such offense, be liable to a penalty of not more than treble the value of the money or effects, or, if such value is not ascertained, not more than two hundred dollars; and if any such money, wages, or effects are not duly paid, delivered, and accounted for by the master, the owner of the vessel shall pay, deliver, and account for the same, and such money and wages and the value of such effects shall be recoverable from him accordingly; and if he fails to account for and pay the same, he shall, in addition to his liability for the money and value, be liable to the same penalty which is incurred by the master for a like offense; and all money, wages, and effects of any seaman or apprentice dying during a voyage shall be recoverable in the courts and by the modes of proceeding by which seamen are enabled to recover wages due to them.

Whenever any such seaman or apprentice dies at any place out of the United States, leaving any money or effects not on board of his vessel, the consular officer of the United States at or nearest the place shall claim and take charge of such money and effects, and shall, if he thinks fit, sell all or any of such effects, or any effects of any deceased seaman or apprentice delivered to him under the

R S , 4542. Whenever any seaman or apprentice dies in the United States, and is, at the time of his death, entitled to claim from the master or owner of any vessel in which he has served, any unpaid wages or effects, such master or owner shall pay and deliver, or account for the same, to the shipping-commissioner at the port where the seaman or apprentice was discharged, or was to have been discharged, or where he died.

Sec. 6

R S , 4543 Every shipping-commissioner in the United States shall, within one week from the date of receiving any such money, wages, or effects of any deceased seaman or apprentice, pay, remit, or deliver to the circuit court of the circuit in which he resides, the money, wages, or effects, subject to such deductions as may be allowed by the circuit court for expenses incurred in respect to such money and effects; and should any commissioner fail to pay, remit, and deliver the same to the circuit court, within the time hereinbefore mentioned, he shall incur a penalty of not more than treble the value of such money and effects.

R. S , 4544. If the money and effects of any seaman or apprentice paid, remitted, or delivered to the circuit court, including the moneys received for any part of his effects which have been sold, either before delivery to the circuit court, or by its directions, do not exceed in value the sum of three hundred dollars, then, subject to the provisions hereinafter contained, and to all such deductions for expenses incurred in respect to the seaman or apprentice, or of his money and effects, as the said court thinks fit to allow, the court may pay and deliver the said money and effects to any claimants who can prove themselves either to be his widow or children, or to be entitled to the effects of the deceased under his will, or under any statute, or at common law, or to be entitled to procure probate, or take out letters of administration or confirmation, although no probate or letters of administration or confirmation have been taken out, and shall be thereby discharged from all further liability in respect of the money and effects so paid and delivered; or may, if it thinks fit so to do, require probate, or letters of administration or confirmation, to be taken out, and thereupon pay and deliver the said money and effects to the legal personal representatives of the deceased; and if such money and effects exceed in value the sum of three hundred dollars, then, sub-

ject to deduction for expenses, the court shall pay and deliver the same to the legal personal representatives of the deceased.

A circuit court, in its discretion, may at any time direct the sale of the whole or any part of the effects of a deceased seaman or apprentice, which it has received or may hereafter receive, and shall hold the proceeds of such sale as the wages of deceased seamen are held. When no claim to the wages or effects or proceeds of the sale of the effects of a deceased seaman or apprentice, received by a circuit court, is substantiated within six years after the receipt thereof by the court, it shall be in the absolute discretion of the court, if any subsequent claim is made, either to allow or refuse the same. Such courts shall, from time to time, pay any moneys arising from the unclaimed wages and effects of deceased seamen, which in their opinion it is not necessary to retain for the purpose of satisfying claims, into the Treasury of the United States, and such moneys shall form a fund for, and be appropriated to, the relief of sick and disabled and destitute seamen belonging to the United States merchant marine service

Mar 3, 1875
Sec 3

The term "seaman," wherever employed in legislation relating to the marine-hospital service, shall be held to include any person employed on board in the care, preservation, or navigation of any vessel, or in the service, on board, of those engaged in such care, preservation, or navigation.

R S, 4804.

No person employed in or connected with the navigation, management, or use of canal-boats engaged in the coasting-trade shall by reason thereof be entitled to any benefit or relief from the marine-hospital fund.

Mar 3, 1875.
Sec 6.

Sick and disabled seamen of foreign vessels and of vessels [not subject to hospital-dues] may be cared for by

the marine-hospital service at such rates and under such regulations as the Secretary of the Treasury may prescribe.

Sick foreign seamen may be admitted to the marine hospitals within the United States, if it can with convenience be done, on the application of the master of any foreign vessel to which any such seaman may belong. Each seaman so admitted shall be subject to a charge of [seventy-five cents] per day for each day he may remain in the hospital, which shall be paid by the master of such foreign vessel to the collector of the collection-district in which such hospital is situated. And the collector shall not grant a clearance to any foreign vessel until the money so due from her master shall be paid. The officer in charge of each hospital is hereby directed, under penalty of fifty dollars, to make out the accounts against each foreign seaman that may be placed in the hospital under his direction, and render the same to the collector

R. S., 4805

Mar 3, 1875
Sec 6

Insane patients of said [marine hospital] service shall be admitted into the Government Hospital for the Insane upon the order of the Secretary of the Treasury, and shall be cared for therein until cured or until removed by the same authority; and the charge for each such patient shall not exceed four dollars and fifty cents a week, which charge shall be paid out of the marine-hospital fund.

Sec 5

The privilege of admission to and temporary treatment in the marine hospitals under the control of the Government of the United States be, and is hereby, extended to the keepers and crews of the Life-Saving Service under the same rules and regulations as those governing sailors and seamen, and for the purposes of this Act members of the Life-Saving Service shall be received in said hospitals and treated therein, and at the dispensaries thereof, as are seamen of American registered vessels; but this Act shall not be so construed as to compel the establishment of hospitals or dispensaries for the benefit of said keepers and crews, nor as establishing a home for the same when permanently disabled.

110 Jurisdiction over American seamen in foreign ports and foreign seamen in American ports.

Whenever it is stipulated by treaty or convention between the United States and any foreign nation that the consul-general, consuls, vice-consuls, or consular or commercial agents of each nation, shall have exclusive jurisdiction of controversies, difficulties, or disorders arising at sea or in the waters or ports of the other nation, between the master or officers and any of the crew, or between any of the crew themselves, of any vessel belonging to the nation represented by such consular officer, such stipulations shall be executed and enforced within the jurisdic-

R. S., 4079

tion of the United States as hereinafter declared. But before this section shall take effect as to the vessels of any particular nation having such treaty with the United States, the President shall be satisfied that similar provisions have been made for the execution of such treaty by the other contracting party, and shall issue his proclamation to that effect, declaring this section to be in force as to such nation

R S., 4080

May 28, 1896

In all cases within the purview of the preceding section the consul-general, consul, or other consular or commercial authority of such foreign nation charged with the appropriate duty in the particular case, may make application to any court of record of the United States, or to any judge thereof, or to any commissioner of a district court, setting forth that such controversy, difficulty, or disorder has arisen, briefly stating the nature thereof, and when and where the same occurred, and exhibiting a certified copy or abstract of the shipping-articles, roll, or other proper paper of the vessel, to the effect that the person in question is of the crew or ship's company of such vessel; and further stating and certifying that such person has withdrawn himself, or is believed to be about to withdraw himself, from the control and discipline of the master and officers of the vessel, or that he has refused, or is about to refuse, to submit to and obey the lawful jurisdiction of such consular or commercial authority in the premises; and further stating and certifying that, to the best of the knowledge and belief of the officer certifying, such person is not a citizen of the United States. Such application shall be in writing and duly authenticated by the consular or other sufficient official seal. Thereupon such court, judge, or commissioner shall issue his warrant for the arrest of the person so complained of, directed to the marshal of the United States for the appropriate district, or in his discretion to any person, being a citizen of the United States, whom he may specially depute for the purpose, requiring such person to be brought before him for examination at a certain time and place.

R S., 4081.

If, on such examination, it is made to appear that the person so arrested is a citizen of the United States, he shall be forthwith discharged from arrest, and shall be left to the ordinary course of law. But if this is not made to appear, and such court, judge, or commissioner finds, upon the papers hereinbefore referred to, a sufficient *prima-facie* case that the matter concerns only the internal order and discipline of such foreign vessels, or, whether in its nature civil or criminal, does not affect directly the execution of the laws of the United States, or the rights and duties of any citizen of the United States, he shall forthwith, by his warrant, commit such person to prison, where prisoners under sentence of a court of the United States may be lawfully committed, or, in his dis-

cretion, to the master or chief officer of such foreign vessel, to be subject to the lawful orders, control, and discipline of such master or chief officer, and to the jurisdiction of the consular or commercial authority of the nation to which such vessel belongs, to the exclusion of any authority or jurisdiction in the premises of the United States or any State thereof. No person shall be detained more than two months after his arrest, but at the end of that time shall be set at liberty and shall not again be arrested for the same cause. The expenses of the arrest and the detention of the person so arrested shall be paid by the consular officer making the application.

The district and circuit courts, and the commissioners of the district courts, shall have power to carry into effect, according to the true intent and meaning thereof, the award, or arbitration, or decree of any consul, vice-consul, or commercial agent of any foreign nation, made or rendered by virtue of authority conferred on him as such consul, vice-consul, or commercial agent, to sit as judge or arbitrator in such differences as may arise between the captains and crews of the vessels belonging to the nation whose interests are committed to his charge, application for the exercise of such power being first made to such court or commissioner by petition of such consul, vice-consul, or commercial agent. And said courts and commissioners may issue all proper remedial process, mesne and final, to carry into full effect such award, arbitration, or decree, and to enforce obedience thereto, by imprisonment in the jail or other place of confinement in the district in which the United States may lawfully imprison any person arrested under the authority of the United States, until such award, arbitration, or decree is complied with, or the parties are otherwise discharged therefrom, by the consent in writing of such consul, vice-consul, or commercial agent, or his successor in office, or by the authority of the foreign government appointing such consul, vice-consul, or commercial agent: *Provided, however,* That the expenses of the said imprisonment, and maintenance of the prisoners, and the cost of the proceedings, shall be borne by such foreign government, or by its consul, vice-consul, or commercial agent requiring such imprisonment. The marshals of the United States shall serve all such process, and do all other acts necessary and proper to carry into effect the premises, under the authority of the said courts and commissioners.

111 Seamen's witness fees

There shall be paid to each seaman or other person who is sent to the United States from any foreign port, station, sea, or ocean, by any United States minister, chargé d'affaires, consul, captain, or commander, to give testimony in any criminal case depending in any court of the United States, such compensation, exclusive of subsistence

and transportation, as such court may adjudge to be proper, not exceeding one dollar for each day necessarily employed in such voyage, and in arriving at the place of examination or trial. In fixing such compensation, the court shall take into consideration the condition of said seaman or witness, and whether his voyage has been broken up, to his injury, by his being sent to the United States. When such seaman or person is transported in an armed vessel of the United States no charge for subsistence or transportation shall be allowed. When he is transported in any other vessel, the compensation for his transportation and subsistence, not exceeding in any case fifty cents a day, may be fixed by the court, and shall be paid to the captain of said vessel accordingly.

If any person knowingly sends or attempts to send or is party to the sending or attempting to send an American ship to sea, in the foreign or coastwise trade, in such an unseaworthy state that the life of any person is likely to be thereby endangered, he shall, in respect of each offense, be guilty of a misdemeanor, and shall be punished by a fine not to exceed one thousand dollars or by imprisonment not to exceed five years, or both, at the discretion of the court, unless he proves that either he used all reasonable means to insure her being sent to sea in a seaworthy state, or that her going to sea in an unseaworthy state was, under the circumstances, reasonable and justifiable, and for the purposes of giving that proof he may give evidence in the same manner as any other witness. 113. Inspection of hulls and equipment

The local inspectors shall, once in every year, at least, carefully inspect the hull of each steam vessel within their respective districts, and shall satisfy themselves that every such vessel so submitted to their inspection is of a structure suitable for the service in which she is to be employed, has suitable accommodations for passengers and the crew, and is in a condition to warrant the belief that she may be used in navigation as a steamer, with safety to life, and that all the requirements of law in regard to fires, boats, pumps, hose, life-preservers, floats, anchors, cables, and other things are faithfully complied with; and if they deem it expedient they may direct the vessel to be put in motion, and may adopt any other suitable means to test her sufficiency and that of her equipment. The local inspectors shall, once in every year, at least, carefully inspect the hull of each sail vessel of over seven hundred tons carrying passengers for hire and all other vessels and barges of over one hundred tons burden carrying passengers for hire within their respective districts, and shall

satisfy themselves that every such vessel so submitted to their inspection is of a structure suitable for the service in which she is to be employed, has suitable accommodations for the crew, and is in condition to warrant the belief that she may be used in navigation with safety to life: *Provided*, That vessels while laid up and dismantled and out of commission may, by regulations established by the Board of Supervising Inspectors, with the approval of the Secretary of Commerce and Labor, be exempted from any or all inspection under sections forty-four hundred and seventeen, forty-four hundred and eighteen, forty-four hundred and twenty-six, forty-four hundred and twenty-seven. Whenever any inspector or assistant inspector shall, in the performance of his duty, find on board any vessel subject to the provisions of this title [R. S., 4399-4500] as part of the required equipment thereof, any equipment, machinery, apparatus, or appliances not conforming to the requirements of law, he shall require the same to be placed in proper condition by the owner or master of the said vessel, if possible; and if said inspector or assistant inspector shall find on board any such vessel any life-preservers or fire hose so defective as to be incapable of repair, he shall require that the same be destroyed in his presence by such owner or master. And in any of the foregoing cases local inspectors by whom or under whose supervision said vessel is then being inspected shall have power to enforce the foregoing requirements by revoking the certificate of the said vessel, and by refusing to issue a new certificate to the said vessel until the said requirements shall have been fully complied with or until such action of the local inspectors shall have been reversed, modified, or set aside by the supervising inspector of the district on proper appeal by the owner or master of said vessel, which appeal shall be made to the said supervising inspector within ten days after the final action as aforesaid by the local inspectors; and upon such appeal, duly made, the supervising inspector shall have power to affirm, modify, or set aside such action by the local inspectors.

Dec 21, 1898
Sec 7.

If the first and second officers under the master or a majority of the crew of any vessel bound on any voyage shall, before the vessel shall have left the harbor, discover that the vessel is too leaky or is otherwise unfit in her crew, body, tackle, apparel, furniture, provisions, or stores to proceed on the intended voyage, and shall require such unfitness to be inquired into, the master shall, upon the request of the first and second officers under the master or such majority of the crew, forthwith apply to the judge of the district court of that judicial district, if he shall there reside, or if not, to some justice of the peace of the city,

town, or place for the appointment of surveyors, as in section forty-five hundred and fifty-seven provided, taking with him two or more of the crew who shall have made such request; and any master refusing or neglecting to comply with these provisions shall be liable to a penalty of five hundred dollars [This section shall not apply to fishing or whaling vessels or yachts—Dec. 21, 1898, sec 26.]

The judge, or justice, in a domestic port, shall, upon such application of the master or commander, issue his precept, directed to three persons in the neighborhood, the most experienced and skillful in maritime affairs that can be procured; and whenever such complaint is about the provisions one of such surveyors shall be a physician or a surgeon of the Public Health and Marine Hospital Service, if such service is established at the place where the complaint is made. It shall be the duty of such surveyors to repair on board such vessel and to examine the same in respect to the defects and insufficiencies complained of, and make reports to the judge, or justice, as the case may be, in writing, under their hands or the hands of two of them, whether in any or in what respect the vessel is unfit to proceed on the intended voyage, and what addition of men, provisions, or stores, or what repairs or alterations in the body, tackle, or apparel will be necessary; and upon such report the judge or justice shall adjudge and shall indorse on his report his judgment whether the vessel is fit to proceed on the intended voyage, and, if not, whether such repairs can be made or deficiencies supplied where the vessel then lies, or whether it is necessary for her to proceed to the nearest or most convenient place where such supplies can be made or deficiencies supplied; and the master and the crew shall, in all things, conform to the judgment. The master or commander shall, in the first instance, pay all the costs of such review, report, or judgment, to be taxed and allowed on a fair copy thereof, certified by the judge or justice. But if the complaint of the crew shall appear upon the report and judgment to have been without foundation, the master or commander, or the owner or consignee of such vessel, shall deduct the amount thereof, and of reasonable damages for the detention, to be ascertained by the judge or justice, out of the wages of the complaining seamen. [This section shall not apply to fishing or whaling vessels or yachts—Dec 21, 1898, sec. 26]

If, after judgment that such vessel is fit to proceed on her intended voyage, or after procuring such men, provisions, stores, repairs, or alterations as may be directed, the seamen, or either of them, shall refuse to proceed on the voyage, he shall forfeit any wages that may be due him. Upon a complaint in writing, signed by the first or second officer and a majority of the crew of any vessel while in a foreign port, that such vessel is in an unsuitable condition to go to sea because she is leaky or insufficiently supplied with sails, rigging, anchors, or any other equipment, or that the crew is insufficient to man her, or that her provisions, stores, and supplies are not, or have not been during the voyage, sufficient and wholesome; thereupon, in any of these or like cases, the consul, or a commercial agent who may discharge any duties of a consul, shall cause to be appointed three persons, of like qualifications with those described in section forty-five hundred and fifty-seven, who shall proceed to examine into the causes of complaint, and they shall be governed in all their proceedings and proceed as provided in section forty-five hundred and fifty-seven. The inspectors in their report shall also state whether in their opinion the vessel was sent to sea unsuitably provided in any important or essential particular, by neglect or design, or through mistake or accident; and in case it was by neglect or design, and the consular officer approves of such finding, he shall discharge such of the crew as request it, and shall require the payment by the master of one month's wages for each seaman over and above the wages then due, or sufficient money for the return of such of the crew as desire to be discharged to the nearest and most convenient port of the United States, or by furnishing the seamen who so desire to be discharged with employment on a ship agreed to by them. But if in the opinion of the inspectors the defects or deficiencies found to exist have been the result of mistake or accident, and could not, in the exercise of ordinary care, have been known and provided against before the sailing of the vessel, and the master shall in a reasonable time remove or remedy the causes of complaint, then the crew shall remain and discharge their duty. R S., 4562

The master shall pay all such reasonable charges for inspection under such complaint as shall be officially cer-

tified to him under the hand of the consul or commercial agent; but in case the inspectors report that the complaint is without any good and sufficient cause, the master may retain from the wages of the complainants, in proportion to the pay of each, the amount of such charges, with such reasonable damages for detention on that account as the consul or commercial agent directing the inquiry may officially certify.

Every master who refuses to pay such wages and charges shall be liable to each person injured thereby, in damages, to be recovered in any court of the United States in the district where such delinquent may reside or be found, and in addition thereto be punishable by a fine of one hundred dollars for each offense.

116 Provisions and water

Should any master or owner of any merchant vessel of the United States neglect to provide a sufficient quantity of stores to last for a voyage of ordinary duration to the port of destination, and in consequence of such neglect the crew are compelled to accept a reduced scale, such master or owner shall be liable to a penalty as provided in section forty-five hundred and sixty-eight of the Revised Statutes

R. S., 4564
Dec 21, 1898
Sec 12

Any three or more of the crew of any merchant-vessel of the United States bound from a port in the United States to any foreign port, or being of the burden of seventy-five tons or upward, and bound from a port on the Atlantic to a port on the Pacific, or vice versa, may complain to any officer in command of any of the vessels of the United States Navy, or consular officer of the United States, or shipping-commissioner or chief officer of the customs, that the provisions or water for the use of the crew are, at any time, of bad quality, unfit for use, or deficient in quantity. Such officer shall thereupon examine the provisions or water, or cause them to be examined; and if, on examination, such provisions or water are found to be of bad quality and unfit for use, or to be deficient in quantity, the person making such examination shall certify the same in writing to the master of the ship. If such master does not thereupon provide other proper provisions or water, where the same can be had, in lieu of any so certified to be of a bad quality and unfit for use, or does not procure the requisite quantity of any so certified to be insufficient in quantity, or uses any provisions or water which have been so certified as aforesaid to be of bad quality and unfit for use, he shall, in every such case, be liable to a penalty of not more than one hundred dollars; and upon every such examination the officers making or directing the same shall enter a statement of the result of the examination in the log-book, and shall send a report thereof to the district judge for the judicial district embracing the port to which such vessel

Sec 13

If the officer to whom any such complaint in regard to the provisions or the water is made certifies in such statement that there was no reasonable ground for such complaint, each of the parties so complaining shall forfeit to the master or owner his share of the expense, if any, of the survey. [This section shall not apply to fishing or whaling vessels or yachts—Dec 21, 1898, sec 26]

R S, 4567

If any seamen, while on board any vessel, shall state to the master that they desire to make complaint, in accordance with the two preceding sections, in regard to the provisions or the water, to a competent officer, against the master, the master shall, if the vessel is then at a place where there is any such officer, so soon as the service of the vessel will permit, and if the vessel is not then at such a place, so soon after her first arrival at such place as the service of the vessel will permit, allow such seamen, or any of them, to go ashore, or shall send them ashore, in proper custody, so that they may be enabled to make such complaint; and shall, in default, be liable to a penalty of not more than one hundred dollars.

R S, 4568
Dec 21, 1898
Sec. 14.

If, during a voyage, the allowance of any of the provisions which any seaman is entitled to under section forty-six hundred and twelve of the Revised Statutes is reduced except for any time during which such seaman willfully and without sufficient cause refuses or neglects to perform his duty, or is lawfully under confinement for misconduct either on board or on shore; or if it shall be shown that any of such provisions are, or have been during the voyage, bad in quality or unfit for use, the seamen shall receive, by way of compensation for such reduction or bad quality, according to the time of its continuance, the following sums, to be paid to him in addition to and to be recoverable as wages.

First. If his allowance is reduced by any quantity not exceeding one-third of the quantity specified by law, a sum not exceeding fifty cents a day.

Second. If his allowance is reduced by more than one-third of such quantity, a sum not exceeding one dollar a day.

Third. In respect to bad quality, a sum not exceeding one dollar a day.

But if it is shown to the satisfaction of the court before which the case is tried that any provisions, the allowance of which has been reduced, could not be procured or supplied in sufficient quantities, or were unavoidably injured or lost, or if by reason of its innate qualities any article becomes unfit for use and that proper and equivalent substitutes were supplied in lieu thereof, the court shall take such circumstances into consideration and shall modify or refuse compensation, as the justice of the case may require. [This section shall not apply to fishing or whaling vessels or yachts—Dec. 21, 1898, sec. 26.]

117. Weights and measures.

Every master shall keep on board proper weights and measures for the purpose of determining the quantities of the several provisions and articles served out, and shall allow the same to be used at the time of serving out such provisions and articles, in the presence of a witness, whenever any dispute arises about such quantities, and in default shall, for every offense, be liable to a penalty of not more than fifty dollars

118 Medicines and anti-scorbutics.

Every vessel belonging to a citizen of the United States, bound from a port in the United States to any foreign port, or being of the burden of seventy-five tons or upward, and bound from a port on the Atlantic to a port on the Pacific, or vice versa, shall be provided with a chest of medicines, and every sailing-vessel bound on a voyage across the Atlantic or Pacific Ocean, or around Cape Horn, or the Cape of Good Hope, or engaged in the whale or other fisheries, or in sealing, shall also be provided with, and cause to be kept, a sufficient quantity of lime or lemon juice, and also sugar and vinegar, or other anti-scorbutics, to be served out to every seaman as follows: The master of every such vessel shall serve the lime or lemon juice, and sugar and vinegar, to the crew, within ten days after salt provisions mainly have been served out to the crew, and so long afterward as such consumption of salt provisions continues; the lime or lemon juice and sugar daily at the rate of half an ounce each per day; and the vinegar weekly, at the rate of half a pint per week for each member of the crew.

R S , 4569

If, on any such vessel, such medicines, medical stores, lime or lemon juice, or other articles, sugar, and vinegar, as are required by the preceding section, are not provided and kept on board, as required, the master or owner shall be liable to a penalty of not more than five hundred dollars; and if the master of any such vessel neglects to serve out the lime or lemon juice, and sugar and vinegar in the case and manner directed, he shall for each such offense be liable to a penalty of not more than one hundred dollars; and if any master is convicted in either of the offenses mentioned in this section, and it appears that the offense is owing to the act or default of the owner, such master may recover the amount of such penalty, and the costs incurred by him, from the owner.

R S , 4570

119. Slop-chest.

Every such vessel [R S , 4569] except vessels engaged in the whaling or fishing business shall also be provided with a slop-chest, which shall contain a complement of clothing for the intended voyage for each seaman employed, including boots or shoes, hats or caps, under clothing and outer clothing, oiled clothing, and every-

thing necessary for the wear of a seaman; also a full supply of tobacco and blankets. Any of the contents of the slop chest shall be sold, from time to time, to any or every seaman applying therefor, for his own use, at a profit not exceeding ten per centum of the reasonable wholesale value of the same at the port at which the voyage commenced. And if any such vessel is not provided, before sailing, as herein required, the owner shall be liable to a penalty of not more than five hundred dollars. The provisions of this section shall not apply to vessels plying between the United States and the Dominion of Canada, Newfoundland, the Bermuda Islands, the Bahama Islands, the West Indies, Mexico and Central America.

PART VII.—LIABILITY OF OWNERS, MASTERS, AND SHIPPERS.

122 Liability of owners, masters, and shippers.	123 Act of Feb. 18, 1893 124 General libel bond
-------------------------------------------------	----------------------------------------------------

122. Liability of owners, masters, and shippers

R. S., 4281 If any shipper of platina, gold, gold dust, silver, bullion, or other precious metals, coins, jewelry, bills of any bank or public body, diamonds, or other precious stones, or any gold or silver in a manufactured or unmanufactured state, watches, clocks, or time pieces of any description, trinkets, orders, notes, or securities for payment of money, stamps, maps, writings, title-deeds, printings, engravings, pictures, gold or silver plate or plated articles, glass, china, silks in a manufactured or unmanufactured state, and whether wrought up or not wrought up with any other material, furs, or lace, or any of them, contained in any parcel, or package, or trunk, shall lade the same as freight or baggage, on any vessel, without at the time of such lading giving to the master, clerk, agent, or owner of such vessel receiving the same a written notice of the true character and value thereof, and having the same entered on the bill of lading therefor, the master and owner of such vessel shall not be liable as carriers thereof in any form or manner; nor shall any such master or owner be liable for any such goods beyond the value and according to the character thereof so notified and entered.

R. S., 4282 No owner of any vessel shall be liable to answer for or make good to any person any loss or damage which may happen to any merchandise whatsoever, which shall be shipped, taken in, or put on board any such vessel, by reason or by means of any fire happening to or on board the vessel, unless such fire is caused by the design or neglect of such owner

R. S., 4283 The liability of the owner of any vessel, for any embezzlement, loss, or destruction, by any person, of any property, goods, or merchandise, shipped or put on board of such vessel, or for any loss, damage, or injury by collision, or for any act, matter, or thing, lost, damage, or forfeiture, done, occasioned, or incurred, without the privity or knowledge of such owner or owners, shall in no case exceed the amount or value of the interest of such owner in such vessel, and her freight then pending.

Whenever any such embezzlement, loss, or destruction is suffered by several freighters or owners of goods, wares, merchandise, or any property whatever, on the same voyage, and the whole value of the vessel, and her freight for the voyage, is not sufficient to make compensation to each of them, they shall receive compensation from the owner of the vessel, in proportion to their respective losses; and for that purpose the freighters and owners of the property, and the owner of the vessel, or any of them, may take the appropriate proceedings in any court, for the purpose of apportioning the sum for which the owner of the vessel may be liable among the parties entitled thereto. R S, 4284

It shall be deemed a sufficient compliance on the part of such owner with the requirements of this Title [R. S., 4131-4305] relating to his liability for any embezzlement, loss, or destruction of any property, goods, or merchandise, if he shall transfer his interest in such vessel and freight, for the benefit of such claimants, to a trustee, to be appointed by any court of competent jurisdiction, to act as such trustee for the person who may prove to be legally entitled thereto; from and after which transfer all claims and proceedings against the owner shall cease. R S, 4285

The charterer of any vessel, in case he shall man, victual, and navigate such vessel at his own expense, or by his own procurement, shall be deemed the owner of such vessel within the meaning of the provisions of this Title [R. S., 4131-4305] relating to the limitation of the liability of the owners of vessels; and such vessel, when so chartered, shall be liable in the same manner as if navigated by the owner thereof R S, 4286

Nothing in the five preceding sections shall be construed to take away or affect the remedy to which any party may be entitled, against the master, officers, or seamen, for or on account of any embezzlement, injury, loss, or destruction of merchandise, or property, put on board any vessel, or on account of any negligence, fraud, or other malversation of such master, officers, or seamen, respectively, nor to lessen or take away any responsibility to which any master or seaman of any vessel may by law be liable, notwithstanding such master or seaman may be an owner or part owner of the vessel. R. S., 4287.

Any person shipping oil of vitriol, unslacked lime, inflammable matches, or gunpowder, in a vessel taking cargo for divers persons on freight, without delivering, at the time of shipment, a note in writing, expressing the nature and character of such merchandise, to the master, mate, officer, or person in charge of the lading of the vessel, shall be liable to the United States in a penalty of one thousand dollars R S, 4288

The individual liability of a ship-owner, shall be limited to the proportion of any or all debts and liabilities that his individual share of the vessel bears to the whole; and June 10, 1886

Sec 18.

the aggregate liabilities of all the owners of a vessel on account of the same shall not exceed the value of such vessel and freight pending: *Provided*, That this provision shall not affect the liability of any owner incurred previous to the passage of this act, nor prevent any claimant from joining all the owners in one action; nor shall the same apply to wages due to persons employed by said ship-owners

R S., 4289.
June 19, 1886.
Sec. 4

The provisions of the seven preceding sections, and of section eighteen of an act entitled "An act to remove certain burdens on the American merchant marine and encourage the American foreign carrying-trade, and for other purposes," approved June twenty-sixth, eighteen hundred and eighty-four, relating to the limitations of the liability of the owners of vessels, shall apply to all sea-going vessels, and also to all vessels used on lakes or rivers or in inland navigation, including canal-boats, barges, and lighters.

123. Act of February 13, 1893 (Harter Act).

Feb 13, 1893
Sec 1

It shall not be lawful for the manager, agent, master or owner of any vessel transporting merchandise or property from or between ports of the United States and foreign ports to insert in any bill of lading or shipping document any clause, covenant, or agreement whereby it, he, or they shall be relieved from liability for loss or damage arising from negligence, fault, or failure in proper loading, stowage, custody, care, or proper delivery of any and all lawful merchandise or property committed to its or their charge. Any and all words or clauses of such import inserted in bills of lading or shipping receipts shall be null and void and of no effect.

Sec. 2.

It shall not be lawful for any vessel transporting merchandise or property from or between ports of the United States of America and foreign ports, her owner, master, agent or manager to insert in any bill of lading or shipping document any covenant or agreement whereby the obligations of the owner or owners of said vessel to exercise due diligence, properly equip, man, provision, and outfit said vessel, and to make said vessel seaworthy and capable of performing her intended voyage, or whereby the obligations of the master, officers, agents, or servants to carefully handle and stow her cargo and to care for and properly deliver same, shall in any wise be lessened, weakened, or avoided

Sec. 3.

If the owner of any vessel transporting merchandise or property to or from any port in the United States of America shall exercise due diligence to make the said vessel in all respects seaworthy and properly manned, equipped, and supplied, neither the vessel, or owners, agent, or charterers shall become or be held responsible for damage or loss resulting from faults or errors in navigation or in the management of said vessel, nor shall the

vessel, her owner or owners, charterers, agent, or master, be held liable for losses arising from dangers of the sea or other navigable waters, acts of God, or public enemies, or the inherent defect, quality, or vice of the thing carried, or from insufficiency of package, or seizure under legal process, or for loss resulting from any act or omission of the shipper or owner of the goods, his agent or representative, or from saving or attempting to save life or property at sea, or from any deviation in rendering such service.

It shall be the duty of the owner or owners, masters, or agent of any vessel transporting merchandise or property from or between ports of the United States and foreign ports to issue to shippers of any lawful merchandise a bill of lading, or shipping document, stating, among other things, the marks necessary for identification, number of packages, or quantity, stating whether it be carrier's or shipper's weight, and apparent order or condition of such merchandise or property delivered to and received by the owner, master, or agent of the vessel for transportation, and such document shall be prima facie evidence of the receipt of the merchandise therein described. Sec 4

For a violation of any of the provisions of this act the agent, owner, or master of the vessel guilty of such violation, and who refuses to issue on demand the bill of lading herein provided for, shall be liable to a fine not exceeding two thousand dollars. The amount of the fine and costs for such violation shall be a lien upon the vessel, whose agent, owner, or master is guilty of such violation, and such vessel may be libeled therefor in any district court of the United States, within whose jurisdiction the vessel may be found. One-half of such penalty shall go to the party injured by such violation and the remainder to the Government of the United States Sec 5

This act shall not be held to modify or repeal sections forty-two hundred and eighty-one, forty-two hundred and eighty-two, and forty-two hundred and eighty-three of the Revised Statutes of the United States, or any other statute defining the liability of vessels, their owners, or representatives. Sec 6

Sections one and four of this act shall not apply to the transportation of live animals. Sec 7

ing, or, in his absence, by the collector of the port, conditioned to answer the decree of the court in such cause. Such bond or stipulation shall be returned to the court, and judgment thereon, against both the principal and sureties, may be recovered at the time of rendering the decree in the original cause. And the owner of any vessel may cause to be executed and delivered to the marshal a bond or stipulation, with sufficient surety, to be approved by the judge of the court in which he is marshal, conditioned to answer the decree of said court in all or any cases that shall thereafter be brought in said court against the said vessel, and thereupon the execution of all such process against said vessel shall be stayed so long as the amount secured by such bond or stipulation shall be at least double the aggregate amount claimed by the libellants in such suits which shall be begun and pending against said vessel; and like judgments and remedies may be had on said bond or stipulation as if a special bond or stipulation had been filed in each of said suits. The court may make such orders as may be necessary to carry this section into effect, and especially for the giving of proper notice of any such suit. Such bond or stipulation shall be indorsed by the clerk with a minute of the suits wherein process is so stayed, and further security may at any time be required by the court. If a special bond or stipulation in the particular cause shall be given under this section, the liability as to said cause on the general bond or stipulation shall cease.

Sec 2.

In addition to the annual inspection, the local inspectors shall examine, at proper times, steamers arriving and departing to and from their respective ports, so often as to enable them to detect any neglect to comply with the requirements of law, and also any defects or imperfections becoming apparent after the inspection aforesaid, and tending to render the navigation of the vessels un-

safe; and if they shall discover any omission to comply with the law, or that repairs have become necessary to make the vessel safe, the inspectors shall at once notify the master, in writing, stating in the notice what is required; and if the master deems the requirements unreasonable or unnecessary, he may apply for a reexamination of the case to the supervising inspector, as provided in the preceding section. R. S., 4454

If any master or owner of any steamer shall refuse or neglect to comply with the requirements of the local inspectors, made in pursuance of the preceding section, and shall, contrary thereto and while the same remains unreversed by the supervising inspector, employ the vessel by navigating her, the master and owner shall be liable to a penalty of five hundred dollars for each offense, one-half for the use of the informer; for which sum the vessel itself shall be liable, and may be seized and proceeded against by libel in any district court having jurisdiction; and the master and owner, and the vessel itself, shall, in addition thereto, be liable for any damage to passengers and their baggage which shall occur from any defects as stated in the notice prescribed in the preceding section.

R. S., 4491

No kind of instrument, machine, or equipment, for the better security of life, provided for by this Title [R. S., 4399-4500] shall be used on any steam-vessel which shall not first be approved by the board of supervising inspectors, and also by the Secretary of Commerce and Labor

R. S., 4463.

No steamer carrying passengers shall depart from any port unless she shall have in her service a full complement of licensed officers and full crew, sufficient at all times to manage the vessel, including the proper number of watchmen. But if any such vessel, on her voyage, is deprived of the services of any licensed officer, without the consent, fault, or collusion of the master, owner, or any person interested in the vessel, the deficiency may be temporarily supplied, until others licensed can be obtained.

In applying the directions of the preceding section [4418] to steamboats used exclusively for towing and carrying freight on the Mississippi River and its tributaries, the local inspectors shall substitute, for such boats, one hundred and fifty pounds of steam pressure in place of one hundred and ten pounds for the standard pressure upon standard boilers of forty-two inches diameter, and of plates of one-quarter of an inch in thickness; and such boats may, on the written permit of the supervising inspector of the district in which such boats shall carry on their business, be permitted to carry steam above the standard pressure of one hundred and ten pounds, but not exceeding the standard pressure of one hundred and fifty pounds, to the square inch.

persons engaged in navigating such vessels and secured by the inspectors

R. S., 4428

Every boiler manufactured to be used on steam-vessels, and made of iron or steel plates shall be constructed of plates that have been stamped in accordance with the provisions of this Title [R. S., 4399-4500].

R. S., 4429

Every person who constructs a boiler, or steam-pipe connecting the boilers, to be used on steam-vessels, of iron or steel plates which have not been duly stamped and inspected according to the provisions of this Title [R. S., 4399-4500], or who knowingly uses any defective, bad, or faulty iron or steel in the construction of such boilers; or who drifts any rivet-hole to make it come fair; or who delivers any such boiler for use, knowing it to be imperfect in its flues, flanging, riveting, bracing, or in any other of its parts, shall be fined one thousand dollars, one-half for the use of the informer. Nothing in this Title shall be so construed as to prevent from being used, on any steamer, any boiler or steam-generator which may not be constructed of riveted iron or steel plates, when the board of supervising inspectors have satisfactory evidence that such boiler or steam-generator is equal in strength, and as safe from explosion, as a boiler of the best quality constructed of riveted iron or steel plates: *Provided, however,* That the Secretary of Commerce and Labor may grant permission to use any boiler or steam-generator not constructed of riveted iron or steel plates upon the certificate of the supervising inspector of steamboats for the district wherein such boiler or generator is to be used, and other satisfactory proof that the use of the same is safe and efficient; said permit to be valid until the next regular meeting of the supervising inspectors who shall act thereon.

R. S., 4430.

Every iron or steel plate used in the construction of steamboat-boilers, and which shall be subject to a tensile strain, shall be inspected in such manner as shall be prescribed by the board of supervising inspectors and approved by the Secretary of Commerce and Labor, so as to enable the inspectors to ascertain its tensile strength, homogeneousness, toughness, and ability to withstand the effect of repeated heating and cooling; and no iron or steel plate shall be used in the construction of such boilers which has not been inspected and approved under those rules.

Sec. 10.

And the Supervising Inspector-General may, under the direction of the Secretary of Commerce and Labor, detail assistant inspectors from any local inspection district where assistant inspectors are employed, to inspect iron or steel boiler plates at the mills where the same are manufactured; and if the plates are found in accordance with the rules of the supervising inspectors, the assistant inspector shall stamp the same with the initials of his name,

followed by the letters and words, 'U. S. Assistant Inspector;' and material so stamped shall be accepted by the local inspectors in the districts where such material is to be manufactured into marine boilers as being in full compliance with the requirements of this section regarding the inspection of boiler plates; it being further provided that any person who affixes any false, forged, fraudulent, spurious, or counterfeit of the stamp herein authorized to be put on by an assistant inspector, shall be deemed guilty of a felony, and shall be fined not less than one thousand dollars, nor more than five thousand dollars, and imprisoned not less than two years nor more than five years.

Every plate of boiler-iron or steel, made for use in the construction of steamboat-boilers, shall be distinctly and permanently stamped by the manufacturer thereof, and, if practicable, in such places that the marks shall be left visible when such plates are worked into boilers, with the name of the manufacturer, the place where manufactured, and the number of pounds tensile strain it will bear to the sectional square inch; and the inspectors shall keep a record in their office of the stamps upon all boiler-plates and boilers which they inspect.

R S., 4431

Every person who counterfeits, or causes to be counterfeited, any of the marks or stamps prescribed for boiler iron or steel plates, or who designedly stamps, or causes to be stamped falsely, any such plates; and every person who stamps or marks, or causes to be stamped or marked, any such iron or steel plates with the name or trade-mark of another, with the intent to mislead or deceive, shall be fined two thousand dollars, one-half to the use of the informer, and may, in addition thereto, at the discretion of the court, be imprisoned not exceeding two years

R S., 4432.

The working steam-pressure allowable on boilers constructed of plates inspected as required by this Title [R. S., 4399-4500], when single-riveted, shall not produce a strain to exceed one-sixth of the tensile strength of the iron or steel plates of which such boilers are constructed; but where the longitudinal laps of the cylindrical parts of such boilers are double-riveted, and the rivet-holes for such boilers have been fairly drilled instead of punched, an addition of twenty per centum to the working pressure provided for single-riveting may be allowed. *Provided*, That all other parts of such boilers shall correspond in strength to the additional allowances so made; and no split-calking shall in any case be permitted.

R. S., 4433.

No externally fired boiler having its shell constructed of iron or steel plates exceeding an average thickness of thirty one-hundredths of an inch shall be employed on any steam vessel navigating the Red River of the North or rivers flowing into the Gulf of Mexico or their tributaries; and no externally fired boiler employed on any such steam vessel shall have less than three inches space

between its shell and any of its internal flues, and not less than three inches space between such flues when any such flues are more than five inches in diameter; and every such externally fired boiler employed on any such steam vessel shall be provided with a manhole in the lower part of the front head thereof, of such dimensions as may be prescribed by the board of supervising inspectors, in all cases where the distance between its internal flues is less than three inches. Externally fired boilers having shells constructed of iron or steel plates not exceeding an average thickness of fifty one-hundredths of an inch may, in the discretion of the Secretary of Commerce and Labor, be authorized and employed on steam vessels navigating the Atlantic and Pacific oceans, or salt-water bays or sounds, or the Great Lakes, or any of them, and waters flowing to and from the same, or any of them: *Provided*, That on inspection no plate that is by this act limited to a thickness of thirty one-hundredths of an inch and no plate that is by this Act limited to a thickness of fifty one-hundredths of an inch shall be rejected for use if found to exceed those dimensions, respectively, if the average thickness thereof does not exceed the limits therein specified, and the amount of steam pressure that will be permitted to be carried in boilers constructed in accordance with the requirements of this act shall be determined from measurements showing the least thickness of the plates.

130. Loading safety-valve.

R S, 4437.

Every person who intentionally loads or obstructs, or causes to be loaded or obstructed, in any way or manner, the safety-valve of a boiler, or who employs any other means or device whereby the boiler may be subjected to a greater pressure than the amount allowed by the certificate of the inspectors, or who intentionally deranges or hinders the operation of any machinery or device employed to denote the state of the water or steam in any boiler, or to give warning of approaching danger, or who intentionally permits the water to fall below the prescribed low-water line of the boiler, and every person concerned therein, directly or indirectly, shall be guilty of a misdemeanor, and shall be fined two hundred dollars, and may also be imprisoned not exceeding five years.

131. Water-tight bulkheads.

R S, 4480

Every sea-going steamer, and every steamer navigating the great northern or northwestern lakes, carrying passengers, the building of which shall be completed after the twenty-eighth day of August, eighteen hundred and seventy-one, shall have not less than three water-tight cross-bulk-heads, such bulk-heads to reach to the main-deck in single-decked vessels, otherwise to the deck next below the main-deck; to be made of iron plates, sustained upon suitable frame-work; and to be properly secured to the hull of the vessel. The position of such bulk-heads

and the strength of material of which the same shall be constructed shall be determined by the general rules of the board of supervising inspectors.

Steam-vessels of one hundred tons burden or under, engaged in the coastwise bays and harbors of the United States, may be licensed by the United States local inspectors of steam-vessels to carry passengers or excursions on the ocean or upon the Great Lakes of the North or Northwest, not exceeding fifteen miles from the mouth of such bays or harbors, without being required to have the three water-tight cross-bulkheads provided by section forty-four hundred and ninety of the Revised Statutes for other passenger steamers: *Provided*, That in the judgment of the local inspector such steamers shall be safe and suitable for such navigation without danger to human life, and that they shall have one water-tight collision bulkhead not less than five feet abaft the stem of said steamer.

132 Life boats, lines, and preservers.

Every steam-vessel navigating rivers only, except ferry-boats, freight-boats, canal-boats, and towing-boats, of less than fifty tons, shall have at least one good substantial boat with lines attached, and properly supplied with oars, and kept in good condition at all times, and ready for immediate use, and in addition thereto, every such vessel carrying passengers shall have one or more metallic life-boats, fireproof, and in all respects good and substantial boats, of such dimensions and arrangements as the board of supervising inspectors by their regulations shall prescribe, which boats shall be carried in the most convenient manner to be brought into immediate use in case of accident. But where the character of the navigation is such that, in the opinion of the supervising inspector, the metallic life-boats can be dispensed with, he may exempt any such vessel from carrying the same; or may require a substitute therefor, at his discretion.

R S, 4481

Every such steam-vessel carrying passengers shall also be provided with a good life-preserver, made of suitable material, for every cabin passenger for which she will have accommodation, and also a good life-preserver or float for each deck or other class passenger which the inspector's certificate shall allow her to carry, including the officers and crew; which life-preservers or floats shall be kept in convenient and accessible places on such vessel in readiness for immediate use in case of accident.

R S, 4482

Every steamer navigating the ocean, or any lake, bay, or sound of the United States, shall be provided with such numbers of lifeboats, floats, rafts, life-preservers, line-carrying projectiles, and the means of propelling them, and drags, as will best secure the safety of all persons on board such vessel in case of disaster; and every seagoing vessel carrying passengers, and every such ves-

sel navigating any of the northern or northwestern lakes, shall have the lifeboats required by law, provided with suitable boat-disengaging apparatus, so arranged as to allow such boats to be safely launched while such vessels are under speed or otherwise, and so as to allow such disengaging apparatus to be operated by one person, disengaging both ends of the boat simultaneously from the tackles by which it may be lowered to the water. And the board of supervising inspectors shall fix and determine, by their rules and regulations, the character of lifeboats, floats, rafts, life-preservers, line-carrying projectiles, and the means of propelling them, and drags that shall be used on such vessels, and also the character and capacity of pumps or other appliances for freeing the steamer from water in case of heavy leakage, the capacity of such pumps or appliances being suited to the navigation in which the steamer is employed. Every vessel subject to the provisions of this title [R. S., 4399-4500] shall, while in operation, carry one life-preserver for each and every person allowed to be carried on said vessel by the certificate of inspection, including each member of the crew: *Provided, however,* That upon such vessels and under such conditions as are specified in section forty-four hundred and eighty-two floats may be substituted for life-preservers. Any person who willfully and knowingly manufactures or sells, or offers for sale, or has in his possession with intent to sell, life-preservers containing metal or other nonbuoyant material, for the purpose of increasing the weight thereof, or more metal or other such material than is reasonably necessary for the construction thereof, or who shall so manufacture, sell, offer for sale, or possess with intent to sell any other articles commonly used for preservation of life or the prevention of fire on board vessels subject to the provisions of this title, which articles shall be so defective as to be inefficient to accomplish the purposes for which they are respectively intended and designed, shall upon conviction, be fined not more than two thousand dollars, and may, in addition thereto, in the discretion of the court, be imprisoned not exceeding five years.

133. Stairways and deck room.

R. S., 4484

Every such steam-vessel carrying passengers on the main-deck shall be provided with permanent stairways and other sufficient means, convenient to the passengers, for their escape to the upper deck, in case of the vessel

sinking or of other accident endangering life; and in the stowage of freight upon such deck, where passengers are carried, gangways or passages, sufficiently large to allow persons to pass freely through them, shall be left open both fore and aft of the vessel, and also to and along the guards on each side.

The captain or mate of every such steam-vessel carrying passengers upon the main-deck shall assign to all deck-passengers, when taking passage, the space on deck they may occupy during the voyage, and such space shall not thereafter be occupied by freight, nor overcrowded by other persons, nor shall freight be stowed about the boilers or machinery, in such a manner as to obstruct or prevent the engineer from readily attending to his duties. every steamer carrying passengers, which also carries cotton, hay, or hemp, shall be provided with a good double-acting steam fire-pump, or other equivalent apparatus for throwing water. Such pump or other apparatus for throwing water shall be kept at all times and at all seasons of the year in good order and ready for immediate use, having at least two pipes of suitable dimensions, one on each side of the vessel, to convey the water to the upper decks, to which pipes there shall be attached, by means of stop-cocks or valves, both between decks and on the upper deck, good and suitable hose of sufficient strength to stand a pressure of not less than one hundred pounds to the square inch, long enough to reach to all parts of the vessel and properly provided with nozzles, and kept in good order and ready for immediate service. Every steamer exceeding two hundred tons burden and carrying passengers shall be provided with two good double-acting fire-pumps, to be worked by hand; each chamber of such pumps, except pumps upon steamers in service on the twenty-eighth day of February, eighteen hundred and seventy-one, shall be of sufficient capacity to contain not less than one hundred cubic inches of water; and such pumps shall be placed in the most suitable parts of the vessel for efficient service, having suitable well-fitted hose to each pump, of at least one-half the vessel in length, kept at all times in perfect order, and shipped up and ready for immediate use. On every steamer not exceeding two hundred tons, one of such pumps may be dispensed with. Each fire-pump thus prescribed shall be supplied with water by means of a suitable pipe connected therewith, and passing through the side of the vessel so low as to be at all times under water when she is afloat. Every steamer shall also be provided with a pump which shall be of sufficient strength and suitably arranged to test the boilers thereof.

R. S., 4477

Every steamer carrying passengers during the night-time shall keep a suitable number of watchmen in the cabins, and on each deck, to guard against fire or other dangers, and to give alarm in case of accident or disaster.

R. S., 4478

For any neglect to keep the watchmen required by the preceding section, the license of the officer in charge of the vessel for the time being shall be revoked; and every owner of such vessel who neglects or refuses to furnish the number of men necessary to keep watch as required, shall be fined one thousand dollars.

R. S., 4479.

The board of supervising inspectors may require steamers carrying either passengers or freight to be provided with such number and kind of good and efficient portable fire-extinguishers as, in the judgment of the board, may be necessary to protect them from fire when such steamers are moored or lying at a wharf without steam to work the pumps.

Every such steam vessel carrying passengers shall keep such fire buckets, axes, and water barrels as shall be prescribed by the regulations established by the board of supervising inspectors, with the approval of the Secretary of Commerce and Labor. The buckets and barrels shall be kept in convenient places and filled with water, to be in readiness in case of fire, and the axes shall be kept in good order and ready for immediate use. Tanks of suitable dimensions and arrangement, or buckets in sufficient number, may be substituted for barrels.

136 Inflammable or explosive cargo

Upon the application of any master or owner of any steam-vessel employed in the carriage of passengers, for a license to carry gunpowder, the local inspectors shall examine such vessel, and if they find that she is provided with a chest or safe composed of metal, or entirely lined and sheathed therewith, or if the vessel has one or more compartments thoroughly lined and sheathed with metal, at a secure distance from any fire, they may grant a certificate to that effect, authorizing such vessel to carry as freight, within such chest, safes, or compartments, the article of gunpowder

R. S., 4280.

The two preceding sections shall not be so construed as to prevent any State, Territory, district, city, or town within the United States from regulating or from prohibiting the traffic in or transportation of those substances, between persons or places lying or being within their respective territorial limits, or from prohibiting the introduction thereof into such limits, for sale, use, or consumption therein.

137. Carriage of passengers

The inspectors shall state in every certificate of inspection granted to steamers carrying passengers, other than ferry-boats, the number of passengers of each class that any such steamer has accommodations for, and can carry with prudence and safety

R S, 4464

It shall not be lawful to take on board of any steamer a greater number of passengers than is stated in the certificate of inspection; and for every violation of this provision the master or owner shall be liable, to any person suing for the same, to forfeit the amount of passage-money and ten dollars for each passenger beyond the number allowed.

R S, 4465

Any steam vessel engaged in the business of towing vessels, rafts, or water craft of any kind, also steam vessels engaged in oyster dredging and planting, and fishing steamers engaged in food fishing on the Great Lakes and all other inland waters of the United States, and not carrying passengers, may be authorized and licensed by the supervising inspector of the district in which said steamer shall be employed to carry on board such number of persons, in addition to its crew, as the supervising inspector, in his judgment, shall deem necessary to carry on the legitimate business of such towing, oyster and fishing steamers, not exceeding, however, one person to every net ton of measurement of said steamers: *Provided, however*, That the person so allowed to be carried shall not be carried for hire

July 9, 1886
Sec 2.

If any passenger-steamer engages in excursions, the inspectors shall issue to such steamer a special permit, in writing, for the occasion, in which shall be stated the additional number of passengers that may be carried, and the number and kind of life-saving appliances that shall be provided for the safety of such additional passengers; and they shall also, in their discretion, limit the route and distance for such excursions

R. S., 4466

The master of every passenger-steamer shall keep a correct list of all the passengers received and delivered from day to day, noting the places where received and where landed, which record shall be open to the inspection of the inspectors and officers of the customs at all times; and the aggregate number of passengers shall be furnished to inspectors as often as called for; but on routes not exceeding one hundred miles, the number of passengers, if kept, shall be sufficient.

R S, 4467

Every master of any passenger-steamer who fails, through negligence or design, to keep a list of passengers, as required by the preceding section, shall be liable to a penalty of one hundred dollars.

R S, 4468.

R. S., 4460

The penalties imposed by sections forty-four hundred and sixty-five and forty-four hundred and sixty-eight shall be a lien upon the vessel in each case; but a bond may, as provided in other cases, be given to secure the satisfaction of the judgment.

138. Certificate of inspection.

R. S., 4421

When the inspection of a steam-vessel is completed and the inspectors approve the vessel and her equipment throughout, they shall make and subscribe a certificate to the collector or other chief officer of the customs of the district in which such inspection has been made, in accordance with the form and regulations prescribed by the board of supervising inspectors. Such certificate shall be verified by the oaths of the inspectors signing it, before the chief officer of the customs of the district, or any other person competent by law to administer oaths. If the inspectors refuse to grant a certificate of approval, they shall make a statement in writing, and sign the same, giving the reasons for their disapproval.

Upon such inspection and approval, the inspectors shall also make and subscribe a temporary certificate, which shall set forth substantially the fact of such inspection and approval, and shall deliver the same to the master or owner of the vessel, and shall keep a copy thereof on file in their office. The said temporary certificate shall be carried and exposed by vessels in the same manner as is provided in section forty-four hundred and twenty-three for copies of the regular certificate, and the form thereof and the period during which it is to be in force shall be as prescribed by the board of supervising inspectors, or the executive committee thereof, as provided in section forty-four hundred and five. And such temporary certificate, during such period and prior to the delivery to the master or owner of the copies of the regular certificate, shall take the place of, and be a substitute for, such copies of the regular certificate of inspection, as required by sections forty-four hundred and twenty-three, forty-four hundred and twenty-four, and forty-four hundred and twenty-six, and for the purposes of said sections, and shall also, during such period, be a substitute for the regular certificate of inspection as required by section forty-four hundred and ninety-eight and for the purposes of said section until such regular certificate of inspection has been filed with the collector or other chief officer of customs. Such temporary certificate shall also be subject to revocation in the manner and under the conditions provided in section forty-four hundred and fifty-three. No vessel required to be inspected under the provisions of this title shall be navigated without having on board an unexpired regular certificate of inspection or such temporary certificate.

Sec 42

It shall not be lawful for the master of a steamship or other vessel whereon emigrant passengers, or passengers other than cabin passengers, have been taken at any port or place in a foreign country or dominion (ports and places in foreign territory contiguous to the United States excepted) to bring such vessel and passengers to any port or place in the United States unless the compartments, spaces, and accommodations hereinafter mentioned have been provided, allotted, maintained, and used for and by such passengers during the entire voyage; that is to say, in a steamship, the compartments or spaces, unobstructed by cargo, stores, or goods, shall be of sufficient dimensions to allow for each and every passenger carried or brought therein one hundred cubic feet, if the compartment or space is located on the main deck or on the first deck next below the main deck of the vessel, and one hundred and twenty cubic feet for each passenger carried or brought therein if the compartment or space is located on the second deck below the main deck of the vessel; and it shall not be lawful to carry or bring passengers on any deck other than the decks above mentioned. And in sailing-vessels such passengers shall be carried or brought only on the deck (not being an orlop deck) that is next below the main deck of the vessel, or in a poop or deck-house constructed on the main deck; and the compartment or space, unobstructed by cargo, stores, or goods, shall be of sufficient dimensions to allow one hundred and ten cubic feet for each and every passenger brought therein. And such passengers shall not be carried or brought in any between-decks, nor in any compartment, space, poop, or deck-house, the height of which from deck to deck is less than six feet. In computing the number of such passengers carried or brought in any vessel, children under one year of age shall not be included, and two children between one and eight years of age shall be counted as one passenger; and any person brought in such vessel who

shall have been, during the voyage, taken from any other vessel wrecked or in distress on the high seas, or have been picked up at sea from any boat, raft, or otherwise, shall not be included in such computation. The master of a vessel coming to a port or place in the United States in violation of either of the provisions of this section shall be deemed guilty of a misdemeanor; and if the number of passengers other than cabin passengers carried or brought in the vessel, or in any compartment, space, poop, or deck-house thereof, is greater than the number allowed to be carried or brought therein, respectively, as hereinbefore prescribed, the said master shall be fined fifty dollars for each and every passenger in excess of the proper number, and may also be imprisoned not exceeding six months.

[For section one, on and after January first, 1909, substitute the following.] It shall not be lawful for the master of a steamship or other vessel whereon immigrant passengers, or passengers other than cabin passengers, have been taken at any port or place in a foreign country or dominion (ports and places in foreign territory contiguous to the United States excepted) to bring such vessel and passengers to any port or place in the United States unless the compartments, spaces, and accommodations hereinafter mentioned have been provided, allotted, maintained, and used for and by such passengers during the entire voyage; that is to say, in a steamship, the compartments or spaces, unobstructed by cargo, stores, or goods, shall be of sufficient dimensions to allow for each and every passenger carried or brought therein eighteen clear superficial feet of deck allotted to his or her use, if the compartment or space is located on the main deck or on the first deck next below the main deck of the vessel, and twenty clear superficial feet of deck allotted to his or her use for each passenger carried or brought therein if the compartment or space is located on the second deck below the main deck of the vessel. *Provided*, That if the height between the lower passenger deck and the deck immediately above it is less than seven feet, or if the apertures (exclusive of the side scuttles) through which light and air are admitted together to the lower passenger deck are less in size than in the proportion of three square feet to every one hundred superficial feet of that deck, the ship shall not carry a greater number of passengers on that deck than in the proportion of one passenger to every thirty clear superficial feet thereof. It shall not be lawful to carry or bring passengers on any deck other than the decks above mentioned. And in sailing vessels such passengers shall be carried or brought only on the deck (not being an orlop deck) that is next below the main deck of the vessel, or in a poop or deck house constructed on the main deck; and the compartment or space, unobstructed by cargo, stores, or goods, shall be of sufficient dimensions to allow one hundred and ten cubic feet

for each and every passenger brought therein. And such passengers shall not be carried or brought in any between decks, nor in any compartment, space, poop, or deck house, the height of which from deck to deck is less than six feet. In computing the number of such passengers carried or brought in any vessel, children under one year of age shall not be included, and two children between one and eight years of age shall be counted as one passenger, and any person brought in any such vessel who shall have been, during the voyage, taken from any other vessel wrecked or in distress on the high seas, or have been picked up at sea from any boat, raft, or otherwise, shall not be included in such computation. The master of a vessel coming to a port or place in the United States in violation of either of the provisions of this section shall be deemed guilty of a misdemeanor, and if the number of passengers other than cabin passengers carried or brought in the vessel, or in any compartment, space, poop, or deck house thereof, is greater than the number allowed to be carried or brought therein, respectively, as hereinbefore prescribed, the said master shall be fined fifty dollars for each and every passenger in excess of the proper number, and may also be imprisoned not exceeding six months. This section shall take effect on January first, nineteen hundred and nine.

Aug 2, 1882
Sec 2

In every such steamship or other vessel there shall be a sufficient number of berths for the proper accommodation as hereinafter provided, of all such passengers. There shall not be on any deck nor in any compartment or space occupied by such passengers more than two tiers of berths. The berths shall be properly constructed, and be separated from each other by partitions, as berths ordinarily are separated, and each berth shall be at least two feet in width and six feet in length; and the interval between the floor or lowest part of the lower tier of berths and the deck beneath them shall not be less than six inches, nor the interval between each tier of berths, and the interval between the uppermost tier and the deck above it, less than two feet six inches; and each berth shall be occupied by not more than one passenger over eight years of age; but double berths of twice the above-mentioned width may be provided, each double berth to be occupied by no more and by none other than two women, or by one woman and two children under the age of eight years, or by husband and wife, or by a man and two of his own children under the age of eight years, or by two men personally acquainted with each other. All the male passengers upwards of fourteen years of age who do not occupy berths with their wives shall be berthed in the fore part of the vessel, in a compartment divided off from the space or spaces appropriated to the other passengers by a substantial and well-secured bulkhead; and unmarried female passengers shall be berthed in a compartment separated

from the spaces occupied by other passengers by a substantial and well-constructed bulkhead, the opening or communication from which to an adjoining passenger space shall be so constructed that it can be closed and secured. Families, however, shall not be separated except with their consent. Each berth shall be numbered serially, on the outside berth-board, according to the number of passengers that may lawfully occupy the berth; and the berths occupied by such passengers shall not be removed or taken down until the expiration of twelve hours from the time of entry, unless previously inspected within a shorter period. For any violation of either of the provisions of this section the master of the vessel shall be liable to a fine of five dollars for each passenger carried or brought on the vessel.

144. Light and air

Every such steamship or other vessel shall have adequate provisions for affording light and air to the passenger-decks and to the compartments and spaces occupied by such passengers, and with adequate means and appliances for ventilating the said compartments and spaces. To compartments having sufficient space for fifty or more of such passengers at least two ventilators, each not less than twelve inches in diameter, shall be provided, one of which ventilators shall be inserted in the forward part of the compartment, and the other in the after part thereof, and shall be so constructed as to ventilate the compartment; and additional ventilators shall be provided for each compartment in the proportion of two ventilators for each additional fifty of such passengers carried or brought in the compartment. All ventilators shall be carried at least six feet above the uppermost deck of the vessel, and shall be of the most approved form and construction. In any steamship the ventilating apparatus provided, or any method of ventilation adopted thereon, which has been approved by the proper emigration officers at the port or place from which said vessel was cleared, shall be deemed a compliance with the foregoing provisions; and in all vessels carrying or bringing such passengers there shall be properly-constructed hatchways over the compartments or spaces occupied by such passengers, which hatchway shall be properly covered with houses or booby hatches, and the combings or sills of which shall rise at least six inches above the deck; and there shall be proper companion-ways or ladders from each hatchway leading to the compartments or spaces occupied by such passengers; and the said companion-ways or ladders shall be securely constructed, and be provided with hand-rails or strong rope, and, when the weather will permit, such passengers shall have the use of each hatchway situated over the compartments or spaces appropriated to their use; and every vessel carrying or bringing such passengers shall have a

properly located and constructed caboose and cooking-range, or other cooking apparatus, the dimensions and capacity of which shall be sufficient to provide for properly cooking and preparing the food of all such passengers. In every vessel carrying or bringing such passengers there shall be at least two water-closets or privies, and an additional water-closet or privy for every one hundred male passengers on board, for the exclusive use of such male passengers, and an additional water-closet or privy for every fifty female passengers on board, for the exclusive use of the female passengers and young children on board. The aforesaid water-closets and privies shall be properly enclosed and located on each side of the vessel, and shall be separated from passengers' spaces by substantial and properly-constructed partitions or bulkheads; and the water-closets and privies shall be kept and maintained in a serviceable and cleanly condition throughout the voyage. For any violation of either of the provisions of this section, or for any neglect to conform to the requirements thereof, the master of the vessel shall be liable to a penalty not exceeding two hundred and fifty dollars.

Three meals shall be served daily, at regular and stated hours, of which hours sufficient notice shall be given. If any such passengers shall at any time during the voyage be put on short allowance for food and water, the master of the vessel shall pay to each passenger three dollars for each and every day the passenger may have been put on short allowance, except in case of accidents, where the captain is obliged to put the passengers on short allowance. Mothers with infants and young children shall be furnished the necessary quantity of wholesome milk or condensed milk for the sustenance of the latter. Tables and seats shall be provided for the use of passengers at regular meals. And for every willful violation of any of the provisions of this section the master of the vessel shall be deemed guilty of a misdemeanor and shall be fined not more than five hundred dollars, and be imprisoned for a term not exceeding six months. The enforcement of this penalty, however, shall not affect the civil responsibility of the master and owners of the vessel to such passengers as may have suffered from any negligence, breach of contract, or default on the part of such master and owners.

146. Medical attendance.

Sec. 5.

In every such steamship or other vessel there shall be properly built and secured, or divided off from other

The hospital spaces shall in no case be less than in the proportion of eighteen clear superficial feet for every fifty such passengers who are carried or brought on the vessel, and such hospitals shall be supplied with proper beds, bedding, and utensils, and be kept so supplied throughout the voyage. And every steamship or other vessel carrying or bringing emigrant passengers, or passengers other than cabin passengers, exceeding fifty in number, shall carry a duly qualified and competent surgeon or medical practitioner, who shall be rated as such in the ship's articles, and who shall be provided with surgical instruments, medical comforts, and medicines proper and necessary for diseases and accidents incident to sea-voyages, and for the proper medical treatment of such passengers during the voyage, and with such articles of food and nourishment as may be proper and necessary for preserving the health of infants and young children; and the services of such surgeon or medical practitioner shall be promptly given, in any case of sickness or disease, to any of the passengers, or to any infant or young child of any such passengers, who may need his services. For a violation of either of the provisions of this section the master of the vessel shall be liable to a penalty not exceeding two hundred and fifty dollars.

147. Discipline and cleanliness.

The master of every such steamship or other vessel is authorized to maintain good discipline and such habits of cleanliness among such passengers as will tend to the preservation and promotion of health, and to that end he shall cause such regulations as he may adopt for such purpose to be posted up on board the vessel, in a place or places accessible to such passengers, and shall keep the same so posted up during the voyage. The said master shall cause the compartments and spaces provided for, or occupied by, such passengers to be kept at all times in a clean and healthy condition, and to be, as often as may be necessary, disinfected with chloride of lime, or by some other equally efficient disinfectant. Whenever the state of the weather will permit, such passengers and their bedding shall be mustered on deck, and a clear and sufficient space on the main or any upper deck of the vessel shall be set apart, and so kept, for the use and exercise of such passengers during the voyage. For each neglect or violation of any of the provisions of this section the master of the vessel shall be liable to a penalty not exceeding two hundred and fifty dollars.

Sec 6

148. Privacy of passengers

Sec 7.

Neither the officers, seamen, nor other persons employed on any such steamship or other vessel shall visit or frequent any part of the vessel provided or assigned to the use of such passengers, except by the direction or permission of the master of such vessel first made or given for such purpose; and every officer, seaman, or other person employed on board of such vessel who shall violate the provisions of this section shall be deemed guilty of a misdemeanor, and may be fined not exceeding one hundred dollars, and be imprisoned not exceeding twenty days, for each violation; and the master of such vessel who directs or permits any officer, seaman, or other person employed on board the vessel to visit or frequent any part of the vessel provided for or assigned to the use of such passengers, or the compartments or spaces occupied by such passengers, except for the purpose of doing or performing some necessary act or duty as an officer, seaman, or other person employed on board of the vessel, shall be deemed guilty of a misdemeanor, and may be fined not more than one hundred dollars for each time he directs or permits the provisions of this section to be violated. A copy of this section, written or printed in the language or principal languages of the passengers on board, shall, by or under the direction of the master of the vessel, be posted in a conspicuous place on the forecastle and in the several parts of the vessel provided and assigned for the use of such passengers, and in each compartment or space occupied by such passengers, and the same shall be kept so posted during the voyage; and if the said master neglects so to do, he shall be deemed guilty of a misdemeanor, and shall be fined not more than one hundred dollars.

149 Explosives; cattle

Sec 8.

It shall not be lawful to take, carry, or have on board of any such steamship or other vessel any nitro-glycerine, dynamite, or any other explosive article or compound, nor any vitriol or like acids, nor gunpowder, except for the ship's use, nor any article or number of articles, whether as a cargo or ballast, which, by reason of the nature or quantity or mode of storage thereof, shall, either singly or collectively, be likely to endanger the health or lives of the passengers or the safety of the vessel, and horses, cattle, or other animals taken on board of or brought in any such vessel shall not be carried on any deck below the deck on which passengers are berthed, nor in any compartment in which passengers are berthed, nor in any adjoining compartment except in a vessel built of iron, and of which the compartments are divided off by watertight bulkheads extending to the upper deck. mation shall exclude from the benefits of the suspension herein authorized the vessels of any foreign country in whose ports the fees or dues of any kind or nature imposed on vessels of the United States, or the import or export duties on their cargoes, are in excess of the fees, dues, or duties imposed on the vessels of such country, Apr. 4, 1888
or on the cargoes of such vessels

But this proviso shall not be held to be inconsistent with the special regulation by foreign countries of duties and other charges on their own vessels, and the cargoes thereof engaged in their coasting trade, or with the existence between such countries and other states of reciprocal stipulations founded on special conditions and equivalents, and thus not within the treatment of American vessels under the most-favored nation clause in treaties between the United States and such countries.

The President be, and hereby is, directed to cause the Governments of foreign countries which, at any of their ports, impose on American vessels a tonnage-tax or light-house dues, or other equivalent tax or taxes, or any other fees, charges, or dues, to be informed of the provisions of the preceding section, and invited to co-operate with the Government of the United States in abolishing all light-house dues, tonnage-taxes, or other equivalent tax or taxes on, and also all other fees for official services to, the vessels of the respective nations employed in the trade between the ports of such foreign country and the ports of the United States. June 10, 1886.
Sec 12.

No vessel belonging to any citizen of the United States, trading from one part within the United States to another port within the United States, or employed in the bank, whale, or other fisheries, shall be subject to tonnage tax or duty, if such vessel be licensed, registered or enrolled. R S , 4220

In cases of vessels making regular daily trips between any port of the United States and any port in the Dominion of Canada, wholly upon interior waters not navigable to the ocean, no tonnage or clearance fees shall be charged against such vessel by the officers of the United States, except upon the first clearing of such vessel in each year. R S , 4221

The mail steamships employed in the mail service between the United States and Brazil shall be exempt from all port-charges and custom-house dues at the port of departure and arrival in the United States if, and so long as, a similar immunity from port-charges and custom-house dues is granted by the government of Brazil. R S , 4232

157. Discriminating tonnage taxes

manufactures, or merchandise imported in the same from the United States or from any foreign country, the President may issue his proclamation, declaring that the foreign discriminating duties of tonnage and impost within the United States are suspended and discontinued, so far as respects the vessels of such foreign nation, and the produce, manufactures, or merchandise imported into the United States from such foreign nation, or from any other foreign country; the suspension to take effect from the time of such notification being given to the President, and to continue so long as the reciprocal exemption of vessels, belonging to citizens of the United States, and their cargoes, shall be continued, and no longer.

July 24, 1897 *Provided*, That the President is authorized to suspend in part the operation of sections forty-two hundred and nineteen and twenty-five hundred and two so that foreign vessels from a country imposing partial discriminating tonnage duties upon American vessels, or partial discriminating import duties upon American merchandise, may enjoy in our ports the identical privileges which the same class of American vessels and merchandise may enjoy in said foreign country.

R S., 4220 No other or higher rate of duties shall be imposed or collected on vessels of Prussia, or of her dominions, from whencesoever coming, nor on their cargoes, howsoever composed, than are or may be payable on vessels of the United States, and their cargoes

R. S., 4230. The preceding section shall continue and be in force during the time that the equality for which it provides shall, in all respects, be reciprocated in the ports of Prussia and her dominions; and if at any time hereafter the equality shall not be reciprocated in the ports of Prussia and her dominions, the President may issue his proclamation, declaring that fact, and thereupon the section preceding shall cease to be in force.

R. S., 4231. From Spanish vessels coming from any port or place in Spain or her colonies, where no discriminating or countervailing duties on tonnage are levied upon vessels of the United States, or from any other port or place to and with which vessels of the United States are ordinarily permitted to go and trade, there shall be exacted in the ports of the United States no other or greater duty on tonnage than at the time may be exacted of vessels of the United States.

158. Alien tonnage taxes (in exceptional cases).

R S., 4219. ¹⁸⁹⁷ Upon vessels which shall be entered in the United States from any foreign port or place there shall be paid duties as follows: On vessels built within the United States but belonging wholly or in part to subjects of foreign powers, at the rate of 30 cents per ton; on other vessels not of the United States, at the rate of 50 cents

per ton. Upon every vessel not of the United States, which shall be entered in one district from another district, having on board goods, wares, or merchandise taken in one district to be delivered in another district, duties shall be paid at the rate of 50 cents per ton. Nothing in this section shall be deemed in any wise to impair any rights or privileges which have been or may be acquired by any foreign nation under the laws and treaties of the United States relative to the duty of tonnage on vessels. On all foreign vessels which shall be entered in the United States from any foreign port or place, to and with which vessels of the United States are not ordinarily permitted to enter and trade, there shall be paid a duty at the rate of two dollars per ton; and none of the duties on tonnage above mentioned shall be levied on the vessels of any foreign nation if the President of the United States shall be satisfied that the discriminating or countervailing duties of such foreign nations, so far as they operate to the disadvantage of the United States, have been abolished; * * * and any rights or privileges acquired by any foreign nation under the laws and treaties of the United States relative to the duty of tonnage on vessels shall not be impaired; and any vessel any officer of which shall not be a citizen of the United States, shall pay a tax of fifty cents per ton

Sec 14.

159 Light money (in exceptional cases)

A duty of fifty cents per ton, to be denominated "light money," shall be levied and collected on all vessels not of the United States, which may enter the ports of the United States. Such light-money shall be levied and collected in the same manner and under the same regulations as the tonnage duties.

R. S., 4225

The preceding section shall not be deemed to operate upon unregistered vessels, owned by citizens of the United States, and carrying a sea-letter, or other regular document, issued from a custom-house of the United States, proving the vessel to be American property. Upon the entry of every such vessel from any foreign port, if the same shall be at the port at which the owner or any of the part owners reside, such owner or part owners shall make oath that the sea-letter or other regular document possessed by such vessel contains the name or names of all the persons who are then the owners of the vessel; or if any part of such vessel has been sold or transferred since the date of such sea-letter or document, that such is the case, and that no foreign subject or citizen has, to the best of his knowledge and belief, any share, by way of trust, confidence or otherwise, in such vessel. If the owner or any part owner does not reside at the port or place at which such vessel shall enter, then the master shall make oath to the like effect. If the owner or part owner, where

R. S., 4226

there is one, or the master, where there is no owner, shall refuse to so swear, such vessel shall not be entitled to the privileges granted by this section.

160. Consular tonnage charges

R S, 4222

No consul or consular agent of the United States shall exact tonnage fees from any vessel of the United States, touching at or near ports in Canada, on her regular voyage from one port to another within the United States, unless such consul or consular agent shall perform some official services, required by law for such vessel, when she shall thus touch at a Canadian port.

161. Refund of tonnage tax.

Sec. 26.

Whenever any fine, penalty, forfeiture, exaction, or charge arising under the laws relating to vessels or seamen has been paid to any collector of customs or consular officer, and application has been made within one year from such payment for the refunding or remission of the same, the Secretary of Commerce and Labor, if on investigation he finds that such fine, penalty, forfeiture, exaction, or charge was illegally, improperly, or excessively imposed, shall have the power, either before or after the same has been covered into the Treasury, to refund so much of such fine, penalty, forfeiture, exaction, or charge as he may think proper, from any moneys in the Treasury not otherwise appropriated.

163. Discrimination against American fishing vessels	166. Vessels of nations not assimilated by treaty to American vessels.
164. Discrimination against products of the United States.	167. Discriminating duties

162. Discrimination against American vessels.

Whenever any foreign country whose vessels have been placed on the same footing in the ports of the United States as American vessels (the coastwise trade excepted) shall deny to any vessel of the United States any of the commercial privileges accorded to national vessels in the harbors, ports, or waters of such foreign country, the President, on receiving satisfactory information of the continuance of such discriminations against any vessels of the United States, is hereby authorized to issue his proclamation excluding, on and after such time as he may indicate, from the exercise of such commercial privileges in the ports of the United States as are denied to American vessels in the ports of such foreign country, all vessels of such foreign country of a similar character to the vessels of the United States thus discriminated against, and suspending such concessions previously granted to the vessels of such country; and on and after the date named in such proclamation for it to take effect, if the master, officer, or agent of any vessel of such foreign country excluded by said proclamation from the exercise of any commercial privileges shall do any act prohibited by said proclamation in the ports, harbors, or waters of the United States for or on account of such vessel, such vessel, and its rigging, tackle, furniture, and boats, and all the goods on board, shall be liable to seizure and to forfeiture to the United States; and any person opposing any officer of the United States in the enforcement of this act, or aiding and abetting any other person in such opposition, shall forfeit eight hundred dollars, and, shall be guilty of a misdemeanor, and, upon conviction, shall be liable to imprisonment for a term not exceeding two years

163. Discrimination against American fishing vessels.

Whenever the President of the United States shall be satisfied that American fishing vessels or American fishermen, visiting or being in the waters or at any ports or

places of the British Dominions of North America, are or then lately have been denied or abridged in the enjoyment of any rights secured to them by treaty or law, or are or then lately have been unjustly vexed or harassed in the enjoyment of such rights, or subjected to unreasonable restrictions, regulations, or requirements in respect of such rights; or otherwise unjustly vexed or harassed in said waters, ports, or places;

Or whenever the President of the United States shall be satisfied that any such fishing vessels or fishermen, having a permit under the laws of the United States to touch and trade at any port or ports, place or places, in the British Dominions of North America, are or then lately have been denied the privilege of entering such port or ports, place or places, in the same manner and under the same regulations as may exist therein applicable to trading vessels of the most favored nation, or shall be unjustly vexed or harassed, in respect thereof, or otherwise be unjustly vexed or harassed therein, or shall be prevented from purchasing such supplies as may there be lawfully sold to trading vessels of the most favored nation;

Or whenever the President of the United States shall be satisfied that any other vessels of the United States, their masters or crews, so arriving at or being in such British waters or ports or places of the British Dominions of North America, are or then lately have been denied any of the privileges therein accorded to the vessels, their masters or crews, of the most favored nation, or unjustly vexed or harassed in respect of the same, or unjustly vexed or harassed therein by the authorities thereof, then, and in either or all of such cases.

It shall be lawful, and it shall be the duty of the President of the United States, in his discretion, by proclamation to that effect, to deny vessels, their masters and crews, of the British Dominions of North America, any entrance into the waters, ports, or places of, or within the United States (with such exceptions in regard to vessels in distress, stress of weather, or needing supplies as to the President shall seem proper), whether such vessels shall have come directly from said dominions on such destined voyage or by way of some port or place in such destined voyage elsewhere, and also to deny entry into any port or place of the United States of fresh fish or salt fish or any other product of said dominions, or other goods coming from said dominions to the United States.

The President may, in his discretion, apply such proclamation to any part or to all of the foregoing-named subjects, and may revoke, qualify, limit, and renew such proclamation from time to time as he may deem necessary to the full and just execution of the purposes of this act.

Every violation of any such proclamation, or any part thereof, is hereby declared illegal, and all vessels and

goods so coming or being within the waters, ports, or places of the United States contrary to such proclamation shall be forfeited to the United States; and such forfeiture shall be enforced and proceeded upon in the same manner and with the same effect as in the case of vessels or goods whose importation or coming to or being in the waters or ports of the United States contrary to law may now be enforced and proceeded upon.

Every person who shall violate any of the provisions of this act, or such proclamation of the President made in pursuance hereof, shall be deemed guilty of a misdemeanor, and, on conviction thereof, shall be punished by a fine not exceeding one thousand dollars, or by imprisonment for a term not exceeding two years, or by both said punishments, in the discretion of the court

164. Discrimination against products of the United States.

Whenever the President shall be satisfied that unjust discriminations are made by or under the authority of any foreign state against the importation to or sale in such foreign state of any product of the United States, he may direct that such product of such foreign state so discriminating against any product of the United States as he may deem proper shall be excluded from importation to the United States; and in such case he shall make proclamation of his direction in the premises, and therein name the time when such direction against importation shall take effect, and after such date the importation of the articles named in such proclamation shall be unlawful. 165. Discrimination on Canadian canals *

With a view of securing reciprocal advantages for the citizens, ports, and vessels of the United States, on and after the first day of August, eighteen hundred and ninety-two, whenever and so often as the President shall be satisfied that the passage through any canal or lock connected with the navigation of the Saint Lawrence River, the Great Lakes, or the water ways connecting the same, of any vessels of the United States, or of cargoes or passengers in transit to any port of the United States, is prohibited or is made difficult or burdensome by the imposition of tolls or otherwise which, in view of the free passage through the Saint Marys Falls Canal, now permitted to vessels of all nations, he shall deem to be reciprocally unjust and unreasonable, he shall have the power, and it shall be his duty, to suspend by proclamation to that effect, for such time and to such extent (including absolute prohibition) as he shall deem just, the right of free passage through the Saint Marys Falls Canal, so far as it relates to vessels owned by the subjects of the gov-

All goods, wares, or merchandise imported contrary to this section, and the vessel wherein the same shall be imported, together with her cargo, tackle, apparel, and furniture, shall be forfeited to the United States; and such goods, wares, or merchandise, ship, or vessel, and cargo shall be liable to be seized, prosecuted, and condemned in like manner, and under the same regulations, restrictions, and provisions as have been heretofore established for the recovery, collection, distribution, and re-

R. S. , 3060

The original appointment in writing of any person specially appointed under the provisions of the previous section shall be filed in the custom-house where such appointment is made

R. S. , 3067.

It shall be lawful for all collectors, naval officers, surveyors, inspectors, and the officers of the revenue-cutters, to go on board of vessels in any port of the United States, or within four leagues of the coast thereof, if bound to the United States, whether in or out of their respective districts, for the purpose of demanding the manifests, and of examining and searching the vessels; and those officers respectively shall have free access to the cabin and every other part of a vessel.

R. S. , 3068.

If any master of a vessel coming into or having arrived at any port within the United States shall obstruct or hinder or shall intentionally cause any obstruction or hin-

If any box, trunk, chest, cask, or other package shall be found in the cabin, steerage, or fore-castle of a vessel, or in any other place separate from the residue of the cargo, the officer of the customs shall take a particular account of such package, and of the marks and numbers thereof, if any, and a description thereof, and, if he judges proper, shall seal every such package; and such account and description shall be by him forwarded without delay to the collector of the district to which such vessel is bound. If upon her arrival at the port of her entry, the packages so described, or any of them, are missing, or if any seal put thereon has been broken, the master shall be liable to a penalty for every package missing, or on which any seal shall be broken, of two hundred dollars.

R. S., 3069

183. Seizure of vessels or merchandise

Every officer or other person authorized to make searches and seizures by this Title [R. S., 2517-3129] shall, at the time of executing any of the powers conferred upon him, make known, upon being questioned, his character as an officer or agent of the customs or Government, and shall have authority to demand of any person within the distance of three miles to assist him in making any arrests, search, or seizure authorized by this Title, where such assistance may be necessary; and if such person shall, without reasonable excuse, neglect or refuse so to assist, upon proper demand, he shall be deemed guilty of a misdemeanor, punishable by a fine of not more than two hundred dollars, nor less than five dollars.

R. S., 3071

It shall be the duty of the several officers of the customs to seize and secure any vessel or merchandise which shall become liable to seizure by virtue of any law respecting the revenue, as well without as within their respective districts

R. S., 3072

If any officer, or other person, executing or aiding or assisting in the seizure of goods, under any act providing for or regulating the collection of duties on imports or tonnage, is sued for anything done in virtue of the powers given thereby, or by virtue of a warrant granted by any judge, or justice, pursuant to law, he may plead the general issue and give such act and the special matter in evidence

R. S., 3073

In all cases of seizure of property subject to forfeiture for any of the causes named in any provision of law relating to the customs, or for the registering, enrolling, or licensing of vessels, when, in the opinion of the collector or other principal officer of the revenue making such seizure, the value of the property seized does not exceed five

R. S., 3074

hundred dollars, he shall cause a list and particular description of the property seized to be prepared in duplicate, and an appraisement of the same to be made by two sworn appraisers under the revenue laws, if there are such appraisers at or near the place of seizure; but if there are no such appraisers, then by two competent and disinterested citizens of the United States, to be selected by him for that purpose, residing at or near the place of seizure; which list and appraisement shall be properly attested by such collector or other officer and the persons making the appraisal. For such services of the appraisers they shall be allowed out of the revenue one dollar and fifty cents each, for every day necessarily employed in such service.

R S., 3075

If the amount of the appraisal of property so seized as forfeited shall not exceed the sum of five hundred dollars, the collector or other principal officer shall publish a notice once a week for three successive weeks in some newspaper of the county or place where such seizure shall have been made, if any newspaper shall be published in such county, but if no newspaper shall be published in such county, then such notice shall be published in some newspaper of the county in which the principal customs office of the district shall be situated; and if no newspaper shall be published in such county, then notices shall be posted in proper public places, which notices shall describe the articles seized, and state the time, cause, and place of seizure, and shall require any person claiming such articles to appear and file with such collector or other officer his claim to such articles within twenty days from the date of the first publication of such notice.

R S., 3076

Any person claiming the property so seized may, at any time within twenty days from the date of such publication, file with the collector or other officer a claim, stating his interest in the articles seized, and, upon depositing with such collector or other officer a bond to the United States in the penal sum of two hundred and fifty dollars, with two sureties, to be approved by such collector or other officer, conditioned that, in case of the condemnation of the articles so claimed, the obligors shall pay all the costs and expenses of the proceedings to obtain such condemnation. Such collector or other officer shall transmit the same, with the duplicate list and description of the articles seized and claimed, to the United States district attorney for the district, who shall proceed for a condemnation of the property in the ordinary mode prescribed by law.

R. S., 3077.

If no such claim shall be filed or bond given within the twenty days above specified, such collector or other officer shall give not less than fifteen days' notice of the sale of the property so seized, by publication in the manner before mentioned; and, at the time and place specified in

such notice, he shall sell at public auction the property so seized, and shall deposit the proceeds, after deducting the actual expenses of such seizure, publication, and sale, in the Treasury of the United States, as shall be directed by the Secretary of the Treasury. The collector, however, shall have power to adjourn such sale from time to time for a period not exceeding thirty days in all.

Any person claiming to be interested in the property sold under the provisions of the preceding section may, within three months after such sale, apply to the Secretary of the Treasury for a remission of the forfeiture and a restoration of the proceeds of such sale, and the same may be granted by the Secretary upon satisfactory proof, to be furnished in such manner as he shall direct, that the applicant, at the time of the seizure and sale of the property in question, did not know of the seizure, and was in such circumstances as prevented him from knowing of the same, and that such forfeiture was incurred without willful negligence or any intention of fraud on the part of the owner of such property. [NOTE—In certain cases the application will be made to the Secretary of Commerce and Labor—Feb 14, 1903, sec. 10]

R S , 3078

Sec 10

If no application for such remission or restoration shall be made within three months after such sale, the Secretary of the Treasury [or Secretary of Commerce and Labor] shall then cause the proceeds of such sale to be distributed in the same manner as if such property had been condemned and sold in pursuance of a decree of a competent court.

R S , 3079
Feb 14, 1903
Sec 10

Whenever seizure shall be made of any property which, in the opinion of the appraisers, is liable to perish or waste, or to be greatly reduced in value by keeping, or which cannot be kept without great disproportionate expense, whether such property consists of live animals or merchandise, and when the property thus seized shall not exceed five hundred dollars in value, and when no claim shall have been interposed therefor as is hereinbefore provided, the appraisers, if requested by the collector or principal officer making the seizure, at the time when such appraisal is made, shall certify on oath in their appraisal their belief that the property seized is liable to speedy deterioration, or that the expenses of its keeping will largely reduce the net proceeds of the sale; and in case the appraisers thus certify, such collector or other officer may proceed to advertise and sell the same at auction, by giving notice for such time as he may think reasonable, but not less than one week, of such seizure and intended sale, by advertisement as is hereinbefore provided; and the proceeds of such sale shall be deposited to the credit of the Treasurer of the United States, subject, nevertheless, to the payment of such claims as shall be presented within three months from the day of sale, and allowed by the Secretary of the Treasury.

R S , 3080

R S, 3081 The collectors of the several districts of the United States, in all cases of seizure of any merchandise for violation of the revenue laws, the appraised value of which, in the district wherein such seizure shall be made, does not exceed one thousand dollars, are hereby authorized, subject to the approval of the Secretary of the Treasury, to release such merchandise on payment of the appraised value thereof

R S, 3083 Whenever any seizure shall be made for the purpose of enforcing any forfeiture, the collector or other person causing such seizure to be made shall immediately give information thereof to the Solicitor of the Treasury

R S, 3086 All merchandise or property of any kind seized under the provisions of any law of the United States relating to the customs, shall, unless otherwise provided for by law, be placed and remain in the custody of the collector or other principal officer of the customs of the district in which the seizure shall be made, to abide adjudication by the proper tribunal, or other disposition according to law.

184. Exemption from forfeiture.

R S, 3063
Feb. S, 1881 No vessel used by any person or corporation, as common carriers, in the transaction of their business as such common carriers, shall be subject to seizure or forfeiture by force of the provisions of Title thirty-four [R. S., 2517-3129] of the Revised Statutes of the United States unless it shall appear that the owner or master of such vessel at the time of the alleged illegal act was a consenting party or privy thereto.

185. Procedure in cases of fines, penalties, and forfeiture.

R S, 3084 The several collectors of customs shall report within ten days to the district attorney of the district in which any fine, penalty, or forfeiture may be incurred for the violation of any law of the United States relating to the revenue, a statement of all the facts and circumstances of the case within their knowledge, or which may come to their knowledge from time to time, stating the names of the witnesses, and the provisions of the law believed to be violated, and on which a reliance may be had for condemnation or conviction. If any collector shall in any case fail to report to the proper district attorney, as prescribed in this section, such collector's right to any compensation, benefit, or allowance in such case shall be forfeited to the United States, and the same may, in the discretion of the Secretary of the Treasury, be awarded to such persons as may make complaint and prosecute the same to judgment or conviction.

R S., 3085. District attorneys, upon receiving the report of a collector, shall cause suit and prosecution to be commenced and prosecuted without delay for the fines and personal penalties by law in such case provided, unless upon in-

quiry and examination they shall decide that a conviction cannot probably be obtained, or that the ends of public justice do not require that a suit or prosecution should be instituted, in which case they shall report the facts to the Secretary of the Treasury for his direction. For expenses incurred and services rendered in prosecution for such fines and personal penalties, they shall receive such allowance as the Secretary of the Treasury shall deem just and reasonable, upon the certificate of the judge before whom such prosecution was had.

The collector within whose district any seizure shall be made or forfeiture incurred for any violation of the duty laws is hereby enjoined to cause suits for the same to be commenced without delay, and prosecuted to effect; and is, moreover, authorized to receive from the court within which such trial is had, or from the proper officer thereof, the sum recovered, after deducting all proper charges to be allowed by the court; and on receipt thereof he shall pay and distribute the same without delay, according to law. R S, 3087

Whenever a vessel, or the owner or master of a vessel, has become subject to a penalty for a violation of the revenue laws of the United States, such vessel shall be holden for the payment of such penalty, and may be seized and proceeded against summarily by libel to recover such penalty. R S, 3088

Whenever a seizure, condemnation, and sale of merchandise takes place within the United States, and the value thereof is less than two hundred and fifty dollars, that part of the forfeiture which accrues to the United States, or so much thereof as may be necessary, shall be applied to the payment of the cost of the prosecution. R S, 3089

186. Moieties, informers' and customs officers' awards.

All provisions of law under which moieties of any fines, penalties, or forfeitures, under the customs-revenue laws, or any share therein, or commission thereon, are paid to informers, or officers of customs, or other officers of the United States, are hereby repealed; and from and after the date of the passage of this act the proceeds of all such fines, penalties, and forfeitures shall be paid into the Treasury of the United States June 22, 1874
Sec. 2

It shall hereafter be the duty of the Secretary of the Treasury, out of any money specifically appropriated by Congress, to make suitable compensation in certain cases under the customs revenue laws, as hereinafter provided, and not otherwise; and he shall annually report to Congress, in detail, all payments by him for such purpose. June 22, 1874
Sec. 3

Whenever any officer of the customs or other person shall detect and seize goods, wares, or merchandise, in the act of being smuggled, or which have been smuggled, he shall be entitled to such compensation therefor as the Sec- Sec. 4.

retary of the Treasury shall award, not exceeding in amount one-half of the net proceeds, if any, resulting from such seizure, and deducting all duties, costs, and charges connected therewith:

Provided, That for the purposes of this act smuggling shall be construed to mean the act, with intent to defraud, of bringing into the United States, or, with like intent, attempting to bring into the United States, dutiable articles without passing the same, or the package containing the same, through the custom house, or submitting them to the officers of the revenue for examination. And whenever any person not an officer of the United States shall furnish to a district attorney, or to any chief officer of the customs, original information concerning any fraud upon the customs-revenue, perpetrated or contemplated, which shall lead to the recovery of any duties withheld, or of any fine, penalty, or forfeiture incurred, whether by importers or their agents, or by any officer or person employed in the customs-service, such compensation may, on such recovery, be paid to such person so furnishing information as shall be just and reasonable, not exceeding in any case the sum of five thousand dollars; which compensation shall be paid, under the direction of the Secretary of the Treasury, out of any money appropriated for that purpose.

Sec 6.

No payment shall be made to any person furnishing information in any case wherein judicial proceedings shall have been instituted, unless his claim to compensation shall have been established to the satisfaction of the court or judge having cognizance of such proceedings, and the value of his services duly certified by said court or judge for the information of the Secretary of the Treasury; but no certificate of the value of such services shall be conclusive of the amount thereof. And when any fine, penalty, or forfeiture shall be collected without judicial proceedings, the Secretary of the Treasury shall, before directing payment to any person claiming such compensation, require satisfactory proof that such person is justly entitled thereto.

Sec. 7

Except in cases of smuggling as aforesaid, it shall not be lawful for any officer of the United States, under any pretense whatever, directly or indirectly, to receive, accept, or contract for any portion of the money which may, under any of the provisions of this or any other act, accrue to any such person furnishing information, and any such officer who shall so receive, accept, or contract for any portion of the money that may accrue as aforesaid shall be guilty of a misdemeanor, and, on conviction thereof, shall be liable to a fine not exceeding five thousand dollars, or imprisonment for not more than one year, or both, in the discretion of the court, and shall not be thereafter eligible to any office of honor, trust, or emolument.

And any such person so furnishing information as aforesaid, who shall pay to any such officer of the United States, or to any person for his use, directly or indirectly, any portion of said money, or any other valuable thing, on account of or because of such money, shall have a right of action against such officer or other person, and his legal representatives, to recover back the same, or the value thereof.

No officer, or other person entitled to or claiming compensation under any provision of this act, shall be thereby disqualified from becoming a witness in any action, suit, or proceeding for the recovery, mitigation, or remission thereof, but shall be subject to examination and cross-examination in like manner with other witnesses, without being thereby deprived of any right, title, share, or interest in any fine, penalty, or forfeiture to which such examination may relate; and in every such case the defendant or defendants may appear and testify and be examined and cross-examined in like manner. Sec 8

187. Procedure.

In all suits and proceedings other than criminal arising under any of the revenue-laws of the United States, the attorney representing the Government, whenever, in his belief, any business-book, invoice, or paper, belonging to or under the control of the defendant or claimant, will tend to prove any allegation made by the United States, may make a written motion, particularly describing such book, invoice, or paper, and setting forth the allegation which he expects to prove; and thereupon the court in which suit or proceeding is pending may, at its discretion, issue a notice to the defendant or claimant to produce such book, invoice, or paper in court, at a day and hour to be specified in said notice, which, together with a copy of said motion, shall be served formally on the defendant or claimant by the United States marshal by delivering to him a certified copy thereof, or otherwise serving the same as original notices of suit in the same court are served; and if the defendant or claimant shall fail or refuse to produce such book, invoice, or paper in obedience to such notice, the allegations stated in the said motion shall be taken as confessed unless his failure or refusal to produce the same shall be explained to the satisfaction of the court. And if produced, the said attorney shall be permitted, under the direction of the court, to make examination (at which examination the defendant or claimant, or his agent, may be present) of such entries in said book, invoice, or paper as relate to or tend to prove the allegation aforesaid, and may offer the same in evidence on behalf of the United States. But the owner of said books and papers, his agent or attorney, shall have, subject to the order of the court, the custody of them, except pending their examination in court as aforesaid. Sec 5

It shall be the duty of any officer or person employed in the customs-revenue service of the United States, upon detection of any violation of the customs laws, forthwith to make complaint thereof to the collector of the district, whose duty it shall be promptly to report the same to the district attorney of the district in which such frauds shall be committed. Immediately upon the receipt of such complaint, if, in his judgment, it can be sustained, it shall be the duty of such district attorney to cause investigation into the facts to be made before a United States commissioner having jurisdiction thereof, and to initiate proper proceedings to recover the fines and penalties in the premises, and to prosecute the same with the utmost diligence to final judgment

Sec 17

Whenever, for an alleged violation of the customs-revenue laws, any person who shall be charged with having incurred any fine, penalty, forfeiture, or disability other than imprisonment, or shall be interested in any vessel or merchandise seized or subject to seizure, when the appraised value of such vessel, or merchandise is not less than one thousand dollars, shall present his petition to the judge of the district in which the alleged violation occurred, or in which the property is situated, setting forth, truly and particularly, the facts and circumstances of the case, and praying for relief, such judge shall, if the case, in his judgment, requires, proceed to inquire, in a summary manner into the circumstances of the case, at such reasonable time as may be fixed by him for that purpose, of which the district attorney and the collector shall be notified by the petitioner, in order that they may attend and show cause why the petition should be refused.

Sec. 18.

The summary investigation hereby provided for may be held before the judge to whom the petition is presented, or if he shall so direct, before any United States commissioner for such district, and the facts appearing thereon shall be stated and annexed to the petition, and, together with a certified copy of the evidence, transmitted to the Secretary of the Treasury, who shall thereupon have power to mitigate or remit such fine, penalty, or forfeiture, or remove such disability, or any part thereof, if, in his opinion, the same shall have been incurred without willful negligence or any intention of fraud in the person or persons incurring the same, and to direct the prosecution, if any shall have been instituted for the recovery thereof, to cease and be discontinued upon such terms or conditions as he may deem reasonable and just

relieve from such fine, penalty, or forfeiture, shall be deemed guilty of a felony, and, on conviction thereof, shall suffer imprisonment not exceeding ten years, and be fined not exceeding ten thousand dollars.

Nothing in this section shall be construed to affect any authority, power, or right which might theretofore have been lawfully exercised by any court, judge, or district attorney of the United States to obtain the testimony of an accomplice in any crime against, or fraud upon the customs-revenue laws, on any trial or proceeding for a fine, penalty, or forfeiture under said laws, by a discontinuance or dismissal, or by an engagement to discontinue or dismiss any proceedings against such accomplice.

S., 2517-2612] of this Title [R. S., 2517-3129]; nor to unlade the cargo, or any part thereof, elsewhere than at one of the ports of delivery therein designated, except that every port of entry shall be also a port of delivery. This section shall not prevent the master or commander of any vessel from making entry with the collector of any district in which such vessel may be owned, or from which she may have sailed on the voyage from which she shall then have returned.

R. S., 2770

[For list of ports of entry and delivery see paragraph 454, page 471.]

R S., 2776
June 26, 1884
Sec 29.

195 Bond of cargo for re-export

Any vessel may proceed with any merchandise brought in her, and, in the manifest delivered to the collector of the customs, reported as destined for any foreign port, from the district within which such vessel shall first arrive to such foreign port without paying or securing the payment of any duties upon such merchandise as shall be actually re-exported in the vessel. But the manifest so declaring to re-export such merchandise shall be delivered to such collector within forty-eight hours after the arrival of the vessel. And the master of such vessel shall give bond as required by the next section.

R S., 2776

The master of any vessel so destined for a foreign port shall give bond, with one or more sureties, in a sum equal to the amount of the duties upon the merchandise, as the same shall be estimated by the collector and naval officer of the port where the report shall be made, to the satisfaction of the collector, with condition that the merchandise, or any part thereof, shall not be landed within the United States, unless due entry thereof shall have been first made and the duties thereupon paid, according to law. Such bond shall be taken for the same period, and canceled in like manner, as a bond given for obtaining drawback of duties. No such bond shall be required in respect to merchandise on board of any vessel which has put into the United States from a necessity, shown as prescribed in section twenty-seven hundred and seventy-three.

R S., 2777

The collector receiving any bond conditioned for the payment of duties upon merchandise reported as destined for a foreign port, in case the same shall be landed within the United States, or any other bonds taken upon the exportation of merchandise entitled to drawback, shall immediately after the time when by the conditions of the same they ought to be canceled, put the same in suit, provided the proof of the occurrence of such a necessity as excuses a landing of such goods within the United States has not been produced, or further time granted therefor by the Secretary of the Treasury.

R. S., 2778

196. Inspection of merchandise laden for export.

R S. 3035

The collector shall direct the surveyor, where any, to inspect, or cause to be inspected, the merchandise notified for exportation, and if it is found to correspond fully with the notice and proof concerning the same, the collector, together with the naval officer, if any, shall grant a permit for lading the same on board of the vessel named in such notice and entry. Such lading shall be performed under the superintendence of the officer by whom the same has been so inspected; and the exporter shall make oath that the merchandise, so noticed for exportation, and laden on board such vessel, previous to the clearance thereof, or within ten days after such clearance, is truly intended to be exported to the place whereof notice has been given, and is not intended to be relanded within the United States; otherwise the merchandise shall not be entitled to the benefit of drawback.

197. Transfer of imported merchandise for export.

R S. 3036

All merchandise imported into the United States, the duties on which have been paid, or secured to be paid, may be transported by land, or partly by land and partly by water, or coastwise, from the district into which it was imported to any port of entry and exported from such port of entry with the benefit of drawback.

198. Delivery of cargo in various districts.

R. S. 2779.

Any vessel in which any merchandise is brought into the United States from any foreign port, and which is specified in the manifest verified before the collector of the port in which such vessel first arrives, to be destined for other districts, may proceed with the same from district to district within the United States, in order to the landing or delivery thereof; and the duties on such of the merchandise only as shall be landed in any district shall be paid within such district.

R S. 2780.

Before any vessel departs from the district in which she shall first arrive for another district, provided such departure is not within forty-eight hours after her arrival within such district, with merchandise brought in such vessel from a foreign port on which the duties have not been paid, the master shall obtain from the collector of the district from which she is about to depart, who is hereby required to grant the same, a copy of the report and manifest made by such master, certified by the collector, to which copy shall be annexed a certificate of the quantity and particulars of the merchandise which appears to him to have been landed within his district, or of the quantity and particulars of the merchandise which remains on board and upon which the duties are to be paid in some other district.

R. S., 2781

Within twenty-four hours after the arrival of such vessel within any other district, the master shall make report

or entry to or with the collector of such other district, producing and showing the certified copy of his first report, together with a certificate from each collector of any other district within which any of the merchandise, brought in such vessel, has been landed, of the quantity and particulars of such merchandise as has been landed in each district respectively.

The master shall, however, first give bond, with one or more sureties, to the satisfaction of the collector of the district within which the vessel first arrives, in a sum equal to the amount of the duties on the residue of the merchandise, according to such estimate as the collector shall form thereof, with condition that the residue of such merchandise shall be duly entered and delivered in another district for which the same has been reported to be destined. R S, 2782

The bond shall be canceled or discharged within six calendar months from the date thereof, by the production of certificates from the collectors of the districts for which the merchandise has been reported, showing the due entry and delivery of the merchandise in such districts, or upon due proof to the satisfaction of the collector by whom the bond was taken, and to the naval officer of the port, if any, that such entry and delivery were prevented by some unavoidable accident or casualty, and if the whole or any part of the merchandise has not been lost, that it has been duly entered and delivered within the United States. R S., 2783

If the master of any such vessel fails by his neglect or fault to obtain the copy of his report from the collector of the district from which he is about to depart, or any certificate which he ought to obtain, or neglects to exhibit the same to the collector of any other district to which the vessel afterward proceeds, within the time for that purpose allowed, he shall be liable to a penalty, for every such neglect or omission, of five hundred dollars. R S, 2784

199 Vessels exempt from entry.

It shall not be necessary for the master of any vessel of war, or of any vessel employed by any prince, or state, as a public packet for the conveyance of letters and dispatches, and not permitted by the laws of such prince or state to be employed in the transportation of merchandise, in the way of trade, to make report and entry. R S, 2791

Vessels used exclusively as ferry-boats carrying passengers, baggage, and merchandise, shall not be required to enter and clear, nor shall the masters of such vessels be required to present manifests, or to pay entrance or clearance fees, or fees for receiving or certifying manifests, but they shall, upon arrival in the United States, be required to report such baggage and merchandise to the proper officer of the customs according to law. R S, 2792

200. Vessels exempt from certain charges

R S, 2793 Enrolled or licensed vessels engaged in the foreign and coasting trade on the northern, northeastern and northwestern frontiers of the United States, departing from or arriving at a port in one district to or from a port in another district, and also touching at intermediate foreign ports, shall not thereby become liable to the payment of entry and clearance fees, or tonnage tax, as if from or to foreign ports; but such vessels shall, notwithstanding, be required to enter and clear

201. Entry of wines and distilled spirits.

R S, 2794 Every importer of distilled spirits or wines, or person to whom distilled spirits or wines are consigned, shall make a separate and additional entry thereof, specifying the name of the vessel, and her master, in which, and the place from which, such spirits or wines were imported, together with the quantity and quality thereof, and a particular detail of the casks or receptacles containing the same, with their marks and numbers; such entry shall be subscribed by the person making the same, for himself, or in behalf of the person to whom such entry is made, and shall be certified by the collector, before whom it is made, as a true copy, and conformable to the general entry before directed, in respect to all distilled spirits and wines therein contained, such entry thus certified shall be transmitted to the surveyor or officer acting as inspector of the revenue for the port where it is intended to commence the delivery of such spirits or wines.

202 Sea-stores

R S, 2795 In order to ascertain what articles ought to be exempt from duty as the sea-stores of a vessel, the master shall particularly specify the articles, in the report or manifest to be by him made, designating them as the sea-stores of such vessel; and in the oath to be taken by such master, on making such report, he shall declare that the articles so specified as sea-stores are truly such, and are not intended by way of merchandise or for sale; whereupon the articles shall be free from duty.

R S, 2796 Whenever it appears to the collector to whom a report and manifest of sea stores are delivered, together with the naval officer, where there is one, or alone, where there is no naval officer, that the quantities of the articles, or any part thereof, reported as sea-stores, are excessive, the collector, jointly with the naval officer, or alone, as the case may be, may in his discretion estimate the amount of the duty on such excess; which shall be forthwith paid by the master, to the collector, on pain of forfeiting the value of such excess.

R S, 2797 If any other or greater quantity of articles are found on board such vessel as sea-stores than are specified in an entry of sea-stores, or if any of the articles are landed

without a permit first obtained from the collector, and naval officer if any, for that purpose, all such articles as are not included in the report or manifest by the master, and all which are landed without a permit, shall be forfeited, and may be seized; and the master shall moreover be liable to a penalty of treble the value of the articles omitted or landed.

Sea stores and the legitimate equipment of vessels belonging to regular lines plying between foreign ports and the United States delayed in port for any cause may be transferred in such port of the United States under the supervision of the customs officers from one vessel to another vessel of the same owner without payment of duties, but duties must be paid on such stores or equipments landed for consumption, except American products.

Mar 3, 1807
Sec 17

203 Coal.

The master of any vessel propelled by steam, arriving at any port in the United States, may retain all the coal such vessel may have on board at the time of her arrival, and may proceed with such coal to a foreign port, without being required to land the same in the United States, or to pay any duty thereon

R S, 2798

204 Baggage and tools of trade

In order to ascertain what articles ought to be exempted as the wearing apparel, and other personal baggage, and the tools or implements of a mechanical trade only, of persons who arrive in the United States, due entry thereof, as of other merchandise, but separate and distinct from that of any other merchandise, imported from a foreign port, shall be made with the collector of the district in which the articles are intended to be landed by the owner thereof, or his agent, expressing the persons by whom or for whom such entry is made, and particularizing the several packages, and their contents, with their marks and numbers; and the person who shall make the entry shall take and subscribe an oath before the collector, declaring that the entry subscribed by him and to which the oath is annexed contains, to the best of his knowledge and belief, a just and true account of the contents of the several packages mentioned in the entry, specifying the name of the vessel, of her master, and of the port from which she has arrived; and that such packages contain no merchandise whatever other than wearing apparel, personal baggage, or, as the case may be, tools of trade, specifying it; that they are all the property of a person named who has arrived, or is shortly expected to arrive in the United States, and are not directly or indirectly imported for any other, or intended for sale.

R S, 2799

Whenever the person making entry of any articles as wearing apparel, personal baggage, tools, or implements, is not the owner of them, he shall give bond with one or

R S, 2800

more sureties, to the satisfaction of the collector, in a sum equal to the duties on like articles imported subject to duty, upon the condition that the owner of the articles shall, within one year, personally make an oath such as is prescribed in the preceding section

R S, 2801

On compliance with the two preceding sections, and not otherwise, a permit shall be granted for landing such articles. But whenever the collector and the naval officer, if any, think proper, they may direct the baggage of any person arriving within the United States to be examined by the surveyor of the port, or by an inspector of the customs, who shall make a return of the same; and if any articles are contained therein which in their opinion ought not to be exempted from duty, due entry of them shall be made and the duties thereon paid

R S, 2802

Whenever any article subject to duty is found in the baggage of any person arriving within the United States, which was not, at the time of making entry for such baggage, mentioned to the collector before whom such entry was made, by the person making entry, such article shall be forfeited, and the person in whose baggage it is found shall be liable to a penalty of treble the value of such article.

All articles of foreign manufacture, such as are usually or ordinarily marked, stamped, branded, or labeled, and all packages containing such or other imported articles, shall, respectively, be plainly marked, stamped, branded, or labeled in legible English words, in a conspicuous place, so as to indicate the country of their origin and the quantity of their contents; and until so marked, stamped, branded, or labeled they shall not be delivered to the importer: should any article of imported merchandise be marked, stamped, branded, or labeled so as to indicate a quantity, number, or measurement in excess of the quantity, number, or measurement actually contained in such article, no delivery of the same shall be made to the importer until the mark, stamp, brand, or label, as the case may be, shall be changed so as to conform to the facts of the case.

And in order to aid the officers of the customs in enforcing this prohibition any domestic manufacturer who has adopted trade-marks may require his name and residence and a description of his trade-marks to be recorded in books which shall be kept for that purpose in the Department of the Treasury under such regu-

lations as the Secretary of the Treasury shall prescribe, and may furnish to the Department facsimiles of such trade-marks; and thereupon the Secretary of the Treasury shall cause one or more copies of the same to be transmitted to each collector or other proper officer of the customs.

R S, 2805

And such clerks and inspectors of customs as the Secretary of the Treasury may designate for the purpose shall be authorized to administer oaths, such as deputy collectors of customs are now authorized to administer, and no compensation shall be paid or charge made therefor.

Provided further, That in the event of failure to designate the port of discharge within fifteen days such cargo must be discharged at the port where the vessel entered

If any officer first coming on board, in each case, shall neglect or refuse to certify on the back of such manifests the production thereof, and the delivery of such copies respectively as are directed to be delivered to such officer, such officer shall be liable to a penalty of five hundred dollars

R. S., 2815

The officers who may apply to the master of any such vessel, respecting any of the provisions in the preceding sections, and who shall not receive full satisfaction therein, are hereby required to make a return in writing of the name of the vessel and master so offending, in any or all of the particulars required, as soon as possible, to the collector of the district to which such vessel shall be considered to be bound.

And any liability of the master or owner of any such steamship or other conveyance to the owner or consignee of any merchandise landed from her or other conveyance shall not be affected by the granting of such special license or of any general order, but such liability shall continue until the merchandise is properly removed from the dock whereon the same may be landed. The collector, under such general regulations as the Secretary of the Treasury may prescribe, shall fix a uniform and reasonable rate of compensation for like service, to be paid by the master, owner, or consignee whenever such special license is granted, and shall collect and distribute the same among the inspectors assigned to superintend the lading or unlading of the cargo.

The inspector shall not quit such station or place without the leave of the surveyor of the port first obtained, who shall

appoint another inspector, if he deems it necessary, to supply the place of such inspector during his absence; and any inspector who shall neglect or in any manner act contrary to the duties hereby enjoined, shall for the first offense be liable to a penalty of the sum of fifty dollars, and for the second offense shall be displaced, and be incapable of holding any station of trust or profit under the revenue laws of the United States, for a term not exceeding seven years

No inspector shall perform any other duties or service on board any vessel, the superintendence of which is committed to him, for any person whatever, other than what is required by this Title [R. S., 2517-3129], under the penalty of being disabled from acting any longer as an inspector of the customs; the wages or compensation of such inspector as may proceed from one district to another, shall be defrayed by the master of the vessel committed to his care; every inspector or other officer of the revenue, while performing any duty on board any vessel, not in a port of the United States, discharging her cargo, shall be entitled to receive from the master of such vessel such provisions and accommodations as are usually supplied to passengers, or as the state and condition of such vessel will admit, on receiving therefor fifty cents a day; and any master of any vessel who shall refuse such provisions and reasonable accommodations shall be liable to a penalty of one hundred dollars.

R. S., 2878

If, by reason of the delivery of the cargo in several districts, more than the term allowed by law shall in the whole be spent thereon, the wages or compensation of the inspector who may be employed on board of any vessel, in respect to which such term may be so exceeded, shall, for every day of such excess, be paid by the master or owner; and the inspector shall, previously to the clearance of the vessel, render an exact account to the collector of all such compensation as has been paid, or is due and payable by the master or owner.

All merchandise so taken shall be delivered pursuant to the order of the collector of the district, for which a certificate or receipt shall be granted

R. S., 2881
June 3, 1892
Sec 2

The limitation of time for unloading, prescribed by the preceding section, shall not extend to vessels laden exclusively with coal, salt, sugar, hides, dyewoods, wool, or jute butts, consigned to one consignee, arriving at a port for orders, but if the master of any such vessel requires a longer time to discharge her cargo, the wages or compensation of the inspector, for every day's attendance exceeding the number of days allowed by law, shall be paid by the master or owner; and thereupon the collector is hereby authorized and required to allow such longer time, not exceeding fifteen days.

R. S., 2939.

All merchandise of which the collector shall take possession under the provisions relating to the time for the discharge of a vessel's cargo shall be kept with due and reasonable care at the charge and risk of the owner.

220 Unloading of wines and spirits.

R. S., 2883

Every permit for the unloading of spirits, wines, or any part thereof, shall, previous to such landing or unloading thereof, be produced to the officer of inspection, who shall record or register in proper books the contents thereof, and shall indorse thereupon the word "Inspected," the time when, and his own name; after which he shall return the permit to the person by whom it was produced,

and then, and not otherwise, it shall be lawful to land the spirits, or wines, therein specified; and if spirits or wines shall be landed without such indorsement upon the permit granted for that purpose, the master of the vessel from which the same shall have been so landed shall for every such offense be liable to a penalty of five hundred dollars, and the spirits or wines so landed shall be forfeited.

This shall not, however, be construed to exclude the inspection of any officer of the customs, as now or heretofore practiced. R S, 2884

221 Post entry

If any package whatever which has been so reported is wanting, and not found on board such vessel, or if the merchandise on board such vessel does not otherwise agree with the report or manifest delivered by the master of any such vessel, in every such case the master shall be liable to a penalty of five hundred dollars; except that if it is made to appear to the satisfaction of the collector, naval officer, and surveyor, or to the major part of them where those officers are established at any port, or to the satisfaction of the collector alone where neither of the others is established, or in case of trial for the penalty, to the satisfaction of the court, that no part whatever of merchandise of such vessel has been unshipped, landed, or unladen since it was taken on board, except as specified in the report or manifest, and pursuant to permits, or that the disagreement is by accident or mistake, in such case the penalty shall not be inflicted. But in all such cases the master of any vessel shall be required and shall make a post entry or addition to the report or manifest by him delivered of any and all merchandise omitted to be included and reported in such manifest; and it shall not be lawful to grant a permit to unlade any such merchandise so omitted before such post entry or addition to such report or manifest has been made. R S, 2887

The accounts or entries to be so R S, 2888

returned shall comprise all deliveries made pursuant to permits, and all packages or merchandise sent to the public stores, also each and every package remaining on board of such vessel for the purpose of being exported therein to a foreign port, or to some other district of the United States.

R S, 2889

Such returns shall be signed by the inspectors respectively under whose superintendence the deliveries have been made; and, after examination, and on being found correct, shall be countersigned or certified by the survivor of the port, if any, at the port where the deliveries have been made. The returns shall be transmitted by him to the naval officer, if any; who shall compare the same with the manifests and entries in his possession; and if any difference appears, the particulars thereof shall be noted by indorsement on the returns, and if no difference appears, it shall be so noted by like indorsements. The indorsement or memorandum shall, in each case, be subscribed by the officer by whom the comparison was made

223. Vessels in distress

R S, 2891

If any vessel from any foreign port, compelled by distress of weather, or other necessity, shall put into any port of the United States, not being destined for the same, the master, together with the mate or person next in command, may, within twenty-four hours after her arrival, make protest in the usual form upon oath, before a notary public or other person duly authorized, or before the collector of the district where the vessel arrives, setting forth the cause or circumstances of such distress or necessity. Such protest, if not made before the collector, shall be produced to him, and to the naval officer, if any, and a copy thereof lodged with him or them. The master shall also, within forty-eight hours after such arrival, make report in writing to the collector, of the vessel and her cargo, as is directed hereby to be done in other cases. And if it appear to the collector, by the certificate of the wardens of the port, or other officers usually charged with, and accustomed to ascertain the condition of vessels arriving in distress, if any, or by the certificate of two reputable merchants, to be named for that purpose by the collector, if there are no such wardens, or other officers duly qualified, that there is a

necessity for unlading the vessel, the collector and naval officer, if any, shall grant a permit for that purpose, and shall appoint an inspector to oversee such unlading, who shall keep an account of the same, to be compared with the report made by the master of the vessel.

All merchandise so unladen from any vessel arriving in distress shall be stored under the direction of the collector, who, upon request of the master of such vessel, or of the owner thereof, shall, together with the naval officer, where there is one, and alone where there is none, grant permission to dispose of such part of the cargo as may be of a perishable nature, if any there be, or as may be necessary to defray the expenses attending such vessel and her cargo. But entry shall be made therefor, and the duties paid

R S , 2802

In case the delivery of the cargo does not agree with the report thereof, made by the master of such vessel so arriving in distress, and if the difference or disagreement is not satisfactorily accounted for in manner prescribed by this Title [R. S , 2517-3129], the master of such vessel shall be liable to such penalties as in other like cases are prescribed.

R S , 2803

The merchandise, or the remainder thereof, which shall not be disposed of, may be reladen on board the vessel so arriving in distress, under the inspection of the officer who superintended the landing thereof, or other proper person; and the vessel may proceed with the same to the place of her destination, free from any other charge than for the storing and safe-keeping of the merchandise, and fees to the officers of the customs as in other cases.

R S , 2804

Whenever any Spanish vessel shall arrive in distress, in any port of the United States, having been damaged on the coasts or within the limits of the United States, and her cargo shall have been unladen, in conformity with the provisions of the four preceding sections, the cargo, or any part thereof, may, if the vessel should be condemned as not seaworthy, or be deemed incapable of performing her original voyage, afterward be reladen on board any other vessel under the inspection of the officer who superintended the landing thereof, or other proper person. No duties, charges, or fees whatever, shall be paid on such part of the cargo as may be reladen and carried away, either in the vessel in which it was originally imported, or in any other.

R S , 2805

224. Obstruction by ice.

When a vessel is prevented by ice from getting to the port or place at which her cargo is intended to be delivered, the collector of the district in which such vessel may be obstructed may receive the report and entry of such vessel, and, with the consent of the naval officer, where there is one, grant permits for unlading or landing the merchandise imported in such vessel, at any place within

R S , 2806

his district, most convenient and proper. The report and entry of such vessel, and her cargo, or any part thereof, and all persons concerned therein, shall be subject to the same regulations and penalties as if the vessel had arrived at the port of her destination, and had there proceeded to the delivery of her cargo.

225. Unlawful removal of bonded merchandise.

R S, 2998

Any person maliciously opening, breaking, or entering by any means whatever, any car, vessel, vehicle, warehouse, or package containing any such merchandise so delivered for transportation, or removing, injuring, breaking, or defacing any lock or seal placed upon such car, vessel, vehicle, warehouse, or package, or aiding, abetting, or encouraging any other person or persons so to remove, break, injure, or deface such locks or seals, or to open, break, or enter such car, vessel, or vehicle, with intent to remove or cause to be removed unlawfully any merchandise therein, or in any manner to injure or defraud the United States; and any person receiving any merchandise unlawfully removed from any such car, vessel, or vehicle, knowing it to have been so unlawfully removed, shall be guilty of felony, and in addition to any penalties heretofore prescribed shall be punishable by imprisonment for not less than six months nor more than two years.

226. Transportation in bond

R S, 3000

And

the Secretary of the Treasury is hereby authorized to remit, in whole or in part, on such conditions and under such regulations, not inconsistent with law, as he may prescribe, the additional duty secured by the bond given for the transportation of merchandise from a port in one collection-district to a port in another collection-district prescribed by the preceding section: *Provided*, That it shall be proved to the satisfaction of the Secretary of the Treasury that the failure to transport and deliver the merchandise aforesaid according to the conditions of the bonds occurred without willful negligence or fraudulent intent on the part of the obligors.

Merchandise so destined for immediate transportation shall be transferred, under proper supervision, directly from the importing vessel to the car, vessel, or vehicle specified in the entry.

Feb. 23, 1887

The provisions of the act entitled, "An act to amend the statutes in relation to the immediate transportation of dutiable goods, and for other purposes," approved June tenth eighteen hundred and eighty, be, and the same are hereby, so amended as to allow merchandise liable to specific rates of duty only to be entered for immediate transportation without appraisement to any of the ports mentioned in the seventh section of said act, although the same may not appear by the invoice, bill of lading, or manifest of the importing vessel to be consigned to or destined for either of said ports, when the consignee at the port of first arrival shall make written application therefor to the collector, giving the name of the person at the port or destination to whom he desires the merchandise to be consigned, and whenever such application and entry shall be made, the original invoice presented by the consignee at the port of first arrival shall be forwarded, with a copy of the transportation entry, to the collector at the port of destination; and a copy of such invoice shall be retained on file at the port of first arrival.

The original invoice so forwarded shall be treated as the only invoice of the merchandise upon which entry shall be made at the port of destination, and the person making such entry shall be held responsible for the state-

ments contained therein in the same manner as if the merchandise had been originally consigned to him: *Provided, however*, That the privileges herein conferred shall not extend to any merchandise the duties upon which, or any portion thereof, depend upon the value of such merchandise. *And provided further*, That such privilege shall be granted only in cases where no part of the merchandise shall have been landed prior to entry for immediate transportation as aforesaid.

230 Salvage of merchandise

All merchandise imported into the United States shall, for the purpose of this title [R. S., 2517-3129] be deemed and held to be the property of the person to whom the merchandise may be consigned; but the holder of any bill of lading consigned to order and endorsed by the consignor shall be deemed the consignee thereof.

R. S., 3058
Feb 23, 1887

And in case of the abandonment of any merchandise to the underwriters, the latter may be recognized as the consignee, and under such regulations as the Secretary of the Treasury may prescribe, merchandise saved from a vessel wrecked or abandoned at sea, or on or along the coasts of the United States and promptly brought into a port of the United States by or in possession of the salvors of the same, can, for the purpose of its title, be regarded as the property of such salvors, and the valuation thereof and payment of duties thereon can be made accordingly and with due reference to the condition of said merchandise as thus saved and the necessities of the case.

Provided, however, That such bringing in by salvors shall be in good faith and without intent to evade the just payment of duty:

And provided further, That nothing herein contained shall be so construed as to prejudice in any other respect the rights of property, or of or through abandonment or allowance of the owner or any other person interested in said merchandise.

Whenever, on trial for a violation of this section, the defendant is shown to have or to have had possession of such goods, such possession shall be deemed evidence sufficient to authorize conviction, unless the defendant shall explain the possession to the satisfaction of the jury.

Such express companies or other inland carriers shall be responsible to the United States under bond for the safe delivery of such articles to the ultimate consignee. *Provided*, That if any package shall not be delivered to the ultimate consignee by the express company or other inland carrier, and shall be returned to the collector of the port where such articles are entered under the provisions of this Act within ninety days from the date of importation intact, the collector shall take charge of such package and dispose of it as unclaimed merchandise, and the duties, including additional duties, if any, under section seven of the Act of June tenth, eighteen hundred and ninety, paid shall be refunded by the Secretary of the Treasury out of any moneys in the Treasury not otherwise appropriated; and the express company or other inland carriers shall be relieved of any liability therefor under its bond; and before any express company or other inland carrier shall be permitted to receive and transport any such articles they shall become bound to the United States in such bonds, in such form and amount, and with such conditions not inconsistent with law as the Secretary of the Treasury may require. Whenever the collector of the port of entry of the vessel, or other proper officer of the customs, shall be duly notified in writing of the existence of a lien for freight, charges, or contribution in general average upon imported goods, wares, or merchandise in his custody, he shall, before delivering such goods, wares, or merchandise to the importer, owner, or consignee thereof for consumption, or to any vessel or vehicle for transportation or exportation, give seasonable notice to the party or parties claiming the lien; and the possession by the officers of customs shall not affect the discharge of such lien, under such regulations as the Secretary of the Treasury may prescribe; and such officer shall refuse the delivery of such merchandise from any public or bonded warehouse or other place in which the same shall be deposited until proof to his satisfaction shall be produced that the freight, charges, or contribution in general average thereon has been paid or secured; but the rights of the United States shall not be prejudiced thereby, nor shall the United States or its officers be in any manner liable for losses consequent upon such refusal to deliver. If merchandise so subject to a lien, regarding which notice has been filed, shall be forfeited to the United States and sold, the freight, charges, or contribution in general average due thereon shall be paid from the proceeds of such sale in the same manner as other charges and expenses authorized by law to be paid therefrom are paid.

Secs. 4, 10.

R S, 1718

Whenever any master or commander of a vessel of the United States has occasion for any consular or other official service, which any consular officer of the United States is authorized by law or usage officially to perform, and for which any fees are allowed by the rates or tariffs of fees, he shall apply to the consular officer at the consulate or commercial agency where such service is required to perform such service, and shall pay to such officer the fees allowed for such service by the rates or tariffs of fees. And every such master or commander who omits so to do shall be liable to the United States for the amount of the fees lawfully chargeable for such services when actually performed. Such prohibition as to profit, however, shall not be construed to relieve or prevent any such officer who is the owner of or otherwise interested in any vessel of the United States, from transporting in such vessel any such seaman or mariner, or from receiving or being interested in such reasonable allowance as may be made for such transportation by law.

R S., 3005
Apr 27, 1904

Except in the districts on the northern, northwestern, and western boundaries of the United States, adjoining to the Dominion of Canada, or into the districts adjacent to Mexico, no merchandise of foreign growth or manufacture, subject to the payment of duties, shall be brought into the United States from any foreign port in any other manner than by sea, nor in any vessel of less than thirty net register tons; or landed or unladen at any other port than is directed by law, under the penalty of seizure and forfeiture of all such vessels, and of the merchandise imported therein, laden or unladen in any other manner

R S., 3006

All persons may import any merchandise of which the importation shall not be entirely prohibited, into the districts which are or may be established on the northern and northwestern boundaries of the United States, in vessels or boats of any burden, and in rafts or carriages of any kind or nature whatsoever.

244. Evasion of coasting laws on the lakes and frontiers.

R S., 3110

If any merchandise shall, at any port in the United States on the northern, northeastern, or northwestern frontiers thereof, be laden upon any vessel belonging wholly or in part to a subject of a foreign country, and shall be taken thence to a foreign port to be reladen and reshipped to any other port in the United States on such frontiers, either by the same or any other vessel, foreign or American, with intent to evade the provisions relating to the transportation of merchandise from one port of the United States to another port of the United States, in a vessel belonging wholly or in part to a subject of any foreign power, the merchandise shall, on its arrival at such last-named port, be seized and forfeited to the

United States, and the vessel shall pay a tonnage-duty of fifty cents per ton on her admeasurement.

245 Inward manifests

All vessels, boats, rafts, and carriages, of what kind soever, arriving in such districts, on the northern and northwestern frontiers, containing merchandise subject to duties, on being imported into any port of the United States, shall be reported to the collector, or other chief officer of the customs at the port of entry in the district into which it shall be so imported; and such merchandise shall be accompanied with like manifests, and like entries shall be made, by the persons having charge of any such vessels, boats, rafts, and carriages, and by the owners or consignees of the merchandise laden on board the same; and the powers and duties of the officers of the customs shall be exercised and discharged in the districts last mentioned, in like manner as is prescribed in respect to merchandise imported in vessels from the sea; and generally, all such importations shall be subject to like regulations, penalties, and forfeitures as in other districts, except as is hereinafter specially provided R S, 3097

The master of any vessel, except registered vessels, and every person having charge of any boat, canoe, or raft, and the conductor or driver of any carriage or sleigh, and every other person, coming from any foreign territory adjacent to the United States into the United States, with merchandise subject to duty, shall deliver, immediately on his arrival within the United States, a manifest of the cargo or loading of such vessel, boat, canoe, raft, carriage, or sleigh, or of the merchandise so brought from such foreign territory, at the office of any collector or deputy collector which shall be nearest to the boundary-line, or nearest to the road or waters by which such merchandise is brought; and every such manifest shall be verified by the oath of such person delivering the same; which oath shall be taken before such collector or deputy collector; and such oath shall state that such manifest contains a full, just, and true account of the kinds, quantities, and values of all the merchandise so brought from such foreign territory. R S, 3098

If the master, or other person having charge of any vessel, boat, canoe, or raft, or the conductor or driver of any carriage or sleigh, or other person bringing such merchandise, shall neglect or refuse to deliver the manifest required by the preceding section, or pass by or avoid such office, the merchandise subject to duty, and so imported, shall be forfeited to the United States, together with the vessel, boat, canoe, or raft, the tackle, apparel, and furniture of the same, or the carriage or sleigh, and harness and cattle drawing the same, or the horses with their saddles and bridles, as the case may be; and such master, R S, 3099

conductor, or other importer shall be subject to a penalty of four times the value of the merchandise so imported.

246. Customs inspection.

R. S., 3100. All merchandise, and all baggage and effects of passengers, and all other articles imported into the United States from any contiguous foreign country, except as hereafter provided, as well as the vessels, cars, and other vehicles and envelopes in which the same shall be imported, shall be unladen in the presence of, and be inspected by, an inspector or other officer of the customs, at the first port of entry or custom-house in the United States where the same shall arrive; and to enable the proper officer thoroughly to discharge this duty, he may require the owner or his agent, or other person, having charge or possession of any trunk, traveling-bag, or sack, valise, or other envelope, or of any closed vessel, car, or other vehicle, to open the same, or to deliver to him the proper key.

R. S., 3101. If any owner, agent, or other person shall refuse or neglect to comply with his demands, allowed by the preceding section, the officer shall retain such trunk, traveling bag, or sack, valise, or whatsoever it may be, and open the same, and, as soon thereafter as may be practicable, examine the contents; and if any article subject to the payment of duty shall be found therein, the whole contents, together with the envelope, shall be forfeited to the United States, and disposed of as the law provides in other similar cases. If any such dutiable merchandise or article shall be found in any such vessel, car, or other vehicle, the owner, agent, or other person in charge of which shall have refused to open the same or deliver the key as herein provided, the same, together with the vessel, car, or other vehicle, shall be forfeited to the United States, and shall be held by such officer, to be disposed of as the law provides in other similar cases of forfeiture.

247. Customs seals on frontier

R. S., 3102. To avoid the inspection at the first port of arrival, the owner, agent, master, or conductor of any such vessel, car, or other vehicle, or owner, agent, or other person having charge of any such merchandise, baggage, effects, or other articles, may apply to any officer of the United States duly authorized to act in the premises, to seal or close the same, under and according to the regulations hereinafter authorized, previous to their importation into the United States; which officer shall seal or close the same accordingly; whereupon the same may proceed to their port of destination without further inspection. Every such vessel, car, or other vehicle, shall proceed, without unnecessary delay, to the port of its destination, as named in the manifest of its cargo, freight, or contents, and be there inspected. Nothing contained in this section shall be

construed to exempt such vessel, car, or vehicle, or its contents, from such examination as may be necessary and proper to prevent frauds upon the revenue and violations of this Title [R. S., 2517-3129].

The Secretary of the Treasury is hereby authorized and required to make such regulations, and from time to time so to change the same as to him shall seem necessary and proper, for sealing such vessels, cars, and other vehicles, when practicable, and for sealing, marking, and identifying such merchandise, baggage, effects, trunks, traveling-bags, or sacks, valises, and other envelopes and articles; and also in regard to invoices, manifests, and other pertinent papers, and their authentication. R S , 3103

If the owner, master, or person in charge of any vessel, car, or other vehicle so sealed, shall not proceed to the port or place of destination thereof named in the manifest of its cargo, freight, or contents, and deliver such vessel, car, or vehicle to the proper officer of the customs, or shall dispose of the same by sale or otherwise, or shall unload the same, or any part thereof, at any other than such port, or place, or shall sell or dispose of the contents of such vessel, car, or other vehicle, or any part thereof, before such delivery, he shall be deemed guilty of felony, and on conviction thereof, before any court or competent jurisdiction, pay a fine not exceeding one thousand dollars, or shall be imprisoned for a term not exceeding five years, or both, at the discretion of the court; and such vessel, car, or other vehicle, with its contents, shall be forfeited to the United States, and may be seized wherever found within the United States, and disposed of and sold as in other cases of forfeiture. Nothing in this section, however, shall be construed to prevent sales of cargo, in whole or in part, prior to arrival, to be delivered as per manifest, and after due inspection. R S , 3104

If any unauthorized person or persons shall willfully break, cut, pick, open, or remove any wire, seal, lead, lock, or other fastening or mark attached to any vessel, car, or other vehicle, crate, box, bag, bale, basket, barrel, bundle, cask, trunk, package, or parcel, or anything whatsoever, under and by virtue of this Title [S. R., 2517-3129] and regulations authorized by it, or any other law, or shall affix or attach, or any way willfully aid, assist, or encourage the affixing or attaching, by wire or otherwise, to any vessel, car, or other vehicle, or to any crate, box, bale, barrel, bag, basket, bundle, cask, package, parcel, article, or thing of any kind, any seal, lead, metal, or anything purporting to be a seal authorized by law, such person or persons shall be deemed guilty of felony, and shall be imprisoned for a term not exceeding five years, or shall pay a fine of not exceeding one thousand dollars, or both, at the discretion of the court. R S , 3105.

R S, 3106

Each vessel, car, or other vehicle, crate, box, bag, basket, barrel, bundle, cask, trunk, package, parcel, or other thing, with the cargo, or contents thereof, from which the wire, seal, lead, lock, or other fastening or mark shall have been broken, cut, picked, opened, or removed by any such unauthorized person or persons, or to which such seal, or other thing purporting to be a seal, has been wrongfully attached, shall be forfeited.

248 Transfer of cargo

R S, 3109

The master of any foreign vessel, laden or in ballast, arriving, whether by sea or otherwise, in the waters of the United States from any foreign territory adjacent to the northern, northeastern, or northwestern frontiers of the United States, shall report at the office of any collector or deputy collector of the customs, which shall be nearest to the point at which such vessel may enter such waters; and such vessel shall not transfer her cargo or passengers to another vessel or proceed farther inland, either to unlade or take in cargo, without a special permit from such collector or deputy collector, issued under and in accordance with such general or special regulations as the Secretary of the Treasury may, in his discretion, from time to time prescribe. This section shall also apply to trade with or through Alaska. For any violation of this section such vessel shall be seized and forfeited.

Sec. 4

249. Sea-stores.

R S., 3111.

If any vessel enrolled or licensed to engage in the foreign and coasting trade on the northern, northeastern, and northwestern frontiers of the United States shall touch at any port in the adjacent British provinces, and the master of such vessel shall purchase any merchandise for the use of the vessel, the master of the vessel shall report the same, with cost and quantity thereof, to the collector or other officer of the customs at the first port in the United States at which he shall next arrive, designating them as "sea-stores;" and in the oath to be taken by such master of such vessel, on making such report, he shall declare that the articles so specified or designated "sea-stores" are truly intended for the use exclusively of the vessel, and are not intended for sale, transfer, or private use. If any other or greater quantity of dutiable articles shall be found on board such vessel than are specified in such report or entry of such articles, or any part thereof shall be landed without a permit from a collector or other officer of the customs, such articles together with the vessel, her apparel, tackle, and furniture, shall be forfeited.

R. S., 3112.

If, upon examination and inspection by the collector or other officer of the customs, such articles are not deemed excessive in quantity for the use of the vessel, until an

American port may be reached by such vessel, where such sea-stores can be obtained, such articles shall be declared free of duty; but if it shall be found that the quantity or quantities of such articles, or any part thereof so reported are excessive, it shall be lawful for the collector or other officer of the customs to estimate the amount of duty on such excess, which shall be forthwith paid by the master of the vessel, on penalty of paying a sum of not less than one hundred dollars, nor more than four times the value of such excess, or such master shall be punishable by imprisonment for not less than three months, and not more than two years.

250. Saloon stores.

Articles purchased for the use of or for sale on board any such vessel, as saloon stores or supplies, shall be deemed merchandise, and shall be liable, when purchased at a foreign port, to entry and the payment of the duties found to be due thereon, at the first port of arrival of such vessel in the United States; and for a failure on the part of the saloon-keeper or person purchasing or owning such articles to report, make entries, and pay duties, as hereinbefore required, such articles, together with the fixtures and other merchandise, found in such saloon or on or about such vessel belonging to and owned by such saloon-keeper or other person interested in such saloon, shall be seized and forfeited, and such saloon-keeper or other person so purchasing and owning shall be liable to a penalty of not less than one hundred dollars and not more than five hundred, and shall be punishable by imprisonment for not less than three months, and not more than two years. R S, 3113

251. Duties on repairs.

The equipments, or any part thereof, including boats, purchased for, or the expenses of repairs made in a foreign country upon a vessel enrolled and licensed under the laws of the United States to engage in the foreign and coasting trade on the northern, northeastern, and northwestern frontiers of the United States, or a vessel intended to be employed in such trade, shall, on the first arrival of such vessel in any port of the United States, be liable to entry and the payment of an ad-valorem duty of fifty per centum on the cost thereof in such foreign country; and if the owner or master of such vessel shall willfully and knowingly neglect or fail to report, make entry, and pay duties as herein required, such vessel, with her tackle, apparel, and furniture, shall be seized and forfeited. R S, 3114

No license, or enrollment and license, nor renewal of either, shall hereafter be issued to any vessel until the collector to whom application is made for the same is satisfied, from the oath of the owner or master, that all R S, 4330

equipments and repairs, made in a foreign port within the year immediately preceding such application, have been duly accounted for, and the duties accruing thereon duly paid; and if such owner or master shall refuse to take such oath, or take it falsely, the vessel shall be seized and forfeited.

R. S., 3115 If the owner or master of such vessel shall, however, furnish good and sufficient evidence that such vessel, while in the regular course of her voyage, was compelled, by stress of weather or other casualty, to put into such foreign port and purchase such equipments, or make such repairs, to secure the safety of the vessel to enable her to reach her port of destination, then it shall be competent for the Secretary of the Treasury to remit or refund such duties, and such vessel shall not be liable to forfeiture, and no license or enrollment and license, or renewal of either, shall hereafter be issued to any such vessel until the collector to whom application is made for the same shall be satisfied, from the oath of the owner or master, that all such equipments and repairs made within the year immediately preceding such application have been duly accounted for under the provisions of this and the preceding sections, and the duties accruing thereon duly paid; and if such owner or master shall refuse to take such oath, or take it falsely, the vessel shall be seized and forfeited.

252. Entry from one district to another

R. S., 3116 The master of every vessel enrolled or licensed to engage in the foreign and coasting trade on the northern, northeastern, and northwestern frontiers of the United States, except canal-boats employed in navigating the canals within the United States, shall, before the departure of his vessel from a port in one collection-district to a port in another collection-district, present to the collector at the port of departure duplicate manifests of his cargo, or, if he have no cargo, duplicate manifests setting forth that fact; such manifests shall be subscribed and sworn to by the master before the collector, who shall indorse thereon his certificate of clearance, retaining one for the files of his office; the other he shall deliver for the use of the master

R. S., 3117. If any vessel so enrolled or licensed shall touch at any intermediate port of the United States, and there discharge cargo taken on board at an American port, or at such intermediate ports shall take on board cargo destined for an American port, the master of such vessel shall not be required to report such lading or unlading at such intermediate ports, but shall enter the same on his manifest obtained at the original port of departure, which he shall deliver to the collector of the port at which the unlading of the cargo is completed, within twenty-

four hours after arrival, and shall subscribe and make oath as to the truth and correctness of the same.

The master of any vessel so enrolled or licensed shall, before departing from a port in one collection-district to a place in another collection-district, where there is no custom-house, file his manifest, and obtain a clearance in the same manner, and make oath to the manifest, which manifest and clearance shall be delivered to the proper officer of customs at the port at which the vessel next arrives after leaving the place of destination specified in the clearance. R S, 3118.

Nothing contained in the three preceding sections shall exempt masters of vessels from reporting, as now required by law, any merchandise destined for any foreign port. No permit shall be required for the unlading of cargo brought from an American port. R S, 3119.

Sec. 3.

If any vessel of the United States shall be found within the waters to which this Act applies, having on board fur-seal skins or bodies of seals, or apparatus or implements suitable for killing or taking seals, it shall be presumed that such vessel was used or employed in the killing of said seals, or that said apparatus or implements were used in violation of this Act until the contrary is proved to the satisfaction of the court. Sec. 4

Any violation of this Act or of the regulations thereunder may be prosecuted either in the district court of Alaska or in any district court of the United States in California, Oregon, or Washington. Sec. 5.

This Act shall not interfere with the privileges accorded to Indians dwelling on the coast of the United Sec. 6

States under section six of the Act of April sixth, eighteen hundred and ninety-four, but the limitations prescribed in said Act shall remain in full force.

Sec 7 This Act shall not affect in any way the killing or taking of fur seals upon the Pribilof Islands, or the laws of the United States relating thereto.

Sec 8 Any officer of the Naval or Revenue-Cutter Service of the United States, and any other officers duly designated by the President, may search any vessel of the United States in port or on the high seas suspected of having violated or of having an intention to violate the provisions of this act, and may seize such vessel and the offending officers and crew and bring them into the most accessible port of the States and Territories mentioned in section five of this Act for trial.

Sec 9 The importation into the United States by any person whatsoever of fur-seal skins taken in the waters mentioned in this Act, whether raw, dressed, dyed, or manufactured, is hereby prohibited, and all such articles imported after this Act shall take effect shall not be permitted to be exported, but shall be seized and destroyed by the proper officers of the United States.

Sec 10. The President shall have power to make all necessary regulations to carry this Act into effect.

301. Act of April 6, 1894.

Apr 6, 1894 No citizen of the United States, or person owing the duty of obedience to the laws or the treaties of the United States, nor any person belonging to or on board of a vessel of the United States, shall kill, capture, or pursue, at any time, or in any manner whatever, outside of territorial waters, any fur seal in the waters surrounding the Pribilof Islands within a zone of sixty geographical miles (sixty to a degree of latitude) around said islands, inclusive of the territorial waters.

Sec. 2. No citizen of the United States, or person above described in section one of this act, nor any person belonging to or on board of a vessel of the United States, shall kill, capture, or pursue, in any manner whatever, during the season extending from the first day of May to the thirty-first day of July, both inclusive, in each year, any fur seal on the high seas outside of the zone mentioned in section one, and in that part of the Pacific Ocean, including Behring Sea, which is situated to the north of the thirty-fifth degree of north latitude and to the east of the one hundred and eightieth degree of longitude from Greenwich till it strikes the water boundary described in article one of the treaty of eighteen hundred and sixty-seven, between the United States and Russia, and following that line up to Behring Straits

Sec. 3. No citizen of the United States or person above described, in the first section of this Act, shall, during the

period and in the waters in which by section two of this Act the killing of fur seals is not prohibited, use or employ any vessel, nor shall any vessel of the United States be used or employed, in carrying on or taking part in fur-seal fishing operations, other than a sailing vessel propelled by sails exclusively, and such canoes or undecked boats, propelled by paddles, oars, or sails as may belong to, and be used in connection with, such sailing vessels; nor shall any sailing vessel carry on or take part in such operations without a special license obtained from the Government for that purpose, and without carrying a distinctive flag prescribed by the Government for the same purpose.

Every master of a vessel licensed under this act to engage in fur-seal fishing operations shall accurately enter in his official log book the date and place of every such operation, and also the number and sex of the seals captured each day; and on coming into port, and before landing cargo, the master shall verify, on oath, such official log book as containing a full and true statement of the number and character of his fur-seal fishing operations, including the number and sex of seals captured; and for any false statement willfully made by a person so licensed by the United States in this behalf he shall be subject to the penalties of perjury; and any seal skins found in excess of the statement in the official log book shall be forfeited to the United States Sec 4

No person or vessel engaging in fur-seal fishing operations under this Act shall use or employ in any such operations, any net, firearm, airgun, or explosive: *Provided however*, That this prohibition shall not apply to the use of shotguns in such operations outside of Behring Sea during the season when the killing of fur seals is not there prohibited by this Act. Sec 5

The foregoing sections of this act shall not apply to Indians dwelling on the coast of the United States, and taking fur seals in canoes or undecked boats propelled wholly by paddles, oars, or sails, and not transported by or used in connection with other vessels, or manned by more than five persons, in the manner heretofore practiced by the said Indians. *Provided, however*, That the exception made in this section shall not apply to Indians in the employment of other persons, or who shall kill, capture, or pursue fur seals outside of territorial waters under contract to deliver the skins to other persons, nor to the waters of Behring Sea or of the passes between the Aleutian Islands. Sec 6

The President shall have power to make regulations respecting the special license and the distinctive flag mentioned in this Act and regulations otherwise suitable to secure the due execution of the provisions of this act, and from time to time to add to, modify, amend, or revoke such regulations, as in his judgment may seem expedient. Sec. 7

Sec 8

Except in the case of a master making a false statement under oath in violation of the provisions of the fourth section of this Act, every person guilty of a violation of the provisions of this Act, or of the regulations made thereunder, shall for each offense be fined not less than two hundred dollars, or imprisonment not more than six months, or both, and all vessels, their tackle, apparel, furniture, and cargo, at any time used or employed in violation of this Act, or of the regulations made thereunder, shall be forfeited to the United States

Sec 9

Any violation of this Act, or of the regulations made thereunder, may be prosecuted either in the district court of Alaska or in any district court of the United States in California, Oregon, or Washington.

Sec 10

If any unlicensed vessel of the United States shall be found within the waters to which this Act applies, and at a time when the killing of fur seals is by this Act there prohibited, having on board seal skins or bodies of seals, or apparatus, or implements suitable for killing or taking seals; or if any licensed vessel shall be found in the waters to which this Act applies, having on board apparatus or implements suitable for taking seals, but forbidden then and there to be used, it shall be presumed that the vessel in the one case and the apparatus or implements in the other was or were used in violation of this Act until it is otherwise sufficiently proved.

Sec 11

It shall be the duty of the President to cause a sufficient naval force to cruise in the waters to which this Act is applicable to enforce its provisions, and it shall be the duty of the commanding officer of any vessel belonging to the naval or revenue service of the United States, when so instructed by the President, to seize and arrest all vessels of the United States found by him to be engaged, used, or employed in the waters last aforesaid in violation of any of the prohibitions of this Act, or of any regulations made thereunder, and to take the same, with all persons on board thereof, to the most convenient port in any district of the United States mentioned in this Act, there to be dealt with according to law.

Sec 12

Any vessel or citizen of the United States, or person described in the first section of this Act, offending against the prohibitions of this Act or the regulations thereunder, may be seized and detained by the naval or other duly commissioned officers of Her Majesty the Queen of Great Britain, but when so seized and detained they shall be delivered as soon as practicable, with any witnesses and proofs on board, to any naval or revenue officer or other authorities of the United States, whose courts alone shall have jurisdiction to try the offense and impose the penalties for the same: *Provided, however*, That British officers shall arrest and detain vessels and persons as in this section specified only after, by appropriate legislation,

Great Britain shall have authorized officers of the United States duly commissioned and instructed by the President to that end to arrest, detain, and deliver to the authorities of Great Britain vessels and subjects of that Government offending against any statutes or regulations of Great Britain enacted or made to enforce the award of the treaty mentioned in the title of this Act.

304 Alaska fisheries

June 26, 1906

Every person, company, or corporation carrying on the business of canning, curing, or preserving fish or manufacturing fish products within the territory known as Alaska, ceded to the United States by Russia by the treaty of March thirtieth, eighteen hundred and sixty-seven, or in any of the waters of Alaska over which the United States has jurisdiction, shall, in lieu of all other license fees and taxes therefor and thereon, pay license taxes on their said business and output as follows. Canned salmon, four cents per case; pickled salmon, ten cents per barrel; salt salmon in bulk, five cents per one hundred pounds; fish oil, ten cents per barrel; fertilizer, twenty cents per ton. The payment and collection of such license taxes shall be under and in accordance with the provisions of the Act of March third, eighteen hundred and ninety-nine, entitled "An Act to define and punish crimes in the district of Alaska, and to provide a code of criminal procedure for the district," and amendments thereto.

Sec 2

The catch and pack of salmon made in Alaska by the owners of private salmon hatcheries operated in Alaska shall be exempt from all license fees and taxation of every nature at the rate of ten cases of canned salmon to every one thousand red or king salmon fry liberated, upon the following conditions:

The Secretary of Commerce and Labor may from time to time, and on the application of the hatchery owner shall, within a reasonable time thereafter, cause such private hatcheries to be inspected for the purpose of determining the character of their operations, efficiency,

and productiveness, and if he approve the same shall cause notice of such approval to be filed in the office of the clerk or deputy clerk of the United States district court of the division of the district of Alaska wherein any such hatchery is located, and shall also notify the owners of such hatchery of the action taken by him. The owner, agent, officer, or superintendent of any hatchery the effectiveness and productiveness of which has been approved as above provided shall, between the thirtieth day of June and the thirty-first day of December of each year, make proof of the number of salmon fry liberated during the twelve months immediately preceding the thirtieth day of June, by a written statement under oath. Such proof shall be filed in the office of the clerk or deputy clerk of the United States district court of the division of the district of Alaska wherein such hatchery is located, and when so filed shall entitle the respective hatchery owners to the exemption as herein provided; and a false oath as to the number of salmon fry liberated shall be deemed perjury and subject the offender to all the pains and penalties thereof. Duplicates of such statements shall also be filed with the Secretary of Commerce and Labor. It shall be the duty of such clerk or deputy clerk in whose office the approval and proof heretofore provided for are filed to forthwith issue to the hatchery owner, causing such proofs to be filed, certificates which shall not be transferable and of such denominations as said owner may request (no certificate to cover fewer than one thousand fry), covering in the aggregate the number of fry so proved to have been liberated; and such certificates may be used at any time by the person, company, corporation, or association to whom issued for the payment *pro tanto* of any license fees or taxes upon or against or on account of any catch or pack of salmon made by them in Alaska; and it shall be the duty of all public officials charged with the duty of collecting or receiving such license fees or taxes to accept such certificates in lieu of money in payment of all license fees or taxes upon or against the pack of canned salmon at the ratio of one thousand fry for each ten cases of salmon. No hatchery owner shall obtain the rebates from the output of any hatchery to which he might otherwise be entitled under this Act unless the efficiency of said hatchery has first been approved by the Secretary of Commerce and Labor in the manner herein provided for.

It shall be unlawful to erect or maintain any dam, barricade, fence, trap, fish wheel, or other fixed or stationary obstruction, except for purposes of fish culture, in any of the waters of Alaska at any point where the distance from shore to shore is less than five hundred feet, or within five hundred yards of the mouth of any red-salmon stream where the same is less than five hun-

Sec 8

dred feet in width, with the purpose or result of capturing salmon or preventing or impeding their ascent to their spawning grounds, and the Secretary of Commerce and Labor is hereby authorized and directed to have any and all such unlawful obstructions removed or destroyed.

Sec. 4

It shall be unlawful to lay or set any drift net, seine, set net, pound net, trap, or any other fishing appliance for any purpose except for purposes of fish culture, across or above the tide waters of any creek, stream, river, estuary, or lagoon, for a distance greater than one-third the width of such creek, stream, river, estuary, or lagoon, or within one hundred yards outside of the mouth of any red-salmon stream where the same is less than five hundred feet in width. It shall be unlawful to lay or set any seine or net of any kind within one hundred yards of any other seine, net, or other fishing appliance which is being or which has been laid or set in any of the waters of Alaska, or to drive or construct any trap or any other fixed fishing appliance within six hundred yards laterally or within one hundred yards endwise of any other trap or fixed fishing appliance.

Sec. 5.

Throughout the weekly close season herein prescribed the gate, mouth, or tunnel of all stationary and floating traps shall be closed, and twenty-five feet of the webbing or net of the "heart" of such traps on each side next to the "pot" shall be lifted or lowered in such manner as to permit the free passage of salmon and other fishes.

Sec. 6

The Secretary of Commerce and Labor may, in his discretion, set aside any streams or lakes as preserves for spawning grounds, in which fishing may be limited or entirely prohibited; and when, in his judgment, the results of fishing operations in any stream, or off the mouth thereof, indicate that the number of salmon taken is larger than the natural production of salmon in such stream, he is authorized to establish close seasons or to limit or prohibit fishing entirely for one year or more within such stream or within five hundred yards of the mouth thereof, so as to permit salmon to increase. *Provided, however,* That such power shall be exercised only after all persons interested shall be given a hearing, of

which due notice must be given by publication; and where the interested parties are known to the Department they shall be personally notified by a notice mailed not less than thirty days previous to such hearing. No order made under this section shall be effective before the next calendar year after same is made. *And provided further*, That such limitations and prohibitions shall not apply to those engaged in catching salmon who keep such streams fully stocked with salmon by artificial propagation.

It shall be unlawful to can or salt for sale for food any salmon more than forty-eight hours after it has been killed. Sec 7

It shall be unlawful for any person, company, or corporation wantonly to waste or destroy salmon or other food fishes taken or caught in any of the waters of Alaska. Sec 8.

It shall be unlawful for any person, company, or corporation canning, salting, or curing fish of any species in Alaska to use any label, brand, or trade-mark which shall tend to misrepresent the contents of any package of fish offered for sale: *Provided*, That the use of the terms "red," "medium red," "pink," "chum," and so forth, as applied to the various species of Pacific salmon under present trade usages shall not be deemed in conflict with the provisions of this Act when used to designate salmon of those known species Sec 9

Every person, company, and corporation engaged in catching, curing, or in any manner utilizing fishery products, or in operating fish hatcheries in Alaska, shall make detailed annual reports thereof to the Secretary of Commerce and Labor, on blanks furnished by him, covering all such facts as may be required with respect thereto for the information of the Department. Such reports shall be sworn to by the superintendent, manager, or other person having knowledge of the facts, a separate blank form being used for each establishment in cases where more than one cannery, saltery, or other establishment is conducted by a person, company, or corporation, and the same shall be forwarded to the Department at the close of the fishing season and not later than December fifteenth of each year Sec 10

The catching or killing, except with rod, spear, or gaff, of any fish of any kind or species whatsoever in any of the waters of Alaska over which the United States has jurisdiction, shall be subject to the provisions of this Act, and the Secretary of Commerce and Labor is hereby authorized to make and establish such rules and regulations not inconsistent with law as may be necessary to carry into effect the provisions of this Act. Sec. 11

To enforce the provisions of this Act and such regulations as he may establish in pursuance thereof, the Secre- Sec 12.

tary of Commerce and Labor is authorized and directed to depute, in addition to the agent and assistant agent of salmon fisheries now provided by law, from the officers and employees of the Department of Commerce and Labor, a force adequate to the performance of all work required for the proper investigation, inspection, and regulation of the Alaskan fisheries and hatcheries, and he shall annually submit to Congress estimates to cover the cost of the establishment and maintenance of fish hatcheries in Alaska, the salaries and actual traveling expenses of such officials, and for such other expenditures as may be necessary to carry out the provisions of this Act.

Sec 13

Any person, company, corporation, or association violating any provision of this Act or any regulation established in pursuance thereof shall, upon conviction thereof, be punished by a fine not exceeding one thousand dollars or imprisonment at hard labor for a term of not more than ninety days, or by both such fine and imprisonment, at the discretion of the court; and in case of the violation of any of the provisions of section four of this Act and conviction thereof a further fine of not more than two hundred and fifty dollars per diem may, at the discretion of the court, be imposed for each day such obstruction is maintained. And every vessel or other apparatus or equipment used or employed in violation of any provision of this Act, or of any regulation made thereunder, may be seized by order of the Secretary of Commerce and Labor, and shall be held subject to the payment of such fine or fines as may be imposed.

Sec 14

The violation of any provision of this Act may be prosecuted in any district court of Alaska or any district court of the United States in the States of California, Oregon, or Washington. And it shall be the duty of the Secretary of Commerce and Labor to enforce the provisions of this Act and the rules and regulations made thereunder. And it shall be the duty of the district attorney to whom any violation is reported by any agent or representative of the Department of Commerce and Labor to institute proceedings necessary to carry out the provisions of this Act.

June 14, 1906.

It shall be unlawful for any person not a citizen of the United States, or who has declared his intention to become a citizen of the United States, and is not a bona fide resident therein, or for any company, corporation, or association not organized or authorized to transact business under the laws of the United States or under the laws of any State, Territory, or district thereof, or for any person not a native of Alaska, to catch or kill, or attempt to catch or kill, except with rod, spear, or gaff, any fish of any kind or species whatsoever in any of the waters of Alaska under the jurisdiction of the United States. *Pro-*

vided, however, That nothing contained in this Act shall prevent those lawfully taking fish in the said waters from selling the same, fresh or cured, in Alaska or in Alaskan waters, to any alien person, company, or vessel then being lawfully in said waters. *And provided further,* That nothing contained in this Act shall prevent any person, firm, corporation, or association lawfully entitled to fish in the waters of Alaska from employing as laborers any aliens who can now be lawfully employed under the existing laws of the United States, either at stated wages or by piecework, or both, in connection with Alaskan fisheries, or with the canning, salting or otherwise preserving of fish

Every person, company, corporation, or association found guilty of a violation of any provision of this Act or of any regulation made thereunder shall, for each offense, be fined not less than one hundred dollars nor more than five hundred dollars, which fine shall be a lien against any vessel or other property of the offending party or which was used in the commission of such unlawful act. Every vessel used or employed in violation of any provision of this Act or of any regulation made thereunder shall be liable to a fine of not less than one hundred dollars nor more than five hundred dollars, and may be seized and proceeded against by way of libel in any court having jurisdiction of the offense. If any foreign vessel shall be found within the waters to which this Act applies, having on board fresh or cured fish and apparatus or implements suitable for killing or taking fish, it shall be presumed that the vessel and apparatus were used in violation of this Act until it is otherwise sufficiently proved. And every vessel, its tackle, apparatus, or implements so seized shall be given into the custody of the United States marshal of either of the districts mentioned in section three of this Act, and shall be held by him subject to the proceedings provided for in section two of this Act. regulations under State or municipal authority, where such regulations are, in the opinion of the Secretary of the Treasury, necessary to prevent the introduction of contagious or infectious diseases into the United States from foreign countries, or into one State or Territory or the District of Columbia from another State or Territory or the District of Columbia, and at such ports and places within the United States where quarantine regulations exist under the authority of the State or municipality which, in the opinion of the Secretary of the Treasury, are not sufficient to prevent the introduction of such diseases into the United States, or into one State or Territory or the District of Columbia from another State or Territory or the District of Columbia, the Secretary of the Treasury shall, if in his judgment it is necessary and proper, make such additional rules and regulations as are necessary to prevent the introduction of such diseases into the United States from foreign countries, or into one State or Territory or the District of Columbia from another State or Territory or the District of Columbia, and when said rules and regulations have been made they shall be promulgated by the Secretary of the Treasury and enforced by the sanitary authorities of the States and municipalities, where the State or municipal health authorities will undertake to execute and enforce them; but if the State or municipal authorities shall fail or refuse to enforce said rules and regulations the President shall execute and enforce the same and adopt such measures as in his judgment shall be necessary to prevent the introduction or spread of such diseases, and may detail or appoint officers for that purpose. The Secretary of the Treasury shall make such rules and regulations as are necessary to be observed by vessels at the port of departure and on the voyage, where such vessels sail from any foreign port or place to any port or place in the United States, to secure the best sanitary condition of such vessel, her cargo, passengers, and crew; which shall be published and communicated to and enforced by the consular officers of the United States. 308 Quarantine inspection

Sec. 6.

On the arrival of an infected vessel at any port not provided with proper facilities for treatment of the same, the Secretary of the Treasury may remand said vessel, at its own expense, to the nearest national or other quarantine station, where accommodations and appliances are provided for the necessary disinfection and treatment of the vessel, passengers, and cargo; and after treatment of any infected vessel at a national quarantine station, and after certificate shall have been given by the United States quarantine officer at said station that the vessel, cargo, and passengers are each and all free from infectious disease, or danger of conveying the same, said vessel shall be admitted to entry to any port of the United States named within the certificate. But at any ports where sufficient quarantine provision has been made by State or local authorities the Secretary of the Treasury may direct vessels bound for said ports to undergo quarantine at said State or local station.

310 Suspension of commerce

Whenever it shall be shown to the satisfaction of the President that by reason of the existence of cholera or other infectious or contagious diseases in a foreign country there is serious danger of the introduction of the same into the United States, and that notwithstanding the quarantine defense this danger is so increased by the introduction of persons or property from such country that a suspension of the right to introduce the same is demanded in the interest of the public health, the President shall have power to prohibit, in whole or in part, the introduction of persons and property from such countries or places as he shall designate and for such period of time as he may deem necessary.

Feb 15, 1893
Sec 7

312. State health laws.

R S., 4792. The quarantines and other restraints established by the health-laws of any State, respecting any vessels arriving in, or bound to, any port or district thereof, shall be duly observed by the officers of the customs revenue of the United States, by the masters and crews of the several

revenue-cutters, and by the military officers commanding in any fort or station upon the sea-coast; and all such officers of the United States shall faithfully aid in the execution of such quarantines and health-laws, according to their respective powers and within their respective precincts, and as they shall be directed, from time to time, by the Secretary of the Treasury. But nothing in this Title [R. S., 4792-4800] shall enable any State to collect a duty of tonnage or impost without the consent of Congress.

313 Removal of cargo.

Whenever, by the health-laws of any State, or by the regulations made pursuant thereto, any vessel arriving within a collection-district of such State is prohibited from coming to the port of entry or delivery by law established for such district, and such health-laws require or permit the cargo of the vessel to be unladen at some other place within or near to such district, the collector, after due report to him of the whole of such cargo, may grant his warrant or permit for the unlading and discharge thereof, under the care of the surveyor, or of one or more inspectors, at some other place where such health-laws permit, and upon the conditions and restrictions which shall be directed by the Secretary of the Treasury, or which such collector may, for the time, deem expedient for the security of the public revenue R. S., 4703

There shall be purchased or erected, under the orders of the President, suitable warehouses, with wharves and inclosures, where merchandise may be unladen and deposited, from any vessel which shall be subject to a quarantine, or other restraint, pursuant to the health-laws of any State, at such convenient places therein as the safety of the public revenue and the observance of such health-laws may require. R. S., 4704

Whenever the cargo of a vessel is unladen at some other place than the port of entry or delivery under the foregoing provisions, all the articles of such cargo shall be deposited, at the risk of the parties concerned therein, in such public or other warehouses or inclosures as the collector shall designate, there to remain under the joint custody of such collector and of the owner, or master, or other person having charge of such vessel, until the same are entirely unladen or discharged, and until the articles so deposited may be safely removed without contravening such health-laws. And when such removal is allowed, the collector having charge of such articles may grant permits to the respective owners or consignees, their factors or agents, to receive all merchandise which has been entered, and the duties accruing upon which have been paid, upon the payment by them of a reasonable rate of storage; which shall be fixed by the Secretary of the Treasury for all public warehouses and inclosures. R. S., 4705

R. S., 4796

The Secretary of the Treasury is authorized, whenever a conformity to such quarantines and health-laws requires it, and in respect to vessels subject thereto, to prolong the terms limited for the entry of the same, and the report or entry of their cargoes, and to vary or dispense with any other regulations applicable to such reports or entries. No part of the cargo of any vessel shall, however, in any case, be taken out or unladen therefrom, otherwise than is allowed by law, or according to the regulations hereinafter established.

314 Removal of custom-house

R. S. 4797

Whenever, by the prevalence of any contagious or epidemic disease in or near the place by law established as the port of entry for any collection-district, it becomes dangerous or inconvenient for the officers of the revenue employed therein to continue the discharge of their respective offices at such port, the Secretary of the Treasury, or, in his absence, the Comptroller, may direct the removal of the officers of the revenue from such port to any other more convenient place, within, or as near as may be to, such collection-district. And at such place such officers may exercise the same powers, and shall be liable to the same duties, according to existing circumstances, as in the port or district established by law. Public notice of any such removal shall be given as soon as may be.

315. National quarantine

He shall establish at such quarantine stations and anchorages all necessary instrumentalities for disinfecting vessels and their cargoes, and where the same shall be required shall erect the necessary hospital buildings and install the necessary furniture and fittings for receiving and treating the sick among the passengers and crews of vessels going to such quarantine stations and anchorages, and provide for the separation of those among their passengers and crews who are suffering from yellow fever from those who are in good health, and shall further provide for doing all things necessary to eradicate such disease from such vessels, their cargoes, passengers, and crews.

That any master or owner of any vessel violating any provision of this Act, or any provision of an Act entitled "An Act granting additional powers and imposing additional duties on the Marine-Hospital Service," approved February fifteenth, eighteen hundred and ninety-three, or violating any rule or regulation made in accordance with this Act or said Act of February fifteenth, eighteen hundred and ninety-three, relating to the inspection of vessels, or to the prevention of the introduction of contagious or infectious diseases into the United States, or any master, owner, or agent of any vessel making a false statement relative to the sanitary condition of such vessel or its contents, or as to the health of any passenger or person thereon shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than five hundred dollars or imprisonment for not more than one year, or both, in the discretion of the court.

Sec. 5

No transportation company or owner or owners of vessels, or others engaged in transporting aliens into the United States, shall, directly or indirectly, either by writing, printing, or oral representation, solicit, invite, or encourage the immigration of any aliens into the United States, but this shall not be held to prevent transportation companies from issuing letters, circulars, or advertisements, stating the sailings of their vessels and terms and facilities of transportation therein; and for a violation of this provision, any such transportation company, and any such owner or owners of vessels, and all others engaged in transporting aliens into the United States, and the agents by them employed, shall be severally subjected to the penalties imposed by section five of this Act. Sec. 10

The decision of the board of special inquiry, hereinafter provided for, based upon the certificate of the examining medical officer, shall be final as to the rejection of aliens affected with tuberculosis or with a loathsome or dangerous contagious disease, or with any mental or physical disability which would bring such aliens within any of the classes excluded from admission to the United States under section two of this Act.

Sec. 11

Upon the certificate of a medical officer of the United States Public Health and Marine Hospital Service to the effect that a rejected alien is helpless from sickness, mental or physical disability, or infancy, if such alien is accompanied by another alien whose protection or guardianship is required by such rejected alien, such accompanying alien may also be excluded, and the master, agent, owner, or consignee of the vessel in which such alien and accompanying alien are brought shall be required to return said alien and accompanying alien in the same manner as vessels are required to return other rejected aliens.

323. Manifest of aliens.

Sec. 12

Upon the arrival of any alien by water at any port within the United States it shall be the duty of the master or commanding officer of the steamer, sailing or other vessel having said alien on board to deliver to the immigration officers at the port of arrival lists or manifests made at the time and place of embarkation of such alien on board such steamer or vessel, which shall, in answer to questions at the top of said list, state as to each alien the full name, age, and sex; whether married or single; the calling or occupation; whether able to read or write; the nationality; the race; the last residence; the name and address of the nearest relative in the country from which the alien came; the seaport for landing in the United States; the final destination, if any, beyond the port of landing; whether having a ticket through to such final destination; whether the alien has paid his own

Such list shall contain the name, age, sex, nationality, residence in the United States, occupation, and the time of last arrival of every such alien in the United States, and no master of any such vessel shall be granted clearance papers for his vessel until he has deposited such list or lists with the collector of customs at the port of departure and made oath that they are full and complete as to the name and other information herein required concerning each alien taken on board his vessel; and any neglect or omission to comply with the requirements of this section shall be punishable as provided in section fifteen of this Act. That the collector of customs with whom any such list has been deposited in accordance with the provisions of this section, shall promptly notify the Commissioner-General of Immigration that such list has been deposited with him as provided, and shall make such further disposition thereof as may be required by regulations to be issued by the Commissioner-General of Immigration with the approval of the Secretary of Commerce and Labor. *Provided*, That in the case of vessels making regular trips to ports of the United States the Commissioner-General of Immigration, with the approval of the Secretary of Commerce and Labor, may, when expedient, arrange for the delivery of such lists of outgoing aliens at a later date: *Provided further*, That it shall be the duty of the master or commanding officer of any vessel sailing from ports in the Philippine Islands, Guam, Porto Rico, or Hawaiian any port of the United States on the North American Continent to deliver to the immigration officers at the port of arrival lists or manifests made at the time and place of embarkation, giving the names of all aliens on board said vessel.

Sec 13

All aliens arriving by water at the ports of the United States shall be listed in convenient groups, and no one list or manifest shall contain more than thirty names. To each alien or head of a family shall be given a ticket on which shall be written his name, a number or letter designating the list in which his name, and so forth, is contained, and his number on said list, for convenience of identification on arrival. Each list or manifest shall be verified by the signature and the oath or affirmation of the master or commanding officer, or the first or second below him in command, taken before an immigration officer at the port of arrival, to the effect that he has caused the surgeon of said vessel sailing therewith to make a physical and oral examination of each of said aliens, and that from the report of said surgeon and from his own investigation he believes that no one of said aliens is an idiot, or imbecile, or a feeble-minded person, or insane person, or a pauper, or is likely to become a public charge, or is afflicted with tuberculosis or with a loathsome or dangerous contagious disease, or is a person who has been convicted of, or who admits having committed a felony or other crime or misdemeanor involving moral turpitude, or is a polygamist or one admitting belief in the practice of polygamy, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a woman or girl coming to the United States for the purpose of prostitution, or for any other immoral purpose, and that also, according to the best of his knowledge and belief, the information in said lists or manifests concerning each of said aliens named therein is correct and true in every respect.

Sec. 14.

The surgeon of said vessel sailing therewith shall also sign each of said lists or manifests and make oath or affirmation in like manner before an immigration officer at the port of arrival, stating his professional experience and qualifications as a physician and surgeon, and that he has made a personal examination of each of the said aliens named therein, and that the said list or manifest, according to the best of his knowledge and belief, is full, correct, and true in all particulars relative to the mental and physical condition of said aliens. If no surgeon sails with any vessel bringing aliens the mental and physical examinations and the verifications of the lists or manifests shall be made by some competent surgeon employed by the owners of the said vessel.

Sec 15

In the case of the failure of the master or commanding officer of any vessel to deliver to the said immigration officers lists or manifests of all aliens on board thereof, as required in sections twelve, thirteen, and fourteen of this Act, he shall pay to the collector of customs at the port of arrival the sum of ten dollars for each alien concerning whom the above information is not contained in any list

as aforesaid. *Provided*, That in the case of failure without good cause to deliver the list of passengers required by section twelve of this Act from the master or commanding officer of every vessel taking alien passengers out of the United States, the penalty shall be paid to the collector of customs at the port of departure and shall be a fine of ten dollars for each alien not included in said list, but in no case shall the aggregate fine exceed one hundred dollars.

324. Inspection of aliens.

Upon the receipt by the immigration officers at any port of arrival of the lists or manifests of incoming aliens provided for in sections twelve, thirteen, and fourteen of this Act, it shall be the duty of said officers to go or to send competent assistants to the vessel to which said lists or manifests refer, and there inspect all such aliens, or said immigration officers may order a temporary removal of such aliens for examination at a designated time and place, but such temporary removal shall not be considered a landing, nor shall it relieve the transportation lines, masters, agents, owners, or consignees of the vessel upon which said aliens are brought to any port of the United States from any of the obligations which, in case such aliens remain on board, would, under the provisions of this Act, bind the said transportation lines, masters, agents, owners, or consignees. *Provided*, That where a suitable building is used for the detention and examination of aliens the immigration officials shall there take charge of such aliens, and the transportation companies, masters, agents, owners, and consignees of the vessels bringing such aliens shall be relieved of the responsibility for their detention thereafter until the return of such aliens to their care.

Sec 10

The physical and mental examination of all arriving aliens shall be made by medical officers of the United States Public Health and Marine-Hospital Service, who shall have had at least two years' experience in the practice of their profession since receiving the degree of doctor of medicine and who shall certify for the information of the immigration officers and the boards of special inquiry hereinafter provided for, any and all physical and mental defects or diseases observed by said medical officers in any such alien, or, should medical officers of the United States Public Health and Marine-Hospital Service be not available, civil surgeons of not less than four years' professional experience may be employed in such emergency for such service, upon such terms as may be prescribed by the Commissioner-General of Immigration under the direction or with the approval of the Secretary of Commerce and Labor. The United States Public Health and Marine-Hospital Service shall be reimbursed by the immigration service for all expenditures incurred in carrying out

the medical inspection of aliens under regulations of the Secretary of Commerce and Labor.

325. Detention on board

Sec 18

It shall be the duty of the owners, officers, or agents of any vessel or transportation line, other than those railway lines which may enter into a contract as provided in section thirty-two of this Act, bringing an alien to the United States to prevent the landing of such alien in the United States at any time or place other than as designated by the immigration officers, and the negligent failure of any such owner, officer, or agent to comply with the foregoing requirements shall be deemed a misdemeanor and be punished by a fine in each case of not less than one hundred nor more than one thousand dollars or by imprisonment for a term not exceeding one year, or by both such fine and imprisonment; and every such alien so landed shall be deemed to be unlawfully in the United States and shall be deported as provided in sections twenty and twenty-one of this Act.

326. Deportation

Sec 19

All aliens brought to this country in violation of law shall, if practicable, be immediately sent back to the country whence they respectively came on the vessels bringing them. The cost of their maintenance while on land, as well as the expense of the return of such aliens, shall be borne by the owner or owners of the vessels on which they respectively came; and if any master, person in charge, agent, owner, or consignee of any such vessel shall refuse to receive back on board thereof, or on board of any other vessel owned or operated by the same interests, such aliens, or shall fail to detain them thereon, or shall refuse or fail to return them to the foreign port from which they came, or to pay the cost of their maintenance while on land, or shall make any charge for the return of any such alien, or shall take any security from him for the payment of such charge, such master, person in charge, agent, owner, or consignee shall be deemed guilty of a misdemeanor and shall, on conviction, be punished by a fine of not less than three hundred dollars for each and every such offense; and no vessel shall have clearance from any port of the United States while any such fine is unpaid *Provided*, That the Commissioner-General of Immigration, with the approval of the Secretary of Commerce and Labor, may suspend, upon conditions to be prescribed by the Commissioner-General of Immigration, the deportation of any alien found to have come in violation of any provision of this Act, if, in his judgment, the testimony of such alien is necessary on behalf of the United States Government in the prosecution of offenders against any provision of this Act *Provided*, That the cost of maintenance of any person so

detained resulting from such suspension of deportation shall be paid from the "immigrant fund" but no alien certified, as provided in section seventeen of this Act, to be suffering from tuberculosis or from a loathsome or dangerous contagious disease other than one of quarantinable nature shall be permitted to land for medical treatment thereof in any hospital in the United States, unless with the express permission of the Secretary of Commerce and Labor: *Provided*, That upon the certificate of a medical officer of the United States Public Health and Marine-Hospital Service to the effect that the health or safety of an insane alien would be unduly imperiled by immediate deportation, such alien may, at the expense of the "immigrant fund," be held for treatment until such time as such alien may, in the opinion of such medical officer, be safely deported

Any alien who shall enter the United States in violation of law, and such as become public charges from causes existing prior to landing, shall, upon the warrant of the Secretary of Commerce and Labor, be taken into custody and deported to the country whence he came at any time within three years after the date of his entry into the United States. Such deportation, including one-half of the entire cost of removal to the port of deportation, shall be at the expense of the contractor, procurer, or other person by whom the alien was unlawfully induced to enter the United States, or, if that can not be done, then the cost of removal to the port of deportation shall be at the expense of the "immigrant fund" provided for in section one of this Act, and the deportation from such port shall be at the expense of the owner or owners of such vessel or transportation line by which such aliens respectively came: *Provided*, That pending the final disposal of the case of any alien so taken into custody he may be released under a bond in the penalty of not less than five hundred dollars with security approved by the Secretary of Commerce and Labor, conditioned that such alien shall be produced when required for a hearing or hearings in regard to the charge upon which he has been taken into custody, and for deportation if he shall be found to be unlawfully within the United States. Sec 20

In case the Secretary of Commerce and Labor shall be satisfied that an alien has been found in the United States in violation of this Act, or that an alien is subject to deportation under the provisions of this Act or of any law of the United States, he shall cause such alien within the period of three years after landing or entry therein to be taken into custody and returned to the country whence he came, as provided by section twenty of this Act, and a failure or refusal on the part of the masters, agents, owners, or consignees of vessels to comply with the order of the Secretary of Commerce and Sec 21.

Labor to take on board, guard safely, and return to the country whence he came any alien ordered to be deported under the provisions of this Act shall be punished by the imposition of the penalties prescribed in section nineteen of this Act: *Provided*, That when in the opinion of the Secretary of Commerce and Labor the mental or physical condition of such alien is such as to require personal care and attendance, he may employ a suitable person for that purpose, who shall accompany such alien to his or her final destination, and the expense incident to such service shall be defrayed in like manner.

327 Public charges

Sec 26

Any alien liable to be excluded because likely to become a public charge or because of physical disability other than tuberculosis or a loathsome or dangerous contagious disease may, if otherwise admissible, nevertheless be admitted in the discretion of the Secretary of Commerce and Labor upon the giving of a suitable and proper bond or undertaking, approved by said Secretary in such amount and containing such conditions as he may prescribe, to the people of the United States, holding the United States or any State, Territory, county, municipality, or district thereof harmless against such alien becoming a public charge. The admission of such alien shall be a consideration for the giving of such bond or undertaking. Suit may be brought thereon in the name and by the proper law officers either of the United States Government or of any State, Territory, district, county, or municipality in which such alien becomes a public charge

328 Frontier inspection

Sec 32

330. Place of deportation

The deportation of aliens arrested within the United States after entry and found to be illegally therein, provided for in this Act, shall be to the trans-Atlantic or trans-Pacific ports from which said aliens embarked for the United States; or, if such embarkation was for foreign contiguous territory, to the foreign port at which said aliens embarked for such territory.

Sec. 36.

332. Special classes

Whenever an alien shall have taken up his permanent residence in this country, and shall have filed his declaration of intention to become a citizen, and thereafter shall send for his wife, or minor children to join him, if said wife or any of said children shall be found to be affected with any contagious disorder, such wife or children shall be held, under such regulations as the Secretary of Commerce and Labor shall prescribe, until it shall be determined whether the disorder will be easily curable, or whether they can be permitted to land without danger to other persons; and they shall not be either admitted or deported until such facts have been ascertained; and if it shall be determined that the disorder is easily curable or that they can be permitted to land without danger to other persons, they shall, if otherwise admissible, thereupon be admitted.

PART XXVII.—OCEAN MAIL SERVICE.

338. Ocean mail act of 1891.

| 339 General ocean mail service

338 Ocean mail act of 1891

MAR 3, 1891

The Postmaster-General is hereby authorized and empowered to enter into contracts for a term not less than five nor more than ten years in duration, with American citizens for the carrying of mails on American steamships, between ports of the United States and such ports in foreign countries, the Dominion of Canada excepted, as in his judgment will best subserve and promote the postal and commercial interests of the United States, the mail service on such lines to be equitably distributed among the Atlantic, Mexican Gulf and Pacific ports. Said contracts shall be made with the lowest responsible bidder for the performance of said service on each route, and the Postmaster-General shall have the right to reject all bids not in his opinion reasonable for the attaining of the purposes named.

Sec 2

Before making any contracts for carrying ocean mails in accordance with this act the Postmaster-General shall give public notice by advertising once a week, for three months, in such daily papers as he shall select in each of the cities of Boston, New York, Philadelphia, Baltimore, New Orleans, Saint Louis, Charleston, Norfolk, Savannah, Galveston and Mobile, and when the proposed service is to be on the Pacific Ocean, then in San Francisco, Tacoma and Portland. Such notice shall describe the route, the time when such contract will be made, the duration of the same, the size of the steamers to be used, the number of trips a year, the times of sailing, and the time when the service shall commence, which shall not be more than three years after the contract shall be let. The details of the mode of advertising and letting such contracts shall be conducted in the manner prescribed in chapter eight of title [R. S., 2941-2963] forty-six of the Revised Statutes for the letting of inland mail contracts so far as the same shall be applicable to the ocean mail service.

Sec 8.

The vessels employed in the mail service under the provisions of this Act shall be American-built steamships, owned and officered by American citizens, in conformity with the existing laws, or so owned and officered and reg-

istered according to law, and upon each departure from the United States the following proportion of the crew shall be citizens of the United States, to wit: During the first two years of such contract for carrying the mails, one-fourth thereof, during the next three succeeding years, one-third thereof; and during the remaining time of the continuance of such contract at least one-half thereof; and shall be constructed after the latest and most approved types, with all the modern improvements and appliances for ocean steamers.

They shall be divided into four classes. The first shall be iron or steel screw steamships, capable of maintaining a speed of twenty knots an hour at sea in ordinary weather, and of a gross registered tonnage of not less than eight thousand tons. No vessel except of said first class shall be accepted for said mail service under the provisions of this act between the United States and Great Britain. The second class shall be iron or steel steamships, capable of maintaining a speed of sixteen knots an hour at sea in ordinary weather, and of a gross registered tonnage of not less than five thousand tons. The third class shall be iron or steel steamships, capable of maintaining a speed of fourteen knots an hour at sea in ordinary weather, and of a gross registered tonnage of not less than two thousand five hundred tons. The fourth class shall be iron or steel or wooden steamships, capable of maintaining a speed of twelve knots an hour at sea in ordinary weather, and of a gross registered tonnage of not less than fifteen hundred tons. It shall be stipulated in the contract or contracts to be entered into for the said mail service that said vessels may carry passengers with their baggage in addition to said mails and may do all ordinary business done by steamships.

All steamships of the first, second, and third classes employed as above and hereafter built shall be constructed with particular reference to prompt and economical conversion into auxiliary naval cruisers, and according to plans and specifications to be agreed upon by and between the owners and the Secretary of the Navy, and they shall be of sufficient strength and stability to carry and sustain the working and operation of at least four effective rifled cannon of a caliber of not less than six inches, and shall be of the highest rating known to maritime commerce. And all vessels of said three classes heretofore built and so employed shall, before they are accepted for the mail service herein provided for, be thoroughly inspected by a competent naval officer or constructor detailed for that service by the Secretary of the Navy; and such officer shall report, in writing, to the Secretary of the Navy, who shall transmit said report to the Postmaster-General; and no such vessel not approved by the Secretary of the Navy as suitable for the service required shall be employed by the Postmaster-General as provided for in this act.

Sec 4

Sec 5

The rate of compensation to be paid for such ocean mail service of the said first-class ships shall not exceed the sum of four dollars a mile, and for the second-class ships two dollars a mile, by the shortest practicable route, for each outward voyage; for the third-class ships not to exceed one dollar a mile, and for the fourth-class ships two-thirds of one dollar a mile, for the actual number of miles required by the Post Office Department to be traveled on each outward bound voyage: *Provided*, That in the case of failure from any cause to perform the regular voyages stipulated for in said contracts or any of them, a pro rata deduction shall be made from the compensation on account of such omitted voyage or voyages; and that suitable fines and penalties may be imposed for delays or irregularities in the due performance of service according to the contract, to be determined by the Postmaster-General. *Provided further*, That no steamship so employed and so paid for carrying the United States mails shall receive any other bounty or subsidy from the Treasury of the United States.

Sec 6

Upon each of said vessels the United States shall be entitled to have transported, free of charge, a mail-messenger, whose duty it shall be to receive, sort, take in charge and deliver the mails to and from the United States, and who shall be provided with suitable room for the accommodation of himself and the mails.

Sec. 7

The officers of the United States Navy may volunteer for service on said mail vessels, and when accepted by the contractor or contractors, may be assigned to such duty by the Secretary of the Navy whenever in his opinion such assignment can be made without detriment to the service, and while in said employment they shall receive furlough pay from the Government, and such other compensation from the contractor or contractors as may be agreed upon by the parties: *Provided*, That they shall only be required to perform such duties as appertain to the merchant service

Sec 8

Said vessels shall take, as cadets or apprentices, one American-born boy, under twenty-one years of age for each one thousand tons gross register, and one for each majority fraction thereof, who shall be educated in the duties of seamanship, rank as petty officers, and receive such pay for their services as may be reasonable.

Sec 9

Such steamers may be taken and used by the United States as transports or cruisers, upon payment to the owners of the fair actual value of the same at the time of the taking, and if there shall be a disagreement as to the fair actual value of the same at the time of the taking, and if there shall be a disagreement as to the fair actual value between the United States and the owners, then the same shall be determined by two impartial appraisers,

one to be appointed by each of said parties, they at the same time selecting a third, who shall act in said appraisal in case the two shall fail to agree.

Sec 10.

The Secretary of Agriculture shall cause careful inspection to be made by a suitable officer of all imported animals described in this act, to ascertain whether such animals are infected with contagious diseases or have been exposed to infection so as to be dangerous to other animals, which shall then either be placed in quarantine or dealt with according to the regulations of the Secretary of Agriculture; and all food, litter, manure, clothing, utensils, and other appliances that have been so related to such animals on board ship as to be judged liable to convey infection shall be dealt with according to the regulations of the Secretary of Agriculture;

And the Secretary of Agriculture may cause inspection to be made of all animals described in this act intended for exportation, and provide for the disinfection of all vessels engaged in the transportation thereof, and of all barges or other vessels used in the conveyance of such animals intended for export to the ocean steamer or other vessels, and of all attendants and their clothing; and of all headropes and other appliances used in such exportation, by such orders and regulations as he may prescribe; and if, upon such inspection, any such animals shall be adjudged, under the regulations of the Secretary of Agriculture, to be infected or to have been exposed to infection so as to be dangerous to other animals, they shall not be allowed to be placed upon any vessel for exportation; the expense of all the inspection and disinfection provided for in this section to be borne by the owners of the vessels on which such animals are exported.

351. Exportation of diseased live stock.

Feb. 2, 1903

In order to enable the Secretary of Agriculture to effectually suppress and extirpate contagious pleuropneumonia, foot and mouth disease, and other dangerous contagious, infectious, and communicable diseases in cattle and other live stock, and to prevent the spread of such diseases, the powers conferred on the Secretary of the

Treasury by sections four and five of an Act entitled "An Act for the establishment of a Bureau of Animal Industry, to prevent the exportation of diseased cattle, and to provide means for the suppression and extirpation of pleuropneumonia and other contagious diseases among domestic animals," approved May twenty-ninth, eighteen hundred and eighty-four (twenty-third United States Statutes, thirty-one), are hereby conferred on the Secretary of Agriculture, to be exercised exclusively by him. Whenever any inspector or assistant inspector of the Bureau of Animal Industry shall issue a certificate showing that such officer had inspected any cattle or other live stock which were about to be shipped, driven, or transported from such locality to another, as above stated, and had found them free from Texas or splenic fever infection, pleuropneumonia, foot and mouth disease, or any other infectious, contagious, or communicable disease, such animals, so inspected and certified, may be shipped, driven, or transported from such place into and through any State or Territory, including the Indian Territory, and into and through the District of Columbia, or they may be exported from the United States without further inspection or the exaction of fees of any kind, except such as may at any time be ordered or exacted by the Secretary of Agriculture; and all such animals shall at all times be under the control and supervision of the Bureau of Animal Industry of the Agricultural Department for the purposes of such inspection.

The Secretary of Agriculture shall have authority to make such regulations and take such measures as he may deem proper to prevent the introduction or dissemination of the contagion of any contagious, infectious, or communicable disease of animals from a foreign country into the United States or from one State or Territory of the United States or the District of Columbia to another, and to seize, quarantine, and dispose of any hay, straw, forage, or similar material, or any meats, hides, or other animal products coming from an infected foreign country to the United States, or from one State or Territory or the District of Columbia in transit to another State or Territory or the District of Columbia whenever in his judgment such action is advisable in order to guard against the introduction or spread of such contagion. 358. Duty to stay by.

Sept 4, 1890

In every case of collision between two vessels it shall be the duty of the master or person in charge of each vessel, if and so far as he can do so without serious danger to his own vessel, crew, and passengers (if any), to stay by the other vessel until he has ascertained that she has no need of further assistance, and to render to the other vessel, her master, crew, and passengers (if any), such assistance as may be practicable and as may be necessary in order to save them from any danger caused by the collision, and also to give to the master or person in charge of the other vessel the name of his own vessel and her port of registry, or the port or place to which she belongs, and also the name of the ports and places from which and to which she is bound

359. International rules of 1897

Aug 19, 1890

The following regulations for preventing collisions at sea shall be followed by all public and private vessels of the United States upon the high seas and in all waters connected therewith, navigable by sea-going vessels.

PRELIMINARY DEFINITIONS.

In the following rules every steam vessel which is under sail and not under steam is to be considered a sailing-vessel, and every vessel under steam, whether under sail or not, is to be considered a steam-vessel.

The word "steam-vessel" shall include any vessel propelled by machinery.

A vessel is "under way" within the meaning of these rules when she is not at anchor, or made fast to the shore, or aground.

II.—LIGHTS AND SO FORTH.

The word "visible" in these rules when applied to lights shall mean visible on a dark night with a clear atmosphere.

ARTICLE 1. The rules concerning lights shall be complied with in all weathers from sunset to sunrise, and during such time no other lights which may be mistaken for the prescribed lights shall be exhibited.

STEAM VESSELS—MASTHEAD LIGHT

ART. 2. A steam-vessel when under way shall carry—
(a) On or in front of the foremast, or if a vessel without a foremast, then in the fore part of the vessel, at a height above the hull of not less than twenty feet, and if the breadth of the vessel exceeds twenty feet, then at a height above the hull not less than such breadth, so, however, that the light need not be carried at a greater height above the hull than forty feet, a bright white light, so constructed as to show an unbroken light over an arc of the horizon of twenty points of the compass, so fixed as to throw the light ten points on each side of the vessel, namely, from right ahead to two points abaft the beam on either side and of such a character as to be visible at a distance of at least five miles.

STEAM VESSELS—SIDE LIGHTS

(b) On the starboard side a green light so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side, and of such a character as to be visible at a distance of at least two miles.

(c) On the port side a red light so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the port side, and of such a character as to be visible at a distance of at least two miles.

(d) The said green and red side-lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

STEAM VESSELS—RANGE LIGHTS.

(e) A steam-vessel when under way may carry an additional white light similar in construction to the light mentioned in subdivision (a). These two lights shall be so placed in line with the keel that one shall be at least fifteen feet higher than the other, and in such a position with reference to each other that the lower light shall be forward of the upper one. The vertical distance between these lights shall be less than the horizontal distance.

STEAM-VESSELS WHEN TOWING.

ART. 3. A steam-vessel when towing another vessel shall, in addition to her side-lights, carry two bright white lights in a vertical line one over the other, not less than six feet apart, and when towing more than one vessel shall carry an additional bright white light six feet above or below such light, if the length of the tow measuring from the stern of the towing vessel to the stern of the last vessel towed exceeds six hundred feet. Each of these lights shall be of the same construction and character, and shall be carried in the same position as the white light mentioned in article two (a), excepting the additional light, which may be carried at a height of not less than fourteen feet above the hull.

Such steam-vessel may carry a small white light abaft the funnel or aftermast for the vessel towed to steer by, but such light shall not be visible forward of the beam.

SPECIAL LIGHTS.

ART 4. (a) A vessel which from any accident is not under command shall carry at the same height as a white light mentioned in article two (a), where they can best be seen, and if a steam-vessel in lieu of that light, two red lights, in a vertical line one over the other, not less than six feet apart, and of such a character as to be visible all around the horizon at a distance of at least two miles; and shall by day carry in a vertical line one over the other, not less than six feet apart, where they can best be seen, two black balls or shapes, each two feet in diameter.

(b) A vessel employed in laying or in picking up a telegraph cable shall carry in the same position as the white light mentioned in article two (a), and if a steam-vessel in lieu of that light, three lights in a vertical line one over the other not less than six feet apart. The highest and

lowest of these lights shall be red, and the middle light shall be white, and they shall be of such a character as to be visible all around the horizon, at a distance of at least two miles. By day she shall carry in a vertical line, one over the other, not less than six feet apart, where they can best be seen, three shapes not less than two feet in diameter, of which the highest and lowest shall be globular in shape and red in color, and the middle one diamond in shape and white.

(c) The vessels referred to in this article, when not making way through the water, shall not carry the side-lights, but when making way shall carry them.

(d) The lights and shapes required to be shown by this article are to be taken by other vessels as signals that the vessel showing them is not under command and can not therefore get out of the way.

These signals are not signals of vessels in distress and requiring assistance. Such signals are contained in article thirty-one

LIGHTS FOR SAILING VESSELS AND VESSELS IN TOW.

ART 5. A sailing vessel under way and any vessel being towed shall carry the same lights as are prescribed by article two for a steam-vessel under way, with the exception of the white lights mentioned therein, which they shall never carry.

LIGHTS FOR SMALL VESSELS.

ART. 6. Whenever, as in the case of small vessels under way during bad weather, the green and red side-lights can not be fixed, these lights shall be kept at hand, lighted and ready for use; and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the star-board side, nor, if practicable, more than two points abaft the beam on their respective sides. To make the use of these portable lights more certain and easy the lanterns containing them shall each be painted outside with the color of the light they respectively contain, and shall be provided with proper screens.

LIGHTS FOR SMALL STEAM AND SAIL VESSELS AND OPEN BOATS.

ART. 7. Steam-vessels of less than forty, and vessels under oars or sails of less than twenty tons gross tonnage, respectively, and rowing boats, when under way, shall not be required to carry the lights mentioned in article

May 28, 1894

two (a), (b), and (c), but if they do not carry them they shall be provided with the following lights:

First. Steam-vessels of less than forty tons shall carry—

(a) In the fore part of the vessel or on or in front of the funnel, where it can best be seen, and at a height above the gunwale of not less than nine feet, a bright white light constructed and fixed as prescribed in article two (a), and of such a character as to be visible at a distance of at least two miles.

(b) Green and red side-lights constructed and fixed as prescribed in article two (b) and (c), and of such a character as to be visible at a distance of at least one mile, or a combined lantern showing a green light and a red light from right ahead to two points abaft the beam on their respective sides. Such lanterns shall be carried not less than three feet below the white light.

Second. Small steamboats, such as are carried by sea-going vessels, may carry the white light at a less height than nine feet above the gunwale, but it shall be carried above the combined lantern mentioned in subdivision one (b).

Third. Vessels under oars or sails of less than twenty tons shall have ready at hand a lantern with a green glass on one side and a red glass on the other, which, on the approach of or to other vessels, shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side nor the red light on the starboard side.

Fourth. Rowing boats, whether under oars or sail, shall have ready at hand a lantern showing a white light which shall be temporarily exhibited in sufficient time to prevent collision.

The vessels referred to in this article shall not be obliged to carry the lights prescribed by article four (a) and article eleven, last paragraph.

LIGHTS FOR PILOT VESSELS

Aug 19, 1890

ART 8. Pilot-vessels when engaged on their station on pilotage duty shall not show the lights required for other vessels, but shall carry a white light at the masthead, visible all around the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals, which shall never exceed fifteen minutes.

On the near approach of or to other vessels they shall have their side-lights lighted, ready for use, and shall flash or show them at short intervals, to indicate the direction in which they are heading, but the green light shall not be shown on the port side, nor the red light on the starboard side.

A pilot-vessel of such a class as to be obliged to go alongside of a vessel to put a pilot on board may show the white light instead of carrying it at the masthead, and

may, instead of the colored lights above mentioned, have at hand, ready for use, a lantern with green glass on the one side and red glass on the other, to be used as prescribed above.

Pilot-vessels when not engaged on their station on pilotage duty shall carry lights similar to those of other vessels of their tonnage

A steam-pilot vessel, when engaged on her station on pilotage duty and in waters of the United States, and not at anchor, shall, in addition to the lights required for all pilot boats, carry at a distance of eight feet below her white masthead light a red light, visible all around the horizon and of such a character as to be visible on a dark night with a clear atmosphere at a distance of at least two miles, and also the colored side lights required to be carried by vessels when under way.

Feb 19, 1900

Secs 1, 2

When engaged on her station on pilotage duty and in waters of the United States, and at anchor, she shall carry in addition to the lights required for all pilot boats the red light above mentioned, but not the colored side lights.

When not engaged on her station on pilotage duty, she shall carry the same lights as other steam vessels.

LIGHTS, ETC., OF FISHING VESSELS.

ARTICLE 9. Fishing vessels and fishing boats, when under way and when not required by this article to carry or show the lights hereinafter specified, shall carry or show the lights prescribed for vessels of their tonnage under way.

Jan 19, 1907

(a) Open boats, by which is to be understood boats not protected from the entry of sea water by means of a continuous deck, when engaged in any fishing at night, with outlying tackle extending not more than one hundred and fifty feet horizontally from the boat into the seaway, shall carry one all-round white light.

Open boats, when fishing at night, with outlying tackle extending more than one hundred and fifty feet horizontally from the boat into the seaway, shall carry one all-round white light, and in addition, on approaching or being approached by other vessels, shall show a second white light at least three feet below the first light and at a horizontal distance of at least five feet away from it in the direction in which the outlying tackle is attached.

(b) Vessels and boats, except open boats as defined in subdivision (a), when fishing with drift nets, shall, so long as the nets are wholly or partly in the water, carry two white lights where they can best be seen. Such lights shall be placed so that the vertical distance between them shall be not less than six feet and not more than fifteen feet, and so that the horizontal distance between them, measured in a line with the keel, shall be not less than

five feet and not more than ten feet. The lower of these two lights shall be in the direction of the nets, and both of them shall be of such a character as to show all around the horizon, and to be visible at a distance of not less than three miles.

Within the Mediterranean Sea and in the seas bordering the coasts of Japan and Korea sailing fishing vessels of less than twenty tons gross tonnage shall not be obliged to carry the lower of these two lights. Should they, however, not carry it, they shall show in the same position (in the direction of the net or gear) a white light, visible at a distance of not less than one sea mile, on the approach of or to other vessels.

(c) Vessels and boats, except open boats as defined in subdivision (a), when line fishing with their lines out and attached to or hauling their lines, and when not at anchor or stationary within the meaning of subdivision (h), shall carry the same lights as vessels fishing with drift nets. When shooting lines, or fishing with towing lines, they shall carry the lights prescribed for a steam or sailing vessel under way, respectively.

Within the Mediterranean Sea and in the seas bordering the coasts of Japan and Korea sailing fishing vessels of less than twenty tons gross tonnage shall not be obliged to carry the lower of these two lights. Should they, however, not carry it, they shall show in the same position (in the direction of the lines) a white light, visible at a distance of not less than one sea mile on the approach of or to other vessels.

(d) Vessels when engaged in trawling, by which is meant the dragging of an apparatus along the bottom of the sea—

First. If steam vessels, shall carry in the same position as the white light mentioned in article two (a) a tri-colored lantern so constructed and fixed as to show a white light from right ahead to two points on each bow, and a green light and a red light over an arc of the horizon from two points on each bow to two points abaft the beam on the starboard and port sides, respectively; and not less than six nor more than twelve feet below the tri-colored lantern a white light in a lantern, so constructed as to show a clear, uniform, and unbroken light all around the horizon.

Second. If sailing vessels, shall carry a white light in a lantern, so constructed as to show a clear, uniform, and unbroken light all around the horizon, and shall also, on the approach of or to other vessels, show where it can best be seen a white flare-up light or torch in sufficient time to prevent collision.

All lights mentioned in subdivision (d) first and second shall be visible at a distance of at least two miles.

(e) Oyster dredgers and other vessels fishing with dredge nets shall carry and show the same lights as trawlers.

(f) Fishing vessels and fishing boats may at any time use a flare-up light in addition to the lights which they are by this article required to carry and show, and they may also use working lights.

(g) Every fishing vessel and every fishing boat under one hundred and fifty feet in length, when at anchor, shall exhibit a white light visible all around the horizon at a distance of at least one mile.

Every fishing vessel of one hundred and fifty feet in length or upward, when at anchor, shall exhibit a white light visible all around the horizon at a distance of at least one mile, and shall exhibit a second light as provided for vessels of such length by article eleven.

Should any such vessel, whether under one hundred and fifty feet in length or of one hundred and fifty feet in length or upward, be attached to a net or other fishing gear, she shall on the approach of other vessels show an additional white light at least three feet below the anchor light, and at a horizontal distance of at least five feet away from it in the direction of the net or gear.

(h) If a vessel or boat when fishing becomes stationary in consequence of her gear getting fast to a rock or other obstruction, she shall in daytime haul down the day signal required by subdivision (k); at night show the light or lights prescribed for a vessel at anchor; and during fog, mist, falling snow, or heavy rain storms make the signal prescribed for a vessel at anchor. (See subdivision (d) and the last paragraph of article fifteen.)

(i) In fog, mist, falling snow, or heavy rain storms drift-net vessels attached to their nets, and vessels when trawling, dredging, or fishing with any kind of drag net, and vessels line fishing with their lines out, shall, if of twenty tons gross tonnage or upward, respectively, at intervals of not more than one minute make a blast; if steam vessels, with the whistle or siren, and if sailing vessels, with the foghorn, each blast to be followed by ringing the bell. Fishing vessels and boats of less than twenty tons gross tonnage shall not be obliged to give the above-mentioned signals; but if they do not, they shall make some other efficient sound signal at intervals of not more than one minute.

(k) All vessels or boats fishing with nets or lines or trawls, when under way, shall in daytime indicate their occupation to an approaching vessel by displaying a basket or other efficient signal where it can best be seen. If vessels or boats at anchor have their gear out, they shall, on the approach of other vessels, show the same signal on the side on which those vessels can pass.

The vessels required by this article to carry or show the lights hereinbefore specified shall not be obliged to carry the lights prescribed by article four (a) and the last paragraph of article eleven.

LIGHTS FOR AN OVERTAKEN VESSEL.

Aug 19, 1890 ART. 10. A vessel which is being overtaken by another shall show from her stern to such last-mentioned vessel a white light or a flare-up light.

The white light required to be shown by this article may be fixed and carried in a lantern, but in such case the lantern shall be so constructed, fitted, and screened that it shall throw an unbroken light over an arc of the horizon of twelve points of the compass, namely, for six points from right aft on each side of the vessel, so as to be visible at a distance of at least one mile. Such light shall be carried as nearly as practicable on the same level as the side lights.

ANCHOR LIGHTS.

ART. 11. A vessel under one hundred and fifty feet in length when at anchor shall carry forward, where it can best be seen, but at a height not exceeding twenty feet above the hull, a white light, in a lantern so constructed as to show a clear, uniform, and unbroken light visible all around the horizon at a distance of at least one mile.

A vessel of one hundred and fifty feet or upwards in length, when at anchor, shall carry in the forward part of the vessel, at a height of not less than twenty and not exceeding forty feet above the hull, one such light, and at or near the stern of the vessel, and at such a height that it shall be not less than fifteen feet lower than the forward light, another such light.

The length of a vessel shall be deemed to be the length appearing in her certificate of registry.

A vessel aground in or near a fair-way shall carry the above light or lights and the two red lights prescribed by article four (a).

SPECIAL SIGNAL.

ART 12 Every vessel may, if necessary in order to attract attention, in addition to the lights which she is by these rules required to carry, show a flare-up light or use any detonating signal that can not be mistaken for a distress signal.

NAVAL LIGHTS AND RECOGNITION SIGNALS.

ART 13 Nothing in these rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal-lights for two or more ships of war or for vessels sailing under convoy, or with the exhibition of recognition signals adopted by ship-owners, which have been authorized by their respective Governments and duly registered and published.

STEAM VESSEL UNDER SAIL BY DAY.

ART. 14. A steam-vessel proceeding under sail only but having her funnel up, shall carry in day-time, forward, where it can best be seen, one black ball or shape two feet in diameter.

III.—SOUND SIGNALS IN FOG, ETC.

PRELIMINARY

ART. 15 All signals prescribed by this article for vessels under way shall be given. June 10, 1896

First. By "steam vessels" on the whistle or siren.

Second. By "sailing vessels" and "vessels towed" on the fog horn.

The words "prolonged blast" used in this article shall mean a blast of from four to six seconds duration

A steam-vessel shall be provided with an efficient whistle or siren, sounded by steam or by some substitute for steam, so placed that the sound may not be intercepted by any obstruction, and with an efficient fog horn, to be sounded by mechanical means, and also with an efficient bell. (In all cases where the rules require a bell to be used a drum may be substituted on board Turkish vessels, or a gong where such articles are used on board small seagoing vessels) A sailing vessel of twenty tons gross tonnage or upwards shall be provided with a similar fog horn and bell.

In fog, mist, falling snow, or heavy rainstorms, whether by day or night, the signals described in this article shall be used as follows, namely:

STEAM VESSEL UNDER WAY

(a) A steam vessel having way upon her shall sound, at intervals of not more than two minutes, a prolonged blast.

(b) A steam vessel under way, but stopped, and having no way upon her, shall sound, at intervals of not more than two minutes, two prolonged blasts, with an interval of about one second between.

SAIL VESSEL UNDER WAY.

(c) A sailing vessel under way shall sound, at intervals of not more than one minute, when on the starboard tack, one blast, when on the port tack, two blasts in succession, and when with the wind abaft the beam, three blasts in succession.

VESSELS AT ANCHOR OR NOT UNDER WAY.

(d) A vessel when at anchor shall, at intervals of not more than one minute, ring the bell rapidly for about five seconds.

VESSELS TOWING OR TOWED.

(e) A vessel when towing, a vessel employed in laying or in picking up a telegraph cable, and a vessel under way, which is unable to get out of the way of an approaching vessel through being not under command, or unable to maneuver as required by the rules, shall, instead of the signals prescribed in subdivisions (a) and (c) of this article, at intervals of not more than two minutes, sound three blasts in succession, namely: One prolonged blast followed by two short blasts. A vessel towed may give this signal and she shall not give any other.

SMALL SAILING VESSELS AND BOATS.

Sailing vessels and boats of less than twenty tons gross tonnage shall not be obliged to give the above-mentioned signals, but, if they do not, they shall make some other efficient sound signal at intervals of not more than one minute

SPEED IN FOG.

Aug 10, 1890

ART. 16. Every vessel shall, in a fog, mist, falling snow, or heavy rain-storms, go at a moderate speed, having careful regard for the existing circumstances and conditions.

A steam vessel hearing, apparently forward of her beam, the fog-signal of a vessel the position of which is not ascertained shall, so far as the circumstances of the case admit, stop her engines, and then navigate with caution until danger of collision is over

IV.—STEERING AND SAILING RULES.

PRELIMINARY.

Risk of collision can, when circumstances permit, be ascertained by carefully watching the compass bearing of an approaching vessel. If the bearing does not appreciably change, such risk should be deemed to exist.

SAILING VESSELS.

ART. 17. When two sailing vessels are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other, as follows, namely:

(a) A vessel which is running free shall keep out of the way of a vessel which is close-hauled.

(b) A vessel which is close-hauled on the port tack shall keep out of the way of a vessel which is close-hauled on the starboard tack.

(c) When both are running free, with the wind on different sides, the vessel which has the wind on the port side shall keep out of the way of the other.

(d) When both are running free, with the wind on the same side, the vessel which is to the windward shall keep out of the way of the vessel which is to the leeward.

(e) A vessel which has the wind aft shall keep out of the way of the other vessel.

STEAM VESSELS.

ART. 18. When two steam-vessels are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This article only applies to cases where vessels are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two vessels which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are when each of the two vessels is end on, or nearly end on, to the other; in other words, to cases in which, by day, each vessel sees the masts of the other in a line, or nearly in a line, with her own; and by night, to cases in which each vessel is in such a position as to see both the side-lights of the other.

It does not apply by day to cases in which a vessel sees another ahead crossing her own course; or by night, to cases where the red light of one vessel is opposed to the red light of the other, or where the green light of one vessel is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

TWO STEAM-VESSELS CROSSING.

ART. 19. When two steam-vessels are crossing, so as to involve risk of collision, the vessel which has the other on her own starboard side shall keep out of the way of the other.

STEAM-VESSEL SHALL KEEP OUT OF THE WAY OF SAILING-VESSEL.

ART. 20. When a steam-vessel and a sailing-vessel are proceeding in such directions as to involve risk of collision, the steam-vessel shall keep out of the way of the sailing-vessel.

COURSE AND SPEED.

ART. 21. Where, by any of these rules, one of two vessels is to keep out of the way the other shall keep her course and speed.

NOTE.—When, in consequence of thick weather or other causes, such vessel finds herself so close that collision can

May 28, 1894

not be avoided by the action of the giving-way vessel alone, she also shall take such action as will best aid to avert collision. (See articles twenty-seven and twenty-nine.)

CROSSING AHEAD.

Aug. 19, 1890 ART. 22. Every vessel which is directed by these rules to keep out of the way of another vessel shall, if the circumstances of the case admit, avoid crossing ahead of the other.

STEAM-VESSELS SHALL SLACKEN SPEED OR STOP.

ART. 23. Every steam-vessel which is directed by these rules to keep out of the way of another vessel shall, on approaching her, if necessary, slacken her speed or stop or reverse.

OVERTAKING VESSELS

ART. 24. Notwithstanding anything contained in these rules every vessel, overtaking any other, shall keep out of the way of the overtaken vessel.

Every vessel coming up with another vessel from any direction more than two points abaft her beam, that is, in such a position, with reference to the vessel which she is overtaking that at night she would be unable to see either of that vessel's side-lights, shall be deemed to be an overtaking vessel; and no subsequent alteration of the bearing between the two vessels shall make the overtaking vessel a crossing vessel within the meaning of these rules, or relieve her of the duty of keeping clear of the overtaken vessel until she is finally past and clear.

As by day the overtaking vessel can not always know with certainty whether she is forward or abaft this direction from the other vessel she should, if in doubt, assume that she is an overtaking vessel and keep out of the way.

NARROW CHANNELS.

ART. 25. In narrow channels every steam-vessel shall, when it is safe and practicable, keep to that side of the fair-way or mid-channel which lies on the starboard side of such vessel.

RIGHT OF WAY OF FISHING VESSELS.

ART. 26. Sailing vessels under way shall keep out of the way of sailing vessels or boats fishing with nets, or lines, or trawls. This rule shall not give to any vessel or boat engaged in fishing the right of obstructing a fair-way used by vessels other than fishing vessels or boats.

GENERAL PRUDENTIAL RULE

ART. 27. In obeying and construing these rules due regard shall be had to all dangers of navigation and col-

lision, and to any special circumstances which may render a departure from the above rules necessary in order to avoid immediate danger

SOUND SIGNALS FOR PASSING STEAMERS

ART. 28. The words "short blast" used in this article shall mean a blast of about one second's duration.

When vessels are in sight of one another, a steam-vessel under way, in taking any course authorized or required by these rules, shall indicate that course by the following signals on her whistle or siren, namely:

One short blast to mean, "I am directing my course to starboard."

Two short blasts to mean, "I am directing my course to port "

Three short blasts to mean, "My engines are going at full speed astern."

PRECAUTION

ART 29 Nothing in these rules shall exonerate any vessel or the owner or master or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper lookout, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case

ART. 30. Nothing in these rules shall interfere with the operation of a special rule, duly made by local authority, relative to the navigation of any harbor, river, or inland waters.

DISTRESS SIGNALS

ART. 31. When a vessel is in distress and requires assistance from other vessels or from the shore the following shall be the signals to be used or displayed by her, either together or separately, namely: May 28, 1894

In the daytime—

First. A gun or other explosive signal fired at intervals of about a minute.

Second The international code signal of distress indicated by N C.

Third The distance signal, consisting of a square flag, having either above or below it a ball or anything resembling a ball.

Fourth. A continuous sounding with any fog-signal apparatus.

At night—

First A gun or other explosive signal fired at intervals of about a minute

Second. Flames on the vessel (as from a burning tar barrel, oil barrel, and so forth)

Third Rockets or shells throwing stars of any color or description, fired one at a time, at short intervals.

Fourth. A continuous sounding with any fog-signal apparatus

360 Consideration of future rules.

Feb 5, 1890 The Secretary of State is hereby authorized to reconvene the delegates of the United States to the Washington International Marine Conference of eighteen hundred and eighty-nine, whenever in his judgment it is expedient, for the further consideration of rules to prevent collisions at sea and in the waters of the United States

361 Inland rules of 1897.

June 7, 1897 The following regulations for preventing collision shall be followed by all vessels navigating all harbors, rivers, and inland waters of the United States, except the Great Lakes and their connecting and tributary waters as far east as Montreal and the Red River of the North and rivers emptying into the Gulf of Mexico and their tributaries, and are hereby declared special rules duly made by local authority

Sec. 3 Every pilot, engineer, mate, or master of any steam-vessel, and every master or mate of any barge or canal-boat, who neglects or refuses to observe the provisions of this Act, or the regulations established in pursuance of the preceding section [see section 2, page 347], shall be liable to a penalty of fifty dollars, and for all damages sustained by any passenger in his person or baggage by such neglect or refusal: *Provided*, That nothing herein shall relieve any vessel, owner or corporation from any liability incurred by reason of such neglect or refusal.

Sec. 4 Every vessel that shall be navigated without complying with the provisions of this Act shall be liable to a penalty of two hundred dollars, one-half to go to the informer, for which sum the vessel so navigated shall be liable and may be seized and proceeded against by action in any district court of the United States having jurisdiction of the offense.

PRELIMINARY DEFINITIONS

June 7, 1897. In the following rules every steam vessel which is under sail and not under steam is to be considered a sailing-vessel, and every vessel under steam, whether under sail or not, is to be considered a steam vessel

The word "steam-vessel" shall include any vessel propelled by machinery.

A vessel is "under way," within the meaning of these rules, when she is not at anchor, or made fast to the shore, or aground.

II.—LIGHTS AND SO FORTH.

The word "visible" in these rules, when applied to lights, shall mean visible on a dark night with a clear atmosphere.

ARTICLE 1. The rules concerning lights shall be complied with in all weathers from sunset to sunrise, and during such time no other lights which may be mistaken for the prescribed lights shall be exhibited.

STEAM VESSELS—MASTHEAD LIGHT.

ART. 2. A steam-vessel when under way shall carry—
(a) On or in front of the foremast, or, if a vessel without a foremast, then in the forepart of the vessel, a bright white light so constructed as to show an unbroken light over an arc of the horizon of twenty points of the compass, so fixed as to throw the light ten points on each side of the vessel, namely, from right ahead to two points abaft the beam on either side, and of such a character as to be visible at a distance of at least five miles.

STEAM VESSELS—SIDE LIGHTS.

(b) On the starboard side a green light so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side, and of such a character as to be visible at a distance of at least two miles.

(c) On the port side a red light so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the port side, and of such a character as to be visible at a distance of at least two miles.

(d) The said green and red side-lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

STEAM VESSELS—RANGE LIGHTS.

(e) A sea-going steam-vessel when under way may carry an additional white light similar in construction to the light mentioned in subdivision (a). These two lights shall be so placed in line with the keel that one shall be at least fifteen feet higher than the other, and in such a position with reference to each other that the lower light shall be forward of the upper one. The vertical distance between these lights shall be less than the horizontal distance.

(f) All steam-vessels (except sea going vessels and ferryboats), shall carry in addition to green and red lights required by article two (b), (c), and screens as required by article two (d), a central range of two white lights; the after-light being carried at an elevation at least fifteen feet above the light at the head of the vessel. The head-light shall be so constructed as to show an un-

broken light through twenty points of the compass, namely, from right ahead to two points abaft the beam on either side of the vessel, and the after-light so as to show all around the horizon.

STREAM-VESSELS WHEN TOWING.

ART. 3 A steam-vessel when towing another vessel shall, in addition to her side-lights, carry two bright white lights in a vertical line one over the other, not less than three feet apart, and when towing more than one vessel shall carry an additional bright white light three feet above or below such lights, if the length of the tow measuring from the stern of the towing vessel to the stern of the last vessel towed exceeds six hundred feet. Each of these lights shall be of the same construction and character, and shall be carried in the same position as the white light mentioned in article two (a) or the after range light mentioned in article two (f)

Such steam vessels may carry a small white light abaft the funnel or aftermast for the vessel towed to steer by, but such light shall not be visible forward of the beam.

LIGHTS FOR SAILING VESSELS AND VESSELS IN TOW

ART. 5. A sailing-vessel under way or being towed shall carry the same lights as are prescribed by article two for a steam-vessel under way, with the exception of the white lights mentioned therein, which they shall never carry.

LIGHTS FOR FERRY-BOATS, BARGES, AND CANAL-BOATS- IN TOW

Sec 2

Feb 14, 1903
Sec 10

The supervising inspectors of steam-vessels and the Supervising Inspector-General shall establish such rules to be observed by steam vessels in passing each other and as to the lights to be carried by ferry-boats and by barges and canal-boats when in tow of steam-vessels, not inconsistent with the provisions of this Act, as they from time to time may deem necessary for safety, which rules when approved by the Secretary of Commerce and Labor, are hereby declared special rules duly made by local authority, as provided for in article thirty of chapter eight hundred and two of the laws of eighteen hundred and ninety. Two printed copies of such rules shall be furnished to such ferry-boats and steam-vessels, which rules shall be kept posted up in conspicuous places in such vessels.

LIGHTS FOR SMALL VESSELS.

June 7, 1897.

ART. 6. Whenever, as in the case of vessels of less than ten gross tons under way during bad weather, the green and red side-lights can not be fixed, these lights shall be kept at hand, lighted and ready for use; and shall, on the

approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red light on the starboard side, nor, if practicable, more than two points abaft the beam on their respective sides. To make the use of these portable lights more certain and easy the lanterns containing them shall each be painted outside with the color of the light they respectively contain, and shall be provided with proper screens.

ART. 7 Rowing boats, whether under oars or sail, shall have ready at hand a lantern showing a white light which shall be temporarily exhibited in sufficient time to prevent collision.

LIGHTS FOR PILOT VESSELS.

ART. 8. Pilot-vessels when engaged on their stations on pilotage duty shall not show the lights required for other vessels, but shall carry a white light at the masthead, visible all around the horizon, and shall also exhibit a flare-up light or flare-up lights at short intervals, which shall never exceed fifteen minutes.

On the near approach of or to other vessels they shall have their side-lights lighted, ready for use, and shall flash or show them at short intervals, to indicate the direction in which they are heading, but the green light shall not be shown on the port side nor the red light on the starboard side.

A pilot-vessel of such a class as to be obliged to go alongside of a vessel to put a pilot on board may show the white light instead of carrying it at the masthead, and may, instead of the colored lights above mentioned, have at hand, ready for use, a lantern with a green glass on the one side and a red glass on the other, to be used as prescribed above.

Pilot-vessels, when not engaged on their station on pilotage duty, shall carry lights similar to those of other vessels of their tonnage.

A steam pilot vessel, when engaged on her station on pilotage duty and in waters of the United States, and not at anchor, shall, in addition to the lights required for all pilot boats, carry at a distance of eight feet below her white masthead light a red light, visible all around the horizon and of such a character as to be visible on a dark night with a clear atmosphere at a distance of at least two miles, and also the colored side lights required to be carried by vessels when under way.

When engaged on her station on pilotage duty and in waters of the United States, and at anchor, she shall carry in addition to the lights required for all pilot boats the red light above mentioned, but not the colored side lights.

When not engaged on her station on pilotage duty, she shall carry the same lights as other steam vessels.

Secs 1, 2

LIGHTS, ETC., OF FISHING VESSELS.

June 7, 1807 ART. 9. (a) Fishing-vessels of less than ten gross tons, when under way and when not having their nets, trawls, dredges, or lines in the water, shall not be obliged to carry the colored side-lights; but every such vessel shall, in lieu thereof, have ready at hand a lantern with a green glass on one side and a red glass on the other side, and on approaching to or being approached by another vessel such lantern shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side nor the red light on the starboard side.

(b) All fishing-vessels and fishing-boats of ten gross tons or upward, when under way and when not having their nets, trawls, dredges, or lines in the water, shall carry and show the same lights as other vessels under way.

(c) All vessels, when trawling, dredging, or fishing with any kind of drag-nets or lines, shall exhibit, from some part of the vessel where they can be best seen, two lights. One of these lights shall be red and the other shall be white. The red light shall be above the white light, and shall be at a vertical distance from it of not less than six feet and not more than twelve feet; and the horizontal distance between them, if any, shall not be more than ten feet. These two lights shall be of such a character and contained in lanterns of such construction as to be visible round the horizon, the white light a distance of not less than three miles and the red light of not less than two miles.

LIGHTS FOR RAFTS, OR OTHER CRAFT, NOT PROVIDED FOR.

(d) Rafts, or other water craft not herein provided for, navigating by hand power, horse power, or by the current of the river, shall carry one or more good white lights, which shall be placed in such manner as shall be prescribed by the Board of Supervising Inspectors of Steam Vessels.

LIGHTS FOR AN OVERTAKEN VESSEL.

ART. 10. A vessel which is being overtaken by another, except a steam-vessel with an after range-light showing all around the horizon, shall throw from her stern to such last-mentioned vessel a white light or a flare-up light.

ANCHOR LIGHTS.

ART. 11. A vessel under one hundred and fifty feet in length, when at anchor, shall carry forward, where it can best be seen, but at a height not exceeding twenty feet above the hull, a white light in a lantern so constructed as to show a clear, uniform, and unbroken light visible all around the horizon at a distance of at least one mile.

A vessel of one hundred and fifty feet or upwards in length when at anchor shall carry in the forward part of the vessel, at a height of not less than twenty and not exceeding forty feet above the hull, one such light, and at or near the stern of the vessel, and at such a height that it shall be not less than fifteen feet lower than the forward light, another such light.

The length of a vessel shall be deemed to be the length appearing in her certificate of registry.

SPECIAL SIGNALS

ART. 12. Every vessel may, if necessary, in order to attract attention, in addition to the lights which she is by these rules required to carry, show a flare-up light or use any detonating signal that cannot be mistaken for a distress signal.

NAVAL LIGHTS AND RECOGNITION SIGNALS.

ART. 13. Nothing in these rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal lights for two or more ships of war or for vessels sailing under convoy, or with the exhibition of recognition signals adopted by shipowners, which have been authorized by their respective Governments, and duly registered and published.

STEAM VESSEL UNDER SAIL BY DAY.

ART. 14. A steam-vessel proceeding under sail only, but having her funnel up, may carry in daytime, forward, where it can best be seen, one black ball or shape two feet in diameter.

III —SOUND SIGNALS IN FOG, ETC.

PRELIMINARY.

ART. 15. All signals prescribed by this article for vessels under way shall be given:

1. By "steam-vessels" on the whistle or siren.
2. By "sailing-vessels" and "vessels towed" on the fog horn.

The words "prolonged blast" used in this article shall mean a blast of from four to six seconds duration.

A steam-vessel shall be provided with an efficient whistle or siren, sounded by steam or by some substitute for steam, so placed that the sound may not be intercepted by any obstruction, and with an efficient fog horn; also with an efficient bell. A sailing-vessel of twenty tons gross tonnage or upward shall be provided with a similar fog horn and bell.

In fog, mist, falling snow, or heavy rainstorms, whether by day or night, the signals described in this article shall be used as follows, namely:

STEAM VESSEL UNDER WAY

(a) A steam-vessel under way should sound, at intervals of not more than one minute, a prolonged blast.

SAIL VESSEL UNDER WAY.

(c) A sailing vessel under way shall sound, at intervals of not more than one minute, when on the starboard tack, one blast; when on the port tack, two blasts in succession, and when with the wind abaft the beam, three blasts in succession.

VESSELS AT ANCHOR OR NOT UNDER WAY.

(d) A vessel when at anchor shall, at intervals, of not more than one minute, ring the bell rapidly for about five seconds.

VESSELS TOWING OR TOWED.

(e) A steam-vessel when towing, shall, instead of the signals prescribed in subdivision (a) of this article, at intervals of not more than one minute, sound three blasts in succession, namely, one prolonged blast followed by two short blasts. A vessel towed may give this signal and she shall not give any other.

RAFTS, OR OTHER CRAFT NOT PROVIDED FOR

(f) All rafts or other water craft, not herein provided for, navigating by hand power, horse power, or by the current of the river, shall sound a blast of the fog-horn, or equivalent signal, at intervals of not more than one minute.

SPEED IN FOG.

ART 16. Every vessel shall, in a fog, mist, falling snow, or heavy rainstorms, go at a moderate speed, having careful regard to the existing circumstances and conditions.

A steam-vessel hearing, apparently forward of her beam, the fog-signal of a vessel the position of which is not ascertained shall, so far as the circumstances of the case admit, stop her engines, and then navigate with caution until danger of collision is over.

IV.—STEERING AND SAILING RULES.

PRELIMINARY.

Risk of collision can, when circumstances permit, be ascertained by carefully watching the compass bearing of an approaching vessel. If the bearing does not appreciably change, such risk should be deemed to exist.

SAILING VESSELS

ART. 17. When two sailing-vessels are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other as follows, namely:

(a) A vessel which is running free shall keep out of the way of a vessel which is close-hauled

(b) A vessel which is close-hauled on the port tack shall keep out of the way of a vessel which is close-hauled on the starboard tack.

(c) When both are running free, with the wind on different sides, the vessel which has the wind on the port side shall keep out of the way of the other.

(d) When both are running free, with the wind on the same side, the vessel which is to the windward shall keep out of the way of the vessel which is to the leeward.

(e) A vessel which has the wind aft shall keep out of the way of the other vessel.

STEAM VESSELS.

ART. 18. RULE I When steam-vessels are approaching each other head and head, that is, end on, or nearly so, it shall be the duty of each to pass on the port side of the other; and either vessel shall give, as a signal of her intention, one short and distinct blast of her whistle, which the other vessel shall answer promptly by a similar blast of her whistle, and thereupon such vessels shall pass on the port side of each other. But if the courses of such vessels are so far on the starboard of each other as not to be considered as meeting head and head, either vessel shall immediately give two short and distinct blasts of her whistle, which the other vessel shall answer promptly by two similar blasts of her whistle, and they shall pass on the starboard side of each other.

The foregoing only applies to cases where vessels are meeting end on or nearly end on, in such a manner as to involve risk of collision; in other words, to cases in which, by day, each vessel sees the masts of the other in a line, or nearly in a line, with her own, and by night to cases in which each vessel is in such a position as to see both the sidelights of the other.

It does not apply by day to cases in which a vessel sees another ahead crossing her own course, or by night to

cases where the red light of one vessel is opposed to the red light of the other, or where the green light of one vessel is opposed to the green light of the other, or where a red light without a green light or a green light without a red light, is seen ahead, or where both green and red lights are seen anywhere but ahead.

RULE III. If, when steam-vessels are approaching each other, either vessel fails to understand the course or intention of the other, from any cause, the vessel so in doubt shall immediately signify the same by giving several short and rapid blasts, not less than four, of the steam-whistle.

RULE V. Whenever a steam-vessel is nearing a short bend or curve in the channel, where, from the height of the banks or other cause, a steam-vessel approaching from the opposite direction can not be seen for a distance of half a mile, such steam-vessel, when she shall have arrived within half a mile of such curve or bend, shall give a signal by one long blast of the steam-whistle, which signal shall be answered by a similar blast, given by any approaching steam-vessel that may be within hearing. Should such signal be so answered by a steam-vessel upon the farther side of such bend, then the usual signals for meeting and passing shall immediately be given and answered; but, if the first alarm signal of such vessel be not answered, she is to consider the channel clear and govern herself accordingly.

When steam-vessels are moved from their docks or berths, and other boats are hable to pass from any direction toward them, they shall give the same signal as in the case of vessels meeting at a bend, but immediately after clearing the berths so as to be fully in sight they shall be governed by the steering and sailing rules.

RULE VIII. When steam-vessels are running in the same direction, and the vessel which is astern shall desire to pass on the right or starboard hand of the vessel ahead, she shall give one short blast of the steam-whistle, as a signal of such desire, and if the vessel ahead answers with one blast, she shall put her helm to port, or if she shall desire to pass on the left or port side of the vessel ahead, she shall give two short blasts of the steam-whistle as a signal of such desire, and if the vessel ahead answers with two blasts, shall put her helm to starboard; or if the vessel ahead does not think it safe for the vessel astern to attempt to pass at that point, she shall immediately signify the same by giving several short and rapid blasts of the steam-whistle, not less than four, and under no circumstances shall the vessel astern attempt to pass the vessel ahead until such time as they have reached a point where it can be safely done, when said vessel ahead shall signify her willingness by blowing the proper signals. The vessel ahead shall in no case attempt to cross the bow or crowd upon the course of the passing vessel.

RULE IX. The whistle signals provided in the rules

under this article, for steam-vessels meeting, passing, or overtaking, are never to be used except when steamers are in sight of each other, and the course and position of each can be determined in the daytime by a sight of the vessel itself, or by night by seeing its signal lights. In fog, mist, falling snow or heavy rainstorms, when vessels can not see each other, fog-signals only must be given.

SUPPLEMENTARY REGULATIONS.

The supervising inspectors of steam-vessels and the Supervising Inspector-General shall establish such rules to be observed by steam-vessels in passing each other and as to the lights to be carried by ferry-boats and by barges and canal-boats when in tow of steam-vessels, not inconsistent with the provisions of this act, as they from time to time may deem necessary for safety, which rules when approved by the Secretary of Commerce and Labor, are hereby declared special rules duly made by local authority, as provided for in article thirty of chapter eight hundred and two of the laws of eighteen hundred and ninety Two printed copies of such rules shall be furnished to such ferry-boats and steam-vessels, which rules shall be kept posted up in conspicuous places in such vessels.

TWO STEAM-VESSELS CROSSING

ART. 19. When two steam vessels are crossing, so as to involve risk of collision, the vessel which has the other on her own starboard side shall keep out of the way of the other.

June 7, 1897

STEAM-VESSEL SHALL KEEP OUT OF THE WAY OF SAILING-VESSEL

ART 20. When a steam-vessel and sailing-vessel are proceeding in such directions as to involve risk of collision, the steam-vessel shall keep out of the way of the sailing-vessel.

COURSE AND SPEED.

ART. 21. Where, by any of these rules, one of the two vessels is to keep out of the way, the other shall keep her course and speed.

[See articles 27 and 29]

CROSSING AHEAD.

ART. 22. Every vessel which is directed by these rules to keep out of the way of another vessel shall, if the circumstances of the case admit, avoid crossing ahead of the other.

STEAM-VESSELS SHALL SLACKEN SPEED OR STOP.

ART. 23. Every steam-vessel which is directed by these rules to keep out of the way of another vessel shall, on approaching her, if necessary, slacken her speed or stop or reverse.

OVERTAKING VESSELS.

ART. 24. Notwithstanding anything contained in these rules every vessel, overtaking any other, shall keep out of the way of the overtaken vessel.

Every vessel coming up with another vessel from any direction more than two points abaft her beam, that is, in such a position, with reference to the vessel which she is overtaking that at night she would be unable to see either of that vessel's side-lights, shall be deemed to be an overtaking vessel; and no subsequent alteration of the bearing between the two vessels shall make the overtaking vessel a crossing vessel within the meaning of these rules, or relieve her of the duty of keeping clear of the overtaken vessel until she is finally past and clear.

As by day the overtaking vessel can not always know with certainty whether she is forward of or abaft this direction from the other vessel she should, if in doubt, assume that she is an overtaking vessel and keep out of the way.

NARROW CHANNELS.

ART. 25. In narrow channels every steam-vessel shall, when it is safe and practicable, keep to that side of the fair-way or mid-channel which lies on the starboard side of such vessel.

RIGHTS OF WAY OF FISHING VESSELS.

ART. 26. Sailing-vessels under way shall keep out of the way of sailing-vessels or boats fishing with nets, or lines or trawls. This rule shall not give to any vessel or boat engaged in fishing the right of obstructing a fair-way used by vessels other than fishing-vessels or boats.

GENERAL PRUDENTIAL RULE.

ART. 27. In obeying and construing these rules due regard shall be had to all dangers of navigation and collision, and to any special circumstances which may render a departure from the above rules necessary in order to avoid immediate danger.

SOUND SIGNALS FOR PASSING STEAMERS.

(See Art. 18.)

ART. 28. When vessels are in sight of one another a steam-vessel under way whose engines are going at full speed astern shall indicate that fact by three short blasts on the whistle.

PRECAUTION.

ART. 29. Nothing in these rules shall exonerate any vessel, or the owner or master or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper lookout, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

LIGHTS ON UNITED STATES NAVAL VESSELS AND REVENUE CUTTERS.

ART. 30. The exhibition of any light on board of a vessel of war of the United States or a revenue cutter may be suspended whenever, in the opinion of the Secretary of the Navy, the commander in chief of a squadron, or the commander of a vessel acting singly, the special character of the service may require it.

DISTRESS SIGNALS.

ART. 31. When a vessel is in distress and requires assistance from other vessels or from the shore the following shall be the signals to be used or displayed by her, either together or separately, namely:

IN THE DAYTIME.

A continuous sounding with any fog-signal apparatus, or firing a gun.

AT NIGHT

First. Flames on the vessel as from a burning tar barrel, oil barrel, and so forth.

Second. A continuous sounding with any fog-signal apparatus, or firing a gun.

362. Limits of application of international and inland or local rules.

The Secretary of Commerce and Labor is hereby authorized, empowered and directed from time to time to designate and define by suitable bearings or ranges with light houses, light vessels, buoys or coast objects, the lines dividing the high seas from rivers, harbors and inland waters. The words "inland waters" used in this Act shall not be held to include the Great Lakes and their connecting and tributary waters as far east as Montreal.

363. Rules for the Great Lakes and the St. Lawrence River as far east as Montreal.

The following rules for preventing collisions shall be followed in the navigation of all public and private vessels of the United States upon the Great Lakes and their connecting and tributary waters as far east as Montreal. Feb. 8, 1896.

STEAM AND SAIL VESSELS

RULE 1. Every steam vessel which is under sail and not under steam, shall be considered a sail vessel; and every steam vessel which is under steam, whether under sail or not, shall be considered a steam vessel. The word steam vessel shall include any vessel propelled by machinery. A vessel is under way within the meaning of these rules when she is not at anchor or made fast to the shore or aground.

LIGHTS.

RULE 2. The lights mentioned in the following rules and no others shall be carried in all weathers from sunset to sunrise. The word visible in these rules when applied to lights shall mean visible on a dark night with a clear atmosphere.

RULE 3. Except in the cases hereinafter expressly provided for, a steam vessel when under way shall carry:

(a) On or in front of the foremast, or if a vessel without a foremast, then in the forepart of the vessel, at a height above the hull of not less than twenty feet, and if the beam of the vessel exceeds twenty feet, then at a height above the hull not less than such beam, so, however, that such height need not exceed forty feet, a bright white light so constructed as to show an unbroken light over an arc of the horizon of twenty points of the compass, so fixed as to throw the light ten points on each side of the vessel, namely, from right ahead to two points abaft the beam on either side, and of such character as to be visible at a distance of at least five miles.

(b) On the starboard side, a green light, so constructed as to throw an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side, and of such a character as to be visible at a distance of at least two miles.

(c) On the port side, a red light, so constructed as to show an unbroken light over an arc of the horizon of ten points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the port side,

and of such a character as to be visible at a distance of at least two miles.

(d) The said green and red lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow.

(e) A steamer of over one hundred and fifty feet register length shall also carry when under way an additional bright light similar in construction to that mentioned in subdivision (a), so fixed as to throw the light all around the horizon and of such character as to be visible at a distance of at least three miles. Such additional light shall be placed in line with the keel at least fifteen feet higher from the deck and more than seventy-five feet abaft the light mentioned in subdivision (a)

VESSELS TOWING

RULE 4. A steam vessel having a tow other than a raft shall in addition to the forward bright light mentioned in subdivision (a) of rule three carry in a vertical line not less than six feet above or below that light a second bright light of the same construction and character and fixed and carried in the same manner as the forward bright light mentioned in said subdivision (a) of rule three. Such steamer shall also carry a small bright light abaft the funnel or aftermast for the tow to steer by, but such light shall not be visible forward of the beam.

RULE 5. A steam vessel having a raft in tow shall, instead of the forward lights mentioned in rule four, carry on or in front of the foremast, or if a vessel without a foremast then in the fore part of the vessel, at a height above the hull of not less than twenty feet, and if the beam of the vessel exceeds twenty feet, then at a height above the hull not less than such beam, so however that such height need not exceed forty feet, two bright lights in a horizontal line athwartships and not less than eight feet apart, each so fixed as to throw the light all around the horizon and of such character as to be visible at a distance of at least five miles. Such steamer shall also carry the small bright steering light aft, of the character and fixed as required in rule four.

RULE 6. A sailing vessel under way and any vessel being towed shall carry the side lights mentioned in rule three.

A vessel in tow shall also carry a small bright light aft, but such light shall not be visible forward of the beam.

RULE 7. The lights for tugs under thirty tons register whose principal business is harbor towing, and for boats navigating only on the River Saint Lawrence, also ferry-boats, rafts, and canal boats, shall be regulated by rules which have been or may hereafter be prescribed by the Board of Supervising Inspectors of Steam Vessels.

RULE 8. Whenever, as in the case of small vessels under way during bad weather, the green and red side lights can not be fixed, these lights shall be kept at hand lighted and ready for use, and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side, nor the red light on the starboard side, nor, if practicable, more than two points abaft the beam on their respective sides. To make the use of these portable lights more certain and easy, they shall each be painted outside with the color of the light they respectively contain, and shall be provided with suitable screens.

RULE 9. A vessel under one hundred and fifty feet register length, when at anchor, shall carry forward, where it can best be seen, but at a height not exceeding twenty feet above the hull, a white light in a lantern constructed so as to show a clear, uniform, and unbroken light, visible all around the horizon, at a distance of at least one mile.

A vessel of one hundred and fifty feet or upward in register length, when at anchor, shall carry in the forward part of the vessel, at a height of not less than twenty and not exceeding forty feet above the hull, one such light, and at or near the stern of the vessel, and at such a height that it shall be not less than fifteen feet lower than the forward light, another such light

RULE 10. Produce boats, canal boats, fishing boats, rafts, or other water craft navigating any bay, harbor, or river by hand power, horse power, sail, or by the current of the river, or which shall be anchored or moored in or near the channel or fairway of any bay, harbor, or river, and not otherwise provided for in these rules, shall carry one or more good white lights, which shall be placed in such manner as shall be prescribed by the Board of Supervising Inspectors of Steam Vessels

RULE 11. Open boats shall not be obliged to carry the side lights required for other vessels, but shall, if they do not carry such lights, carry a lantern having a green slide on one side and a red slide on the other side; and on the approach of or to other vessels, such lantern shall be exhibited in sufficient time to prevent collision, and in such a manner that the green light shall not be seen on the port side, nor the red light on the starboard side. Open boats, when at anchor or stationary, shall exhibit a bright white light. They shall not, however, be prevented from using a flare-up in addition if considered expedient.

RULE 12. Sailing vessels shall at all times, on the approach of any steamer during the night-time, show a lighted torch upon that point or quarter to which such steamer shall be approaching.

RULE 13 The exhibition of any light on board of a vessel of war or revenue cutter of the United States may be suspended whenever, in the opinion of the Secretary of

the Navy, the commander in chief of a squadron, or the commander of a vessel acting singly, the special character of the service may require it.

FOG SIGNALS.

RULE 14. A steam vessel shall be provided with an efficient whistle, sounded by steam or by some substitute for steam, placed before the funnel not less than eight feet from the deck, or in such other place as the local inspectors of steam vessels shall determine, and of such character as to be heard in ordinary weather at a distance of at least two miles, and with an efficient bell, and it is hereby made the duty of the United States local inspectors of steam vessels when inspecting the same to require each steamer to be furnished with such whistle and bell. A sailing vessel shall be provided with an efficient fog horn and with an efficient bell.

Whenever there is thick weather by reason of fog, mist, falling snow, heavy rainstorms, or other causes, whether by day or by night, fog signals shall be used as follows:

(a) A steam vessel under way, excepting only a steam vessel with raft in tow, shall sound at intervals of not more than one minute three distinct blasts of her whistle.

(b) Every vessel in tow of another vessel shall, at intervals of one minute, sound four bells on a good and efficient and properly placed bell as follows: By striking the bell twice in quick succession, followed by a little longer interval, and then again striking twice in quick succession (in the manner in which four bells is struck in indicating time).

(c) A steamer with a raft in tow shall sound at intervals of not more than one minute a screeching or Modoc whistle for from three to five seconds.

(d) A sailing vessel under way and not in tow shall sound at intervals of not more than one minute—

If on the starboard tack with wind forward of abeam, one blast of her fog horn;

If on the port tack with wind forward of the beam, two blasts of her fog horn;

If she has the wind abaft the beam on either side, three blasts of her fog horn.

(e) Any vessel at anchor and any vessel aground in or near a channel or fairway shall at intervals of not more than two minutes ring the bell rapidly for three to five seconds

(f) Vessels of less than ten tons registered tonnage, not being steam vessels, shall not be obliged to give the above-mentioned signals, but if they do not they shall make some other efficient sound signal at intervals of not more than one minute.

(g) Produce boats, fishing boats, rafts, or other water craft navigating by hand power or by the current of the river, or anchored or moored in or near the channel or

fairway and not in any port, and not otherwise provided for in these rules, shall sound a fog horn, or equivalent signal, at intervals of not more than one minute.

RULE 15. Every vessel shall, in thick weather, by reason of fog, mist, falling snow, heavy rain storms, or other causes, go at moderate speed. A steam vessel hearing, apparently not more than four points from right ahead, the fog signal of another vessel shall at once reduce her speed to bare steerageway, and navigate with caution until the vessels shall have passed each other.

STEERING AND SAILING RULES.

SAILING VESSELS.

RULE 16. When two sailing vessels are approaching one another so as to involve risk of collision one of them shall keep out of the way of the other, as follows, namely:

(a) A vessel which is running free shall keep out of the way of a vessel which is closehauled.

(b) A vessel which is closehauled on the port tack shall keep out of the way of a vessel which is closehauled on the starboard tack.

(c) When both are running free, with the wind on different sides, the vessel which has the wind on the port side shall keep out of the way of the other.

(d) When they are running free, with the wind on the same side, the vessel which is to windward shall keep out of the way of the vessel which is to leeward.

STEAM VESSELS.

RULE 17. When two steam vessels are meeting end on, or nearly end on, so as to involve risk of collision each shall alter her course to starboard, so that each shall pass on the port side of the other.

RULE 18. When two steam vessels are crossing so as to involve risk of collision the vessel which has the other on her own starboard side shall keep out of the way of the other.

RULE 19. When a steam vessel and a sailing vessel are proceeding in such directions as to involve risk of collision the steam vessel shall keep out of the way of the sailing vessel.

RULE 20. Where, by any of the rules herein prescribed, one of two vessels shall keep out of the way, the other shall keep her course and speed.

RULE 21. Every steam vessel which is directed by these rules to keep out of the way of another vessel shall, on approaching her, if necessary, slacken her speed or stop or reverse.

RULE 22. Notwithstanding anything contained in these rules every vessel overtaking any other shall keep out of the way of the overtaken vessel.

RULE 23. In all weathers every steam vessel under way in taking any course authorized or required by these rules shall indicate that course by the following signals on her whistle, to be accompanied whenever required by corresponding alteration of her helm; and every steam vessel receiving a signal from another shall promptly respond with the same signal or, as provided in Rule Twenty-six.

One blast to mean, "I am directing my course to starboard."

Two blasts to mean, "I am directing my course to port." But the giving or answering signals by a vessel required to keep her course shall not vary the duties and obligations of the respective vessels.

RULE 24. That in all narrow channels where there is a current, and in the rivers Saint Mary, Saint Clair, Detroit, Niagara, and Saint Lawrence, when two steamers are meeting, the descending steamer shall have the right of way, and shall, before the vessels shall have arrived within the distance of one-half mile of each other, give the signal necessary to indicate which side she elects to take.

RULE 25. In all channels less than five hundred feet in width, no steam vessel shall pass another going in the same direction unless the steam vessel ahead be disabled or signify her willingness that the steam vessel astern shall pass, when the steam vessel astern may pass, subject, however, to the other rules applicable to such a situation. And when steam vessels proceeding in opposite directions are about to meet in such channels, both such vessels shall be slowed down to a moderate speed, according to the circumstances.

RULE 26. If the pilot of a steam vessel to which a passing signal is sounded deems it unsafe to accept and assent to said signal, he shall not sound a cross signal; but in that case, and in every case where the pilot of one steamer fails to understand the course or intention of an approaching steamer, whether from signals being given or answered erroneously, or from other causes, the pilot of such steamer so receiving the first passing signal, or the pilot so in doubt, shall sound several short and rapid blasts of the whistle; and if the vessels shall have approached within half a mile of each other both shall reduce their speed to bare steerage way, and, if necessary, stop and reverse.

RULE 27. In obeying and construing these rules due regard shall be had to all dangers of navigation and collision and to any special circumstances which may render a departure from the above rules necessary in order to avoid immediate danger.

RULE 28. Nothing in these rules shall exonerate any vessel, or the owner or master or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper lookout, or of a neglect of

any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

A fine, not exceeding two hundred dollars, may be imposed for the violation of any of the provisions of this Act. The vessel shall be liable for the said penalty, and may be seized and proceeded against, by way of libel, in the district court of the United States for any district within which such vessel may be found

Two printed copies of any such regulations for passing, signed by them, shall be furnished to each steam vessel, and shall at all times be kept posted up in conspicuous places on board.

All laws or parts of laws, so far as applicable to the navigation of the Great Lakes and their connecting and tributary waters as far east as Montreal, inconsistent with the foregoing rules are hereby repealed.

The following rules for preventing collisions on the water shall be followed in the navigation of vessels of the Navy and of the mercantile marine of the United States:

STEAM AND SAIL VESSELS.

Mar 3, 1905.

Sec. 10

RULE ONE. Every steam vessel which is under sail and not under steam shall be considered a sail vessel; and every steam vessel which is under steam, whether under sail or not, shall be considered a steam vessel. The words steam vessel shall include any vessel propelled by machinery.

LIGHTS.

R. S., 4233

Rule two. The lights mentioned in the following rules, and no others, shall be carried in all weathers, between sunset and sunrise.

Rule three. All ocean-going steamers, and steamers carrying sail, shall, when under way, carry—

(A) At the foremast head, a bright white light, of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least five miles, and so constructed as to show a uniform and unbroken light over an arc of the horizon of twenty points of the compass, and so fixed as to throw the light ten points on each side of the vessel, namely, from right ahead to two points abaft the beam on either side.

(B) On the starboard side, a green light, of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles, and so constructed as to show a uniform and unbroken light over an arc of the horizon of ten points of the compass, and so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side.

(C) On the port side, a red light, of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles, and so constructed as to show a uniform and unbroken light over an arc of the horizon of ten points of the compass, and so fixed as to throw the light from right ahead to two points abaft the beam on the port side.

The green and red lights shall be fitted with inboard screens, projecting at least three feet forward from the lights, so as to prevent them from being seen across the bow.

Rule four. Steam-vessels, when towing other vessels, shall carry two bright white mast-head lights vertically, in addition to their side lights, so as to distinguish them from other steam-vessels. Each of these mast-head lights shall be of the same character and construction as the mast-head lights prescribed by Rule three.

Rule five. All steam-vessels, other than ocean-going steamers and steamers carrying sail, shall, when under way, carry on the starboard and port side lights of the

same character and construction and in the same position as are prescribed for side-lights by Rule three, except in the case provided in Rule six

Rule six. River-steamers navigating waters flowing into the Gulf of Mexico, and their tributaries, shall carry the following lights, namely. One red light on the outboard side of the port smoke-pipe, and one green light on the outboard side of the starboard smoke-pipe. Such lights shall show both forward and abeam on their respective sides

Rule seven. All coasting steam-vessels, and steam-vessels other than ferry-boats and vessels otherwise expressly provided for, navigating the bays, lakes, rivers, or other inland waters of the United States, except those mentioned in Rule six, shall carry the red and green lights, as prescribed for ocean-going steamers; and, in addition thereto, a central range of two white lights; the after-light being carried at an elevation of at least fifteen feet above the light at the head of the vessel. The head light shall be so constructed as to show a good light through twenty points of the compass, namely: from right ahead to two points abaft the beam on either side of the vessel; and the after-light so as to show all around the horizon. The lights for ferry-boats, barges and canal boats when in tow of steam vessels shall be regulated by such rules as the board of supervising inspectors of steam-vessels shall prescribe.

R S, 4283

Rule nine. Whenever, as in case of small vessels during bad weather, the green and red lights cannot be fixed, these lights shall be kept on deck, on their respective sides of the vessel, ready for instant exhibition, and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side, nor the red light on the starboard side. To make the use of these portable lights more certain and easy, they shall each be painted outside with the color of the light they respectively contain, and shall be provided with suitable screens.

Rule ten. All vessels, whether steam-vessels or sail-vessels, when at anchor in roadsteads or fairways, shall, between sunset and sunrise, exhibit where it can best be seen, but at a height not exceeding twenty feet above the hull, a white light in a globular lantern of eight inches in diameter, and so constructed as to show a clear, uniform, and unbroken light, visible all around the horizon, and at a distance of at least one mile.

Rule eleven. Sailing pilot-vessels shall not carry the lights required for other sailing-vessels, but shall carry a

white light at the mast-head, visible all around the horizon, and shall also exhibit a flare-up light every fifteen minutes.

R S , 4233

Rule thirteen. Open boats shall not be required to carry the side-lights required for other vessels, but shall, if they do not carry such lights, carry a lantern having a green slide on one side and a red slide on the other side, and, on the approach of or to other vessels, such lantern shall be exhibited in sufficient time to prevent collision, and in such a manner that the green light shall not be seen on the port side, nor the red light on the starboard side. When, hereafter, authority is granted by Congress to any persons to construct and maintain a bridge across or over any of the navigable waters of the United States, such bridge shall not be built or commenced until the plans and specifications for its construction, together with such drawings of the proposed construction and such map of the proposed location as may be required for a full understanding of the subject, have been submitted to the Secretary of War and Chief of Engineers for their approval, nor until they shall have approved such plans and specifications and the location of such bridge and accessory works; and when the plans for any bridge to be constructed under the provisions of this Act have been approved by the Chief of Engineers and by the Secretary of War it shall not be lawful to deviate from such plans, either before or after completion of the structure, unless the modification of such plans has previously been submitted to and received the approval of the Chief of Engineers and of the Secretary of War.

Sec 4

No bridge erected or maintained under the provisions of this Act shall at any time unreasonably obstruct the free navigation of the waters over which it is constructed, and if any bridge erected in accordance with the provisions of this Act shall, in the opinion of the Secretary of War, at any time unreasonably obstruct such navigation, either on account of insufficient height, width of span, or otherwise, or if there be difficulty in passing the draw opening or the draw span of such bridge by rafts, steamboats, or other water craft; it shall be the duty of the Secretary of War, after giving the parties interested reasonable opportunity to be heard, to notify the persons owning or controlling such bridge to so alter the same as to render navigation through or under it reasonably free, easy, and unobstructed, stating in such notice the changes required to be made, and prescribing in each case a reasonable time in which to make such changes, and if at the end of the time so specified the changes so required have not been made, the persons owning or controlling such bridge shall be deemed guilty of a violation of this Act; and all such alterations shall be made and all such obstructions shall be removed at the expense of the persons owning or operating said bridge. The persons owning or operating any such bridge shall maintain, at their own expense, such lights and other signals thereon as the Secretary of Commerce and Labor shall prescribe. If the bridge shall be constructed with a draw, then the draw shall be opened promptly by the persons owning or operating such bridge upon reasonable signal for the passage of boats and other water craft. If tolls shall be charged for the transit over any bridge constructed under the provisions of this Act, of engines, cars, street cars, wagons, carriages, vehicles, animals, foot passengers, or other passengers, such tolls shall be reasonable and just, and the Secretary of War may, at any time, and from time to time, prescribe the reasonable rates of toll for such transit over such bridge, and the rates so prescribed shall be the legal rates and shall be the rates demanded and received for such transit.

Sec 5

Any persons who shall fail or refuse to comply with the lawful order of the Secretary of War or the Chief of Engineers, made in accordance with the provisions of this Act, shall be deemed guilty of a violation of this Act, and any persons who shall be guilty of a violation of this Act shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished in any court of competent jurisdiction by a fine not exceeding five thousand dollars, and every month such persons shall remain in default shall be deemed a new offense and subject such persons to additional penalties therefor; and in addition to the penalties above described the Secretary of War and the Chief of Engineers may, upon refusal of the persons owning or controlling any such bridge and accessory

works to comply with any lawful order issued by the Secretary of War or Chief of Engineers in regard thereto, cause the removal of such bridge and accessory works at the expense of the persons owning or controlling such bridge, and suit for such expense may be brought in the name of the United States against such persons, and recovery had for such expense in any court of competent jurisdiction; and the removal of any structures erected or maintained in violation of the provisions of this Act or the order or direction of the Secretary of War or Chief of Engineers made in pursuance thereof may be enforced by injunction, mandamus, or other summary process, upon application to the circuit court in the district in which such structure may, in whole or in part, exist, and proper proceedings to this end may be instituted under the direction of the Attorney-General of the United States at the request of the Secretary of War; and in case of any litigation arising from any obstruction or alleged obstruction to navigation created by the construction of any bridge under this Act, the cause or question arising may be tried before the circuit court of the United States in any district which any portion of such obstruction or bridge touches.

When, hereafter, authority is granted by Congress to any persons to construct and maintain a dam for water power or other purposes across any of the navigable waters of the United States, such dams shall not be built or commenced until the plans and specifications for its construction, together with such drawings of the proposed construction and such map of the proposed location as may be required for a full understanding of the subject, have been submitted to the Secretary of War and Chief of Engineers for their approval, or until they shall have approved such plans and specifications and the location of such dam and accessory works; and when the plans for any dam to be constructed under the provisions of this Act have been approved by the Chief of Engineers and by the Secretary of War it shall not be lawful to deviate from such plans either before or after completion of the structure unless the modification of such plans has previously been submitted to and received the approval of the Chief of Engineers and of the Secretary of War: *Provided*, That in approving said plans and location such conditions and stipulations may be imposed as the Chief of Engineers and the Secretary of War may deem necessary to protect the present and future interests of the United States, which may include the condition that such persons shall construct, maintain, and operate, without expense to the United States, in connection with said dam and appurtenant works, a lock or locks, booms, sluices, or any other structures which the Secretary of War and the Chief of Engineers at any time may deem necessary in the interest of navigation, in accordance with

June 21, 1906.

such plans as they may approve, and also that whenever Congress shall authorize the construction of a lock, or other structures for navigation purposes, in connection with such dam, the person owning such dam shall convey to the United States, free of cost, title to such land as may be required for such constructions and approaches, and shall grant to the United States a free use of water power for building and operating such constructions.

Sec 2. The right is hereby reserved to the United States to construct, maintain, and operate, in connection with any dam built under the provisions of this Act, a suitable lock or locks, or any other structures for navigation purposes, and at all times to control the said dam and the level of the pool caused by said dam to such an extent as may be necessary to provide proper facilities for navigation.

Sec 3. The person, company, or corporation building, maintaining, or operating any dam and appurtenant works, under the provisions of this Act, shall be liable for any damage that may be inflicted thereby upon private property, either by overflow or otherwise. The persons owning or operating any such dam shall maintain, at their own expense, such lights and other signals thereon and such fishways as the Secretary of Commerce and Labor shall prescribe.

Sec 4. All rights acquired under this Act shall cease and be determined if the person, company, or corporation acquiring such rights shall, at any time, fail to comply with any of the provisions and requirements of the Act, or with any of the stipulations and conditions that may be prescribed as aforesaid by the Chief of Engineers and the Secretary of War.

Sec 5. Any persons who shall fail or refuse to comply with the lawful order of the Secretary of War and the Chief of Engineers, made in accordance with the provisions of this Act, shall be deemed guilty of a violation of this Act, and any persons who shall be guilty of a violation of this Act shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished by a fine not exceeding five thousand dollars, and every month such persons shall remain in default shall be deemed a new offense and subject such persons to additional penalties therefor; and in addition to the penalties above described the Secretary of War and the Chief of Engineers may, upon refusal of the persons owning or controlling any such dam and accessory works to comply with any lawful order issued by the Secretary of War or Chief of Engineers in regard thereto, cause the removal of such dam and accessory works as an obstruction to navigation at the expense of the persons owning or controlling such dam, and suit for such expense may be brought in the name of the United States against such persons, and recovery had for such

expense in any court of competent jurisdiction; and the removal of any structures erected or maintained in violation of the provisions of this Act or the order or direction of the Secretary of War or Chief of Engineers made in pursuance thereof may be enforced by injunction, mandamus, or other summary process, upon application to the circuit court in the district in which such structure may, in whole or in part, exist, and proper proceedings to this end may be instituted under the direction of the Attorney-General of the United States at the request of the Chief of Engineers or the Secretary of War; and in case of any litigation arising from any obstruction or alleged obstruction to navigation created by the construction of any dam under this Act, the cause or question arising may be tried before the circuit court of the United States in any district in which any portion of said obstruction or dam touches.

It shall not be lawful to construct or commence the construction of any bridge, dam, dike, or causeway over or in any port, roadstead, haven, harbor, canal, navigable river, or other navigable water of the United States until the consent of Congress to the building of such structures shall have been obtained and until the plans for the same shall have been submitted to and approved by the Chief of Engineers and by the Secretary of War: *Provided*, That such structures may be built under authority of the legislature of a State across rivers and other waterways the navigable portions of which lie wholly within the limits of a single State, provided the location and plans thereof are submitted to and approved by the Chief of Engineers and by the Secretary of War before construction is commenced: *And provided further*, That when plans for any bridge or other structure have been approved by the Chief of Engineers and by the Secretary of War, it shall not be lawful to deviate from such plans either before or after completion of the structure unless the modification of said plans has previously been submitted to and received the approval of the Chief of Engineers and of the Secretary of War.

377. General obstructions.

The creation of any obstruction not affirmatively authorized by Congress, to the navigable capacity of any of the waters of the United States is hereby prohibited; and it shall not be lawful to build or commence the building of any wharf, pier, dolphin, boom, weir, breakwater, bulkhead, jetty, or other structures in any port, roadstead, haven, harbor, canal, navigable river, or other water of the United States, outside established harbor lines, or where no harbor lines have been established, except on plans recommended by the Chief of Engineers and authorized by the Secretary of War; and it shall not be lawful to excavate or fill, or in any manner to alter or

modify the course, location, condition, or capacity of, any port, roadstead, haven, harbor, canal, lake, harbor of refuge, or inclosure within the limits of any breakwater, or of the channel of any navigable water of the United States, unless the work has been recommended by the Chief of Engineers and authorized by the Secretary of War prior to beginning the same.

378. Harbor lines.

Mar 3, 1899
Sec 11

Where it is made manifest to the Secretary of War that the establishment of harbor lines is essential to the preservation and protection of harbors he may, and is hereby, authorized to cause such lines to be established, beyond which no piers, wharves, bulkheads, or other works shall be extended or deposits made, except under such regulations as may be prescribed from time to time by him: *Provided*, That whenever the Secretary of War grants to any person or persons permission to extend piers, wharves, bulkheads, or other works, or to make deposits in any tidal harbor or river of the United States beyond any harbor lines established under authority of the United States, he shall cause to be ascertained the amount of tide water displaced by any such structure or by any such deposits, and he shall, if he deem it necessary, require the parties to whom the permission is given to make compensation for such displacement either by excavating in some part of the harbor, including tide-water channels between high and low water mark, to such an extent as to create a basin for as much tide water as may be displaced by such structure or by such deposits, or in any other mode that may be satisfactory to him. *Provided*, That all such dredging or other improvement shall be carried on under the direction of the Secretary of War, and shall in no wise injure any existing channels.

379. Penalties

Mar 3, 1899
Sec. 12.

Every person and every corporation that shall violate any of the provisions of sections nine, ten, and eleven of this Act, or any rule or regulation made by the Secretary of War in pursuance of the provisions of the said section fourteen, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding twenty-five hundred dollars nor less than five hundred dollars, or by imprisonment (in the case of a natural person) not exceeding one year, or by both such punishments, in the discretion of the court. And further, the removal of any structures or parts of structures erected in violation of the provisions of the said sections may be enforced by the injunction of any circuit court exercising jurisdiction in any district in which such structures may exist, and proper proceedings to this end may be instituted under the direction of the Attorney-General of the United States. The continuance of any such obstruction, except bridges, piers, docks and wharves, and similar structures

erected for business purposes, whether heretofore or hereafter created, shall constitute an offense and each week's continuance of any such obstruction shall be deemed a separate offense.

380. Dumping into navigable waters.

It shall not be lawful to throw, discharge, or deposit, or cause, suffer, or procure to be thrown, discharged, or deposited either from or out of any ship, barge, or other floating craft of any kind, or from the shore, wharf, manufacturing establishment, or mill of any kind, any refuse matter of any kind or description whatever other than that flowing from streets and sewers and passing therefrom in a liquid state, into any navigable water of the United States, or into any tributary of any navigable water from which the same shall float or be washed into such navigable water; and it shall not be lawful to deposit, or cause, suffer, or procure to be deposited material of any kind in any place on the bank of any navigable water, or on the bank of any tributary of any navigable water, where the same shall be liable to be washed into such navigable water, either by ordinary or high tides, or by storms or floods, or otherwise, whereby navigation shall or may be impeded or obstructed: *Provided*, That nothing herein contained shall extend to, apply to, or prohibit the operations in connection with the improvement of navigable waters or construction of public works, considered necessary and proper by the United States officers supervising such improvement or public work: *And provided further*, That the Secretary of War, whenever in the judgment of the Chief of Engineers anchorage and navigation will not be injured thereby, may permit the deposit of any material above mentioned in navigable waters, within limits to be defined and under conditions to be prescribed by him, provided application is made to him prior to depositing such material; and whenever any permit is so granted the conditions thereof shall be strictly complied with, and any violation thereof shall be unlawful.

Mar 3, 1899
Sec 13

The Secretary of War is hereby authorized and empowered to prescribe regulations to govern the transportation and dumping into any navigable water, or waters adjacent thereto, of dredgings, earth, garbage, and other refuse materials of every kind or description, whenever in his judgment such regulations are required in the interest of navigation. Such regulations shall be posted in conspicuous and appropriate places for the information of the public; and every person or corporation which shall violate the said regulations, or any of them, shall be deemed guilty of a misdemeanor and shall be subject to the penalties prescribed in section sixteen of the river and harbor Act of March third, eighteen hundred and ninety-nine, for violation of the provisions of section thirteen of the said Act: *Provided*, That any regulations made in

Sec 4

pursuance hereof may be enforced as provided in section seventeen of the aforesaid Act of March third, eighteen hundred and ninety-nine, the provisions whereof are hereby made applicable to the said regulations: *Provided further*, That this section shall not apply to any waters within the jurisdictional boundaries of any State which are now or may hereafter be used for the cultivation of oysters under the laws of such State, except navigable channels which have been or may hereafter be improved by the United States, or to be designated as navigable channels by competent authority, and in making such improvements of channels, the material dredged shall not be deposited upon any ground in use in accordance with the laws of such State for the cultivation of oysters, except in compliance with said laws: *And provided further*, That any expense necessary in executing this section may be paid from funds available for the improvement of the harbor or waterway, for which regulations may be prescribed, and in case no such funds are available the said expense may be paid from appropriations made by Congress for examinations, surveys, and contingencies of rivers and harbors.

381 Impairing public works

Mar. 3, 1899
Sec. 14

It shall not be lawful for any person or persons to take possession of or make use of for any purpose, or build upon, alter, deface, destroy, move, injure, obstruct by fastening vessels thereto or otherwise, or in any manner whatever impair the usefulness of any sea wall, bulkhead, jetty, dike, levee, wharf, pier, or other work built by the United States, or any piece of plant, floating or otherwise, used in the construction of such work under the control of the United States, in whole or in part, for the preservation and improvement of any of its navigable waters or to prevent floods, or as boundary marks, tide gauges, surveying stations, buoys, or other established marks, nor remove for ballast or other purposes any stone or other material composing such works. *Provided*, That the Secretary of War may, on the recommendation of the Chief of Engineers, grant permission for the temporary occupation or use of any of the aforementioned public works when in his judgment such occupation or use will not be injurious to the public interest.

382 Obstructing channels.

Mar. 3, 1899.
Sec. 15

It shall not be lawful to tie up or anchor vessels or other craft in navigable channels in such a manner as to prevent or obstruct the passage of other vessels or craft; or to voluntarily or carelessly sink, or permit or cause to be sunk, vessels or other craft in navigable channels; or to float loose timber and logs, or to float what is known as sack rafts of timber and logs in streams or channels actually navigated by steamboats in such manner as to obstruct, impede, or endanger navigation. And whenever a

vessel, raft, or other craft is wrecked and sunk in a navigable channel, accidentally or otherwise, it shall be the duty of the owner of such sunken craft to immediately mark it with a buoy or beacon during the day and a lighted lantern at night, and to maintain such marks until the sunken craft is removed or abandoned, and the neglect or failure of the said owner so to do shall be unlawful; and it shall be the duty of the owner of such sunken craft to commence the immediate removal of the same, and prosecute such removal diligently, and failure to do so shall be considered as an abandonment of such craft, and subject the same to removal by the United States as hereinafter provided for

383. Log regulations

The prohibition contained in section fifteen of the river and harbor Act, approved March third, eighteen hundred and ninety-nine, against floating loose timber and logs, or sack rafts, so-called, of timber and logs in streams or channels actually navigated by steamboats, shall not apply to any navigable river or waterway of the United States or any part thereof whereon the floating of loose timber and logs and sack rafts of timber and logs is the principal method of navigation. But such method of navigation on such river or waterway or part thereof shall be subject to the rules and regulations prescribed by the Secretary of War as hereinafter provided. May 9, 1900

The Secretary of War shall have power, and he is hereby authorized and directed, within the shortest practicable time after the passage hereof, to prescribe rules and regulations, which he may at any time modify, to govern and regulate the floating of loose timber and logs, and sack rafts, (so called) of timber and logs and other methods of navigation on the streams and waterways, or any thereof, of the character, as to navigation, in section one hereof described. The said rules and regulations shall be so framed as to equitably adjust conflicting interests between the different methods or forms of navigation; and the said rules and regulations shall be published at least once in such newspaper or newspapers of general circulation as in the opinion of the Secretary of War shall be best adapted to give notice of said rules and regulations to persons affected thereby and locally interested therein. And all modifications of said rules and regulations shall be similarly published. And such rules and regulations when so prescribed and published as to any such stream or waterway shall have the force of law, and any violation thereof shall be a misdemeanor, and every person convicted of such violation shall be punished by a fine of not exceeding two thousand five hundred dollars nor less than five hundred dollars, or by imprisonment (in case of a natural person) for not less than thirty days nor more than one year, or by both such fine and imprisonment, in Sec 2.

the discretion of the court: *Provided*, That the proper action to enforce the provisions of this section may be commenced before any commissioner, judge, or court of the United States, and such commissioner, judge or court shall proceed in respect thereto as authorized by law in the case of crimes or misdemeanors committed against the United States.

Sec. 3. The right to alter, amend, or repeal this Act at any time is hereby reserved.

Sec 4 This Act shall not, nor shall any rules or regulations prescribed thereunder, in any manner affect any civil action or actions heretofore commenced and now pending to recover damages claimed to have been sustained by reason of the violation of any of the terms of said section fifteen, as originally enacted, or in violation of any other law.

384. Penalties.

Mar. 3, 1899
Sec 18

Every person and every corporation that shall violate, or that shall knowingly aid, abet, authorize, or instigate a violation of the provisions of sections thirteen, fourteen, and fifteen of this Act shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding twenty-five hundred dollars nor less than five hundred dollars, or by imprisonment (in the case of a natural person) for not less than thirty days nor more than one year, or by both such fine and imprisonment, in the discretion of the court, one-half of said fine to be paid to the person or persons giving information which shall lead to conviction. And any and every master, pilot, and engineer, or person or persons acting in such capacity, respectively, on board of any boat or vessel who shall knowingly engage in towing any scow, boat, or vessel loaded with any material specified in section thirteen of this Act to any point or place of deposit or discharge in any harbor or navigable water, elsewhere than within the limits defined and permitted by the Secretary of War, or who shall willfully injure or destroy any work of the United States contemplated in section fourteen of this Act, or who shall willfully obstruct the channel of any waterway in the manner contemplated in section fifteen of this Act, shall be deemed guilty of a violation of this Act, and shall upon conviction be punished as hereinbefore provided in this section, and shall also have his license revoked or suspended for a term to be fixed by the judge before whom tried and convicted. And any boat, vessel, scow, raft, or other craft used or employed in violating any of the provisions of sections thirteen, fourteen, and fifteen of this Act shall be liable for the pecuniary penalties specified in this section, and in addition thereto for the amount of the damages done by said boat, vessel, scow, raft, or other craft, which latter sum shall be placed to the credit of the appropriation for the improvement of the harbor or waterway in which the damage occurred, and said boat, vessel, scow, raft, or other craft may be

strict court of the United States having jurisdiction thereof.

The Department of Justice shall conduct the legal proceedings necessary to enforce the foregoing provisions of sections nine to sixteen, inclusive, of this Act; and it shall be the duty of district attorneys of the United States to vigorously prosecute all offenders against the same whenever requested to do so by the Secretary of War or by any of the officials hereinafter designated, and it shall furthermore be the duty of said district attorneys to report to the Attorney-General of the United States the action taken by him against offenders so reported, and a transcript of such reports shall be transmitted to the Secretary of War by the Attorney-General; and for the better enforcement of the said provisions and to facilitate the detection and bringing to punishment of such offenders, the officers and agents of the United States in charge of river and harbor improvements, and the assistant engineers and inspectors employed under them by authority of the Secretary of War, and the United States collectors of customs and other revenue officers, shall have power and authority to swear out process and to arrest and take into custody, with or without process, any person or persons who may commit any of the acts or offenses prohibited by the aforesaid sections of this Act, or who may violate any of the provisions of the same: *Provided*, That no person shall be arrested without process for any offense not committed in the presence of some one of the aforesaid officials. *And provided further*, That whenever any arrest is made under the provisions of this Act, the person so arrested shall be brought forthwith before a commissioner, judge, or court of the United States for examination of the offenses alleged against him; and such commissioner, judge, or court shall proceed in respect thereto as authorized by law in case of crimes against the United States.

Mar 3, 1890.
Sec. 17

385. Bridge spans.

Whenever the Secretary of War shall have good reason to believe that any railroad or other bridge now constructed, or which may hereafter be constructed, over any of the navigable waterways of the United States is an unreasonable obstruction to the free navigation of such waters on account of insufficient height, width of span, or otherwise, or where there is difficulty in passing the draw opening or the draw span of such bridge by rafts, steamboats, or other water craft, it shall be the duty of the said Secretary, first giving the parties reasonable opportunity to be heard, to give notice to the persons or corporations owning or controlling such bridge so to alter the same as to render navigation through or under it reasonably free, easy, and unobstructed; and in giving such notice he shall specify the changes recommended by the Chief of Engineers that are required to be made, and shall prescribe in

Mar 3, 1890.
Sec. 18

each case a reasonable time in which to make them. If at the end of such time the alteration has not been made, the Secretary of War shall forthwith notify the United States district attorney for the district in which such bridge is situated, to the end that the criminal proceedings hereinafter mentioned may be taken. If the persons, corporation, or association owning or controlling any railroad or other bridge shall, after receiving notice to that effect, as hereinbefore required, from the Secretary of War, and within the time prescribed by him willfully fail or refuse to remove the same or to comply with the lawful order of the Secretary of War in the premises, such persons, corporation, or association shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine not exceeding five thousand dollars, and every month such persons, corporation, or association shall remain in default in respect to the removal or alteration of such bridge shall be deemed a new offense, and subject the persons, corporation, or association so offending to the penalties above prescribed: *Provided*, That in any case arising under the provisions of this section an appeal or writ of error may be taken from the district courts or from the existing circuit courts direct to the Supreme Court either by the United States or by the defendants

386. Bridge piers and abutments.

Aug 11, 1888
Sec. 2

Whenever complaint shall be made by the Secretary of War that by reason of the placing in any navigable waters of the United States of any bridge pier or abutment, the current of such waters has been so deflected from its natural course as to cause by producing caving of banks or otherwise serious damage or danger to property, it shall be his duty to make inquiry, and if it shall be ascertained that the complaint is well founded, he shall cause the owners or persons operating such bridge to repair such damage or prevent such danger to property by such means as he shall indicate and within such time as he may name, and in default thereof the owners or persons operating such bridge shall be liable in any court of competent jurisdiction to the persons injured in a sum double the amount of said injury.

387. Drawbridges.

Aug 18, 1894
Sec 5

It shall be the duty of all persons owning, operating, and tending the drawbridges now built, or which may hereafter be built across the navigable rivers and other waters of the United States, to open, or cause to be opened, the draws of such bridges under such rules and regulations as in the opinion of the Secretary of War the public interests require to govern the opening of drawbridges for the passage of vessels and other water crafts, and such rules and regulations, when so made and published, shall

have the force of law. Every such person who shall willfully fail or refuse to open, or cause to be opened, the draw of any such bridge for the passage of a boat or boats, or who shall unreasonably delay the opening of said draw after reasonable signal shall have been given, as provided in such regulations, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than two thousand dollars nor less than one thousand dollars, or by imprisonment (in the case of a natural person) for not exceeding one year, or by both such fine and imprisonment, in the discretion of the court. *Provided*, That the proper action to enforce the provisions of this section may be commenced before any commissioner, judge, or court of the United States, and such commissioner, judge, or court shall proceed in respect thereto as authorized by law in case of crimes against the United States: *Provided further*, That whenever, in the opinion of the Secretary of War, the public interests require it, he may make rules and regulations to govern the opening of drawbridges for the passage of vessels and other water crafts, and such rules and regulations, when so made and published, shall have the force of law, and any violation thereof shall be punished as hereinbefore provided. 388. Sunken wrecks.

Whenever the navigation of any river, lake, harbor, sound, bay, canal, or other navigable waters of the United States shall be obstructed or endangered by any sunken vessel, boat, water craft, raft, or other similar obstruction, and such obstruction has existed for a longer period than thirty days, or whenever the abandonment of such obstruction can be legally established in a less space of time, the sunken vessel, boat, water craft, raft, or other obstruction shall be subject to be broken up, removed, sold, or otherwise disposed of by the Secretary of War at his discretion, without liability for any damage to the owners of the same: *Provided*, That in his discretion, the Secretary of War may cause reasonable notice of such obstruction of not less than thirty days, unless the legal abandonment of the obstruction can be established in a less time, to be given by publication, addressed "To whom it may concern," in a newspaper published nearest to the locality of the obstruction, requiring the removal thereof. *And provided also*, That the Secretary of War may, in his discretion, at or after the time of giving such notice, cause sealed proposals to be solicited by public advertisement, giving reasonable notice of not less than ten days, for the removal of such obstruction as soon as possible after the expiration of the above specified thirty days' notice, in case it has not in the meantime been so removed, these

Sec. 20.

Under emergency, in the case of any vessel, boat, water craft, or raft, or other similar obstruction, sinking or grounding, or being unnecessarily delayed in any Government canal or lock, or in any navigable waters mentioned in section nineteen, in such manner as to stop, seriously interfere with or specially endanger navigation, in the opinion of the Secretary of War, or any agent of the United States to whom the Secretary may delegate proper authority, the Secretary of War or any such agent shall have the right to take immediate possession of such boat, vessel, or other water craft, or raft, so far as to remove or to destroy it and to clear immediately the canal, lock, or navigable waters aforesaid of the obstruction thereby caused, using his best judgment to prevent any unnecessary injury; and no one shall interfere with or prevent such removal or destruction: *Provided*, That the officer or agent charged with the removal or destruction of an obstruction under this section may in his discretion give notice in writing to the owners of any such obstruction requiring them to remove it: *And provided further*, That the expense of removing any such obstruction as aforesaid shall be a charge against such craft and cargo; and if the owners thereof fail or refuse to reimburse the United States for such expense within thirty days after notification, then the officer or agent aforesaid may sell the craft or cargo, or any part thereof that may not have been destroyed in removal, and the proceeds of such sale shall be covered into the Treasury of the United States.

Such sum of money as may be necessary to execute this section and the preceding section of this Act is hereby appropriated out of any money in the Treasury not otherwise appropriated, to be paid out on the requisition of the Secretary of War.

Sec 20.

All laws or parts of laws inconsistent with the foregoing sections ten to twenty, inclusive, of this Act are hereby repealed: *Provided*, That no action begun, or right of action accrued, prior to the passage of this Act shall be affected by this repeal. *Provided further*, That nothing contained in the said foregoing sections shall be construed as repealing, modifying, or in any manner affecting the provisions of an Act of Congress approved June twenty-

ninth, eighteen hundred and eighty-eight, entitled "An Act to prevent obstructive and injurious deposits within the harbor and adjacent waters of New York City, by dumping or otherwise, and to punish and prevent such offenses," as amended by section three of the river and harbor Act of August eighteenth, eighteen hundred and ninety-four.

389. Speed of vessels—navigation of canals.

It shall be the duty of the Secretary of War to prescribe such rules and regulations for the use, administration, and navigation of any or all canals and similar works of navigation that now are, or that hereafter may be, owned, operated, or maintained by the United States as in his judgment the public necessity may require; and he is also authorized to prescribe regulations to govern the speed and movement of vessels and other water craft in any public navigable channel which has been improved under authority of Congress, whenever, in his judgment, such regulations are necessary to protect such improved channels from injury, or to prevent interference with the operations of the United States in improving navigable waters or injury to any plant that may be employed in such operations. Such rules and regulations shall be posted, in conspicuous and appropriate places, for the information of the public; and every person and every corporation which shall violate such rules and regulations shall be deemed guilty of a misdemeanor and, on conviction thereof in any district court of the United States within whose territorial jurisdiction such offense may have been committed, shall be punished by a fine not exceeding five hundred dollars, or by imprisonment (in the case of a natural person) not exceeding six months, in the discretion of the court.

Every person who, within the territory or jurisdiction of the United States, enlists or enters himself, or hires or retains another person to enlist or enter himself, or to go beyond the limits or jurisdiction of the United States with intent to be enlisted or entered in the service of any foreign prince, state, colony, district or people, as a soldier, or as a marine or seaman, on board of any vessel of war, letter of marque, or privateer, shall be deemed guilty of high misdemeanor, and shall be fined not more than one thousand dollars, and imprisoned not more than three years.

R S, 5284

Every citizen of the United States who, without the limits thereof, fits out and arms, or attempts to fit out and

arm, or procures to be fitted out and armed, or knowingly aids or is concerned in furnishing, fitting out, or arming any private vessel of war, or privateer, with intent that such vessel shall be employed to cruise, or commit hostilities, upon the citizens of the United States, or their property, or who takes the command of, or enters on board of any such vessel, for such intent, or who purchases any interest in any such vessel, with a view to share in the profits thereof, shall be deemed guilty of a high misdemeanor, and fined not more than ten thousand dollars, and imprisoned not more than ten years. And the trial for such offense, if committed without the limits of the United States, shall be in the district in which the offender shall be apprehended or first brought.

Every person who, within the territory or jurisdiction of the United States, increases or augments, or procures to be increased or augmented, or knowingly is concerned in increasing or augmenting, the force of any ship of war, cruiser, or other armed vessel, which, at the time of her arrival within the United States, was a ship of war, or cruiser, or armed vessel, in the service of any foreign prince or state, or of any colony, district, or people, or belonging to the subjects or citizens of any such prince or state, colony, district, or people, the same being at war with any foreign prince or state, or of any colony, district, or people, with whom the United States are at peace, by adding to the number of the guns of such vessel, or by changing those on board of her for guns of a larger caliber, or by adding thereto any equipment solely applicable to war, shall be deemed guilty of a high misdemeanor, and shall be fined not more than one thousand dollars and be imprisoned not more than one year. In every case in which a vessel is fitted out and armed, or attempted to be fitted out and armed, or in which the force of any vessel of war, cruiser, or other armed vessel is increased or augmented, or in which any military expedition or enterprise is begun or set on foot, contrary to the provisions and prohibitions of this Title [R S., 5281–5291], and in every case of the capture of a vessel within R S, 5287

the jurisdiction or protection of the United States as before defined; and in every case in which any process issuing out of any court of the United States is disobeyed or resisted by any person having the custody of any vessel of war, cruiser, or other armed vessel of any foreign prince or state, or of any colony, district, or people, or of any subjects or citizens of any foreign prince or state, or of any colony, district, or people, it shall be lawful for the President, or such other person as he shall have empowered for that purpose, to employ such part of the land or naval forces of the United States, or of the militia thereof, for the purpose of taking possession of and detaining any such vessel, with her prizes, if any, in order to the execution of the prohibitions and penalties of this Title, and to the restoring of such prizes in the cases in which restoration shall be adjudged; and also for the purpose of preventing the carrying on of any such expedition or enterprise from the territories or jurisdiction of the United States against the territories or dominions of any foreign prince or state, or of any colony, district, or people with whom the United States are at peace.

R S, 5288

It shall be lawful for the President, or such person as he shall empower for that purpose, to employ such part of the land or naval forces of the United States, or of the militia thereof, as shall be necessary to compel any foreign vessel to depart the United States in all cases in which, by the laws of nations or the treaties of the United States, she ought not to remain within the United States.

R S, 5289

The owners or consignees of every armed vessel sailing out of the ports of the United States, belonging wholly or in part to citizens thereof, shall, before clearing out the same, give bond to the United States, with sufficient sureties, in double the amount of the value of the vessel and cargo on board, including her armament, conditioned that the vessel shall not be employed by such owners to cruise or commit hostilities against the subjects, citizens, or property of any foreign prince or state, or of any colony, district, or people, with whom the United States are at peace.

R S, 5290

The several collectors of the customs shall detain any vessel manifestly built for warlike purposes, and about to depart the United States, the cargo of which principally consists of arms and munitions of war, when the number of men shipped on board, or other circumstances, render it probable that such vessel is intended to be employed by the owners to cruise or commit hostilities upon the subjects, citizens, or property of any foreign prince or state, or of any colony, district, or people with whom the United States are at peace, until the decision of the President is had thereon, or until the owner gives such bond and security as is required of the owners of armed vessels by the preceding section.

The provisions of this Title [R. S., 5281-5291] shall not be construed to extend to any subject or citizen of any foreign prince, state, colony, district, or people who is transiently within the United States, and enlists or enters himself on board of any vessel of war, letter of marque, or privateer, which at the time of its arrival within the United States was fitted and equipped as such, or hires or retains another subject or citizen of the same foreign prince, state, colony, district, or people, who is transiently within the United States, to enlist or enter himself to serve such foreign prince, state, colony, district, or people, on board such vessel of war, letter of marque, or privateer, if the United States shall then be at peace with such foreign prince, state, colony, district, or people. Nor shall they be construed to prevent the prosecution or punishment of treason, or of any piracy defined by the laws of the United States. R. S., 5291.

PART XL.—GUANO ISLANDS.

396. Guano Islands.

- R. S. , 5570 Whenever any citizen of the United States discovers a deposit of guano on any island, rock, or key, not within the lawful jurisdiction of any other government, and not occupied by the citizens of any other government, and takes peaceable possession thereof, and occupies the same, such island, rock, or key may, at the discretion of the President, be considered as appertaining to the United States
- R. S. , 5571 The discoverer shall, as soon as practicable, give notice, verified by affidavit, to the Department of State, of such discovery, occupation, and possession, describing the island, rock, or key, and the latitude and longitude thereof, as near as may be, and showing that such possession was taken in the name of the United States; and shall furnish satisfactory evidence to the State Department that such island, rock, or key was not, at the time of the discovery thereof, or of the taking possession and occupation thereof by the claimants, in the possession or occupation of any other government or of the citizens of any other government, before the same shall be considered as appertaining to the United States
- R. S. , 5572 If the discoverer dies before perfecting proof of discovery or fully complying with the provisions of the preceding section, his widow, heir, executor, or administrator, shall be entitled to the benefits of such discovery, upon complying with the provisions of this Title [R. S. 5570-5578]; but nothing herein shall be held to impair any rights of discovery or any assignment by a discoverer heretofore recognized by the United States.
- R. S. , 5573 The discoverer, or his assigns, being citizens of the United States, may be allowed, at the pleasure of Congress, the exclusive right of occupying such island, rocks, or keys, for the purpose of obtaining guano, and of selling and delivering the same to citizens of the United States, to be used therein, and may be allowed to charge and receive for every ton thereof delivered alongside a vessel, in proper tubs, within reach of ship's tackle, a sum not exceeding eight dollars per ton for the best quality, or four dollars for every ton taken while in its native place of deposit.
- R. S. , 5574 No guano shall be taken from any such island, rock, or key, except for the use of the citizens of the United States

or of persons resident therein. The discoverer, or his widow, heir, executor, administrator, or assigns, shall enter into bond, in such penalty and with such sureties as may be required by the President, to deliver the guano to citizens of the United States, for the purpose of being used therein, and to none others, and at the price prescribed, and to provide all necessary facilities for that purpose within a time to be fixed in the bond; and any breach of the provisions thereof shall be deemed a forfeiture of all rights accruing under and by virtue of this Title [R S, 5570-5578]. This section shall, however, be suspended in relation to all persons who have complied with the provisions of this Title, for five years from and after the fourteenth day of July, eighteen hundred and seventy-two.

The introduction of guano from such islands, rocks, or keys, shall be regulated as in the coasting trade between different parts of the United States, and the same laws shall govern the vessels concerned therein. R S., 5575.

All acts done, and offenses or crimes committed, on any such island, rock, or key, by persons who may land thereon, or in the waters adjacent thereto, shall be deemed committed on the high seas, on board a merchant-ship or vessel belonging to the United States; and shall be punished according to the laws of the United States relating to such ships or vessels and offenses on the high seas, which laws for the purpose aforesaid are extended over such islands, rocks, and keys. R S, 5576

The President is authorized, at his discretion, to employ the land and naval forces of the United States to protect the rights of the discoverer or of his widow, heir, executor, administrator, or assigns. R S, 5577

Nothing in this Title [R. S., 5570-5578] contained shall be construed as obliging the United States to retain possession of the islands, rocks, or keys, after the guano shall have been removed from the same. R S, 5578

R. S., 923.

.When any vessel, goods, wares, or merchandise are seized by an officer of the customs, and prosecuted for forfeiture by virtue of any law respecting the revenue, or the registering or recording, or the enrolling and licensing of vessels, the court shall cause fourteen days' notice to be given of such seizure and libel, by causing the substance of such libel, with the order of the court thereon, setting forth the time and place appointed for trial, to be inserted in some newspaper published near the place of seizure, and by posting up the same in the most public manner for the space of fourteen days, at or near the place of trial; and proclamation shall be made in such manner as the court shall direct. And if no person appears and claims such vessel, goods, wares, or merchandise, and gives bond to defend the prosecution thereof and to respond the cost in case he shall not support his claim, the court shall proceed to hear and determine the cause according to law.

R. S., 939

All vessels, goods, wares, or merchandise which shall be condemned by virtue of any law respecting the revenue from imports or tonnage, or the registering and recording, or the enrolling or licensing of vessels, and for which bonds shall not have been given by the claimant, shall be sold by the marshal or other proper officer of the court in which condemnation shall be had, to the highest bidder, at public auction, by order of such court, and at such place as the court may appoint, giving at least fifteen days' notice (except in cases of perishable merchandise) in one or more of the public newspapers of the place where such sale shall be; or if no paper is published in such place, in one or more of the papers published in the

nearest place thereto; for which advertising, a sum not exceeding five dollars shall be paid. And the amount of such sales, deducting all proper charges, shall be paid within ten days after such sale by the persons selling the same to the clerk or other proper officer of the court directing such sale, to be by him, after deducting the charges allowed by the court, paid to the collector of the district in which such seizure or forfeiture has taken place, as hereinbefore directed.

In any cause of admiralty and maritime jurisdiction, or other case of seizure, depending in any court of the United States, any judge of the said court, in vacation, shall have the same authority to order any vessel, or cargo, or other property to be delivered to the claimants, upon bail or bond, or to be sold when necessary, as the said court has in term time, and to appoint appraisers, and exercise every other incidental power necessary to the complete execution of the authority herein granted; and the recognizance of bail or bond, under such order, may be executed before the clerk upon the party's producing the certificate of the collector of the district, of the sufficiency of the security offered; and the same proceedings shall be had in the case of said order of delivery or of sale, as are had in like cases when ordered in term time: *Provided*, That upon every such application, either for an order of delivery or of sale, the collector and the attorney of the district shall have reasonable notice in cases of the United States, and the party or counsel in all other cases

R S, 940

When in any prosecution commenced on account of the seizure of any vessel, goods, wares, or merchandise, made by any collector or other officer, under any act of Congress authorizing such seizure, judgment is rendered for the claimant, but it appears to the court that there was reasonable cause of seizure, the court shall cause a proper certificate thereof to be entered, and the claimant shall not, in such case, be entitled to costs, nor shall the person who made the seizure, nor the prosecutor, be liable to suit or judgment on account of such suit or prosecution: *Provided*, That the vessel, goods, wares, or merchandise be, after judgment, forthwith returned to such claimant or his agent.

R S, 970

If, in any suit against an officer or other person executing or aiding or assisting in the seizure of goods, under any act providing for or regulating the collection of duties on imports or tonnage, the plaintiff is nonsuited, or judgment passed against him, the defendant shall recover double costs

R S, 971

When proceedings are had before a court of the United States or of the Territories, on several libels, against any vessel and cargo, which might legally be joined in one libel, there shall not be allowed thereon more costs than on one libel, unless special cause for libeling the vessel

R S, 978

and cargo separately is satisfactorily shown on motion in open court. And in proceedings on several libels or informations against any cargo, or parts of cargo, or merchandise seized as forfeited for the same cause, there shall not be allowed more costs than would be lawful on one libel or information, whatever may be the number of owners or consignees therein concerned. But allowance may be made on one libel or information for the costs incidental to several claims.

R S, 970 When judgment is rendered in favor of the claimant of any vessel or other property seized on behalf of the United States, and libeled or informed against as forfeited under any law thereof, he shall be entitled to possession of the same when his own costs are paid.

416. Summary trial

R S, 4300. Whenever a complaint shall be made against any master, officer, or seaman of any vessel belonging, in whole or in part, to any citizen of the United States, of the commission of any offense, not capital or otherwise infamous, against any law of the United States made for the protection of persons or property engaged in commerce or navigation, it shall be the duty of the district attorney to investigate the same, and the general nature thereof, and if, in his opinion, the case is such as should be summarily tried, he shall report the same to the district judge, and the judge shall forthwith, or as soon as the ordinary business of the court will permit, proceed to try the cause, and for that purpose may, if necessary, hold a special session of the court, either in term time or vacation.

R S, 4301 At the summary trial of offenses against the laws for the protection of persons or property engaged in commerce or navigation, it shall not be necessary that the accused shall have been previously indicted, but a statement of complaint, verified by oath in writing, shall be presented to the Court, setting out the offense in such manner as clearly to apprise the accused of the character of the offense complained of, and to enable him to answer the complaint. The complaint or statement shall be read to the accused, who may plead to or answer the same, or make a counter-statement. The trial shall thereupon be proceeded with in a summary manner, and the case shall be decided by the court, unless, at the time for pleading or answering, the accused shall demand a jury, in which case the trial shall be upon the complaint and plea of not guilty.

R S, 4302. It shall be lawful for the court to allow the district attorney to amend his statement of complaint at any stage of the proceedings, before verdict, if, in the opinion of the court, such amendment will work no injustice to the accused; and if it appears to the court that the accused is unprepared to meet the charge as amended, and that an adjournment of the cause will promote the ends of justice,

such adjournment shall be made, until a further day, to be fixed by the court.

At the trial in summary cases, if by jury, the United States and the accused shall each be entitled to three peremptory challenges. Challenges for cause, in such cases, shall be tried by the court without the aid of triers. R S, 4303

It shall not be lawful for the court to sentence any person convicted in such trial to any greater punishment than imprisonment in jail for one year, or to a fine exceeding five hundred dollars, or both, in its discretion, in those cases where the laws of the United States authorize such imprisonment and fine. R S, 4304

All the penalties and forfeitures which may be incurred for offenses against this Title [R. S., 4131-4305] may be sued for, prosecuted, and recovered in such court, and be disposed of in such manner, as any penalties and forfeitures which may be incurred for offenses against the laws relating to the collection of duties, except when otherwise expressly prescribed. R S, 4305.

He may draw from the "immigrant fund" annually fifty thousand dollars or as much thereof as may be necessary, to be expended for the salaries and expenses of persons so employed and for expenses incident to such employment; and the accounting officers of the Treasury shall pass to the credit of the proper disbursing officer expenditures from said sum without itemized account whenever the Secretary of Commerce and Labor certifies that an itemized account would not be for the best interests of the Government. *Provided further*, That nothing herein contained shall be construed to alter the mode of appointing commissioners of immigration at the several ports of the United States as provided by the sundry civil appropriation Act approved August eighteenth, eighteen hundred and ninety-four, or the official status of such commissioners heretofore appointed. Immigration officers shall have power to administer oaths and to take and consider evidence touching the right of any alien to enter the United States, and, where such action may be necessary, to make a written record of such evidence; and any person to whom such an oath has been administered under the provisions of this Act who shall knowingly or wilfully give false evidence or swear to any false statement in any way affecting or in relation to the right of any alien to admission to the United States shall be deemed guilty of perjury and be punished as provided by section fifty-three hundred and ninety-two, United States Revised Statutes. Such boards shall have authority to determine whether an alien who has been duly held shall be allowed to land or shall be deported. All hearings before boards shall be separate and apart from the public, but the said boards shall keep a complete permanent record of their proceedings and of all such testimony as may be produced before them, and the decision of any two members of a board shall prevail, but either the alien or any dissenting member of the said board may appeal through the commissioner of immigration at the port of arrival and the Commissioner-General of Immigration to the Secretary of Commerce and Labor, and the taking of such appeal shall operate to stay any action in regard to the final disposal of any alien whose case is so appealed until the receipt by the commissioner of immigration at the port of arrival of such decision which shall be rendered solely upon the evidence adduced before the board of special inquiry. *Provided*, That in every case where an alien is excluded from admission into the United States, under any law or treaty now existing or hereafter made, the decision of the appropriate immigration officers, if adverse to the admission of such alien, shall be final, unless reversed on appeal to the Secretary of Commerce and Labor; but nothing in this section shall be construed to admit of any appeal in the case of an alien rejected as provided for in section ten of this Act.

the same shall be waived or modified in writing by the head of such Executive Department or other Government establishment having control of the expenditure, and the reasons therefor shall be fully set forth in each particular case and communicated to Congress in connection with estimates for any additional appropriations required on account thereof. Any person violating any provision of this section shall be summarily removed from office and may also be punished by a fine of not less than one hundred dollars or by imprisonment for not less than one month.

PART XLVII.—FEES PAYABLE BY PRIVATE PERSONS

453. Fees on vessels payable by private persons.

[NOTE—By section 1 of the act of June 10, 1880, and section 22 of the act of June 10, 1890, the system of compensating officers of the Government enforcing the navigation laws was materially changed. Nearly all the fees previously collected by them from masters and owners of vessels of the United States for services rendered were abolished, and payment made directly from the Treasury on the basis of the former fees. For this reason, wherever practicable in the text of this compilation, provisions requiring the payment of fees have been omitted as no longer in force between the master or owner of a vessel of the United States and the Government, but in force only as determining the compensation, in some instances, paid by the Government to its employees.]

[Following are the sections of law above referred to, with a schedule of the fees which still remain payable by the owner, master, or agent of a vessel of the United States at ports on the seaboard and western rivers, and also at ports on the Great Lakes and northern, northeastern, and northwestern frontiers.]

On and after July first, eighteen hundred and eighty-six, no fees shall be charged or collected by collectors or other officers of customs, or by inspectors of steam-vessels or shipping commissioners, for the following services to vessels of the United States, to wit: Measurement of tonnage and certifying the same; issuing of license or granting of certificate of registry, record, or enrollment, including all indorsements on the same and bond and oath; indorsement of change of master; certifying and receiving manifest, including master's oath and permit; granting permit to vessels licensed for the fisheries to touch and trade; granting certificate of payment of tonnage dues; recording bill of sale, mortgage, hypothecation, or conveyance, or the discharge of such mortgage or hypothecation; furnishing certificate of title; furnishing the crew list, certificate of protection to seamen; bill of health; shipping or discharging of seamen, as provided by title fifty-three of the Revised Statutes [R. S., 4501-4612] and section two of this act; apprenticing boys to the merchant service; inspecting, examining, and licensing steam-vessels, including inspection certificate and copies thereof; and licensing of master, engineer, pilot, or mate of a vessel; and all provisions of laws authorizing or requiring the collection of fees for such services are repealed, such repeal to take effect July first, eighteen hundred and eighty-six. Collectors or other officers of customs, inspectors of steam-vessels, and shipping commissioners who are paid wholly or partly by fees shall make a detailed report of such services, and the fees provided by law, to the Secretary of Commerce and Labor, under such regulations as that officer may prescribe; and the Secretary of the Treasury [or the Secretary of Commerce and Labor]

June 10, 1880

Feb 14, 1903.
Sec 10

shall allow and pay, from any money in the Treasury not otherwise appropriated, said officers such compensation for said services as each would have received prior to the passage of this act; also such compensation to clerks of shipping commissioners as would have been paid them had this act not passed: *Provided*, That such services have, in the opinion of the Secretary of Commerce and Labor, been necessarily rendered.

June 10, 1890
Sec 22

All fees exacted and oaths administered by officers of the customs, except as provided in this act, under or by virtue of existing laws of the United States, upon the entry of imported goods and the passing thereof through the customs, and also upon all entries of domestic goods, wares, and merchandise for exportation, are hereby abolished. * * * *Provided*, That where such fees, under existing laws, constitute, in whole or in part, the compensation of any officer, such officer shall receive, from and after the passage of this act, a fixed sum for each year equal to the amount which he would have been entitled to receive as fees for such services during said year.

Collectors may receive port warden's, health officer's, and harbor master's fees where it is a matter of convenience to all parties concerned	
The term "legal fees," used in section 4206, Revised Statutes, does not embrace pilotage, half-pilotage, or similar local charges	

Masters of passenger vessels from foreign territory not contiguous to the United States are required to pay, within twenty-four hours from entry, to the collector of customs at the port of arrival, \$10 for each passenger over 8 years of age (not being a cabin passenger), who shall have died of natural disease during the voyage

Permits are not required on the northern frontier to unlade cargo brought from an American port, but permits must be obtained, and existing laws complied with, previous to the discharge or landing of passengers, baggage, goods, wares, or merchandise brought from foreign ports or places

Canadian steamers trading on the northern frontiers from one foreign port to another, and touching during the course of such voyage at a port or place in the United States, and landing passengers, baggage, or freight are required to report

Enrolled or licensed vessels upon the frontiers departing from or arriving at a port in one collection district to or from a port in another collection district, although touching at an intermediate foreign port, are exempted from payment of the entrance and clearance fees of fifty cents each, and from the payment of tonnage tax, but in all such cases an entry or clearance must be made, and fees be paid of ten cents for certification of manifest and permit to go from district to district, and ten cents for receiving manifest.

Vessels used exclusively as ferry-boats, however laden, will not be required to enter or clear, nor will the masters or persons in charge of such boats be required to present manifests or to pay entrance or clearance fees, or fees for receiving or certifying manifests, but such masters or other persons will be required to report to the proper officer of the customs in each instance, and to apprise him of any baggage, goods, wares, or merchandise which may have been imported in such boats from any foreign territory.

Collectors on the northern, northeastern, and northwestern frontiers are authorized to keep on sale, at their several offices, blank manifests and clearances, and to charge therefor the sum of 10 cents for each blank, and no more. But this does not prohibit private persons from furnishing their own blanks, if said blanks are in accordance with law and regulations.

Collectors, naval officers, and surveyors are required to have posted in a public place in their offices a fair table of the fees demandable by law at their ports, subject at all times to inspection, and to give receipts for fees collected, specifying the particulars, whenever required to do so. Failure to observe these requirements entails a penalty of \$100 for the benefit of the informer.
